Phone 238

### RULES FOR PETITIONS SAME AS IN 1921

Springfield, Ill.—The rules for filing primary petitions will be the same this year as in former years under his administration, Secretary of State Louis L. Emmerson announced today. His statement is as follows:

"The first day for filing petitions for the primary election on April 11 will be Feb. 10 and the last day will be March 2. In accordance with established custom petitions received in the regular mail on the morning of February 10 will be filed before any others. No advantage will be gained, therefore, by handing the petitions in, by sending them by messenger or by special delivery. Not until all of the petitions received in the regular mail have been disposed of will any others be filed."

Under the law the names of candidates for state offices and for congressman-at-large rotate on the ballot by districts. The names of candidates for district offices appear in the order in which they are filed. The purpose in filing petitions received in the mail first is to give all an equal chance.

Separate ballot boxes and ballots for women will not be required for the primary election, Secretary Emmerson is informing county clerks who write to inquire. Following the adoption of the Federal Suffrage act, Attorney General Brandage recently expressed an opinion that it was no longer necessary to keep the ballots of men and women separate, as no purpose was served by so doing.
