OSSOLI CLUB JUNIORS GIVE PROGRAM, TUES.

Delightful Musical Program and Clever Pantomime Presented at H. P. Club

The members of the Ossoli club enjoyed one of the most entertaining programs of the year Tuesday afternoon, February 14. The junior auxiliary of the club had charge of the afternoon from start to finish and presented first a musical program, each number of which was delightfully rendered, followed by a most clever pantomime, "The Lamp Went Out." Each character was so well sustained and the action so perfectly in accord with Miss Merten's inimitable reading of the story that it had to be seen to be fully appreciated. The hostesses of the afternoon were Mrs. Rolland Hastings and the Misses Edith Fyffe, Josephine Faxon, Geraldine Faxon, Elizabeth Louderback, Rhoda Collins, Elizabeth Southerland, Dorothy Purdy, Muriel Mertens, Margaret Bunnell, Bertha Harbaugh, Muriel Payne, Beatrice Thayer and Natalie Thayer. Following is the program rendered:

FLORA J. COOKE GIVES DELIGHTFUL LECTURE

Principal of Francis Parker School Spoke Before P. T. A. at Lincoln School

Flora J. Cooke, principal of the Francis W. Parker school, who spoke before the Lincoln division of the P. T. A., Feb. 8, was an inspiration to the large gathering of teachers and parents who heard her.

It was a real message she brought, of ideas and ideals developed in her own experience, delivered in the most delightfully direct and sincerely simple manner. It was the talk of a woman who knows whereof she speaks, the fine, forceful expression of one who has proven the truth of every statement made. With quiet assurance, total lack of self-consciousness and affectation, she revealed herself as a scholarly, scientific educator, with all the simplicity of the truly great.

The Francis W. Parker school established by Colonel Parker as a laboratory for educational experimentation—a place where new theories and methods could be tried out in the melting-pot of practical progressiveness—is now a demonstrated success. Miss Cooke was associated with Col. Parker in the establishment of this school, and, since his death, has continued to develop his plans in the same spirit of earnest, open-mindedness that characterized his pioneer work.

Miss Cooke has given to her task years of conscientious labor and rare skill as a teacher. Today, she occupies a unique and distinguished place in the educational world as a scientific investigator and child-welfare worker.

Mr. Clark G. Wright, superintendent of District 108, and Miss Ruth Ewing, president of the Lincoln P. T. A., are to be congratulated upon securing this high-class lecturer for our community.

FOURTEEN SWORN IN AS STATE OFFICERS

Highland Park Business Men Join Illinois Constabulary; Have Full Police Power

Twelve Highland Park business men have been named for places on the Illinois state constabulary force. Applications of four others are to be acted upon in the near future. The following men are being sworn in and given stars this week: John H. Sheahan, Francis Woolley, H. W. Huber, Paul L. Udell, S. A. St. Peter, Frank Sheahan, A. E. Smith, A. G. McPherson, W. E. Becker, Harry Paul, August G. Haak.

Under a recent act of the legislature a body of prominent citizens in each community will be organized to assist the regular authorities in upholding the law. The members of the constabulary have full police powers in the state. They receive no remuneration for their services. The C. N. S. & M. railroad is contemplating having several of its employees sworn in as members of the constabulary.

Not to be outdone, women are now forming luncheon clubs. But will they be able to finish in an hour?

MISS MARTHA BERRY TO SPEAK HERE SUN.

Founder of School for Mountaineers To Lecture at Presbyterian Church

For a number of years the residents of Highland Park have been donating used articles to the annual rummage sale of the North Shore chapter, D. A. R. The money received from these has invariably gone to the Berry schools at Mt. Berry, Ga., one of the first and best known of the schools established in the south for the training of children of the mountaineers. These "southern highlanders" are of purest American stock but through many years of isolation, have failed to progress with the rest of the nation. The children, however, are pitifully anxious for education and an opportunity to do their part in the world's work. Sergeant York came from these mountains and has shown the world the possibilities of these people.

Miss Martha Berry will speak in the lecture room of the Presbyterian church, Sunday evening, Feb. 19, at 8 o'clock, giving the opportunity of hearing how the money received from the generous gifts has been used, and not only hearing, but seeing, for Miss Berry will tell about these children and her moving pictures will show the schools at Mt. Berry and the children at work and at play. She will tell how the little class of mountain children that she began to teach in a log cabin twenty years ago became the nucleus of a school now maintaining and educating five hundred pupils.

Miss Berry was a young girl then, with leisure and a great sympathy for those who lacked, but desired, the advantages that most of us take for granted and the Berry schools are built entirely on her work and faith and enthusiasm.

When you have heard her, you too will be filled with enthusiasm and perhaps you may wish to help and the opportunity will be given you.

It is hoped that everyone will attend. The North Shore chapter has given three scholarships to the school this year, and at one time they maintained four.
