**PEASE'S QUESTION BIRD**

My husband says medicine is for women and children — not for men! C.O.  
**Answer: —**  
 He's likely to change his mind if he gets a real stiff pain! ccc

WHEN YOU HEAR a grown up man explaining that medicine is for women and kids just keep your eye on him for a while until you see him attacked by some wee pain that a woman would laugh at and you'll see him hot-footing it for a doctor or this drug store. We know because we get a pain ourselves occasionally and we take our own medicine.
