- Fresh Spare Ribs, meaty 17 1/2c

HIGH SCHOOL NOTES

After the Christmas holidays the students adjusted themselves readily to school work again with the prospect of the semester examinations only three weeks off.

Last Friday Prof. Phelps of Yale University, addressed the school. We are indebted to the Chicago Yale Alumni Association for this privilege. Prof. Phelps' talk was enjoyed immensely by both teachers and students. It was full of keenly appreciated humor and at the same time inspiring. He spoke of the value and necessity of education for real happiness.

In a recent meeting of the French club Mrs. Dossy gave some delightful readings by Edmond in the French-Canadian dialect. Mrs. Dossy is an artist in this line and her selections were charming.

The long awaited Senior class rings arrived last week. They proved to be exceptionally attractive and a credit to the Arts and Crafts Shop of Chicago. The rings are green gold with raised letters and are conspicuous for their simplicity.

The Blue and White Club's last meeting was exceptionally interesting. Mr. Holmes, attorney general of Highland Park addressed the club and in parting issued an invitation for the club to visit the commission.

The club's publication "The Blue and White" is still "going strong" as well as fast. Altho the paper is only "two by four" it is hoped to double its size in the near future.

The King of Spain is the first monarch to own a private airplane.

Aeroplane with a cruising radius of 3,000 miles and able to carry 22 tons of explosives are being designed.

ATTENTION 7th, 8th Grades and High School \$40 in Prizes

On the first page of this issue of The Press, appears a story to which we urge your attention.

It relates to a series of lectures, beginning tomorrow, to be delivered under the auspices of the three Highland Park Banks, in connection with which cash prizes are offered aggregating \$40.00.

Why not attend the lectures, enter the contest, and compete for the prizes?
