

No difficulty reported from Congress in finding ways to spend the \$200,000,000 saved on warships.

Washington observed his birthday by reading his maxims, the celebrators of the birthday observe it by reading the movie titles.

Good many people feel that the grocer can wait for his pay, but the garage man won't.

Strange how these folks who think Russia has a better government than America will sacrifice themselves by remaining here.

De Luxe Theatre

UNITED EVANGELICAL

Rev. J. H. Keagle, Pastor
The Sunday School will meet at 9:30 Sunday morning. The topic will be "Jehovah's Mercy to a Heathen City." Immediately following this service the pastor will preach his regular monthly sermon to the junior congregation.
The Christian Endeavor will meet at 6:45 Sunday evening. The topic under discussion will be "Better Home Life." Immediately preceding this service the ten minute prayer service will be held.
Next Wednesday evening the annual congregational business meeting of the church will be held. At 6:30 there will be a Fellowship Supper in the basement of the church, to which all members and friends are invited.

The choir will meet for rehearsal on Thursday evening.

FINAL PRELIMINARY AT FORT MARCH 2
Thursday evening, March 2, the final preliminary of the Fort Sheridan Athletic association will be held to determine who will meet the champions from other camps in the corps area. Doors will be open at 7:30 and a band concert will be held between 8:00 and 8:30. Bouts will start at 8:30 sharp.

There will be seven matches: the first is Sunday, Troop B, 14th Cavalry, vs. Sanasky, 6th Training Battery, 135 lbs. each. Fifteen minutes in wrestling.
2nd: Sgt. Earl McCauley, A Co., 2nd Inf., vs. Joe Rough, Howitzer Tank Co., 133 lbs. Six 2-minute rounds.
3rd: Frank Prieskop, Howitzer Tank Co., 2nd Inf., 122 lbs., vs. Graham, Troop A, 14th Cavalry, 125 lbs. Six 2-minute rounds.
4th: George, Troop A, 14th Cavalry, 140 lbs., vs. Novak, Troop A, 14th Cavalry, 140 lbs. 15 minutes wrestling.
5th: Bob Lacy, Recruit Sec., 155 lbs., vs. Patroni, Troop L, 14th Cavalry, 150 lbs. Six 2-minute rounds.
6th: Frank Carney, 6th Service Co., Signal Corps, 115 lbs., vs. Pvt. Zeerwester, Co. A, 2nd Inf., 115 lbs. Six 2-minute rounds.
7th: Main event of the evening.

Corp. Fredericks, Battery Headquarters, 2nd Inf., middleweight champion of Fort Sheridan, vs., Jimmy Flinn, 145 lbs., Finance Dept.

On the night of March 13 there will be 12 boxing bouts; the 15th, six bouts; March 17th, 3 boxing bouts and wrestling matches. The participants in the show of March 13th and 17th are the champions of their respective camps in this corps area. Further information will be made public as soon as slips are received announcing who the winners from other camps are.

Y. W. C. A. NOTES
Dancing Class
Hereafter the dancing classes will be held at Library Hall, now that a piano has been secured, but some changes have been made in the day for the classes.

So if all those that are interested will kindly note that the classes that meet on Monday have been changed to Thursday, the hours will be the same.

There will be no change in the Tuesday classes they will meet the same hour as usual but instead of the Parish House, the class will be held in Library Hall.

Any questions will be cheerfully answered if telephone 675 is called.

Be Square Club
The Be Square club entertained Monday evening in Library Hall with a bunco party.

Aside from the club there were a few invited guests and the gay bevy of young women made merry with the games and prizes that were awarded later.

Delicious refreshments were served by the social committee of the club, the Misses Edith Ralph, Lillian Schepp, Mildred Rouse and Isabelle Keeler, who were responsible for the good time afforded.

Mothers' Club
The March meeting of the Mother's Club will be held Tuesday evening, March 7th, in Library Hall at 8 p.m.

A very good program will be presented by the committee consisting of a talk by Mrs. Jesse Sobey, music by Mr. O. B. Brand and daughter Salome and some readings and personal experiences by Miss Minette Zuber, a Community Service representative, who is in Highland Park for a short time only.

A cordial invitation is extended to all to enjoy this interesting meeting.

Contributions are coming in every day that can be used toward furnishing and making attractive the quarters the Y. W. C. A. are now using in Library Hall.

Still there are many things needed to make the place cheerful and bright, so if you have anything to help along this line, it will be greatly appreciated by the association.

People who step on the gas should be pleased when later they wake up out of the ether and hear the nurse say they are out of danger.

The sale of overalls is said to be increasing, but many of them do not show any signs of perspiration.

SPECIAL ASSESSMENT NOTICE
No. 257

Notice is hereby given to all persons interested that the City Council of the City of Highland Park, County of Lake and State of Illinois, having ordered the improvement of the roadway of First Street, from the southerly line of Laurel Avenue, East of First Street extended west, to the southerly line extended of the present southerly curb in Central Avenue, and said First Street from the northerly line extended of the present northerly curb in Central Avenue, to, and connecting with the hereinafter proposed improvement in Elm Place, also of Elm Place, from the easterly line extended of Second Street to a line forty seven (47) feet westerly from and parallel with the easterly line extended of St. Johns Avenue, except where said Elm Place crosses the rights of way of the Chicago and Northwestern Railway Company, and Chicago North Shore and Milwaukee Railroad Company; also including the improvement of the east and west street returns at Laurel Avenue, and the north street return at said Elm Place and First Street as far back as the street lines extended be improved by grading, draining, constructing manhole covers, present pavements and curbing, where said improvement herein provided for meets present paving and curbing, furnishing and setting new manhole cover; moving and resetting fire hydrants and drinking fountain; removing old curbing; filling abandoned catch basins; preparing the sub-grade for the proposed paving; paving with reinforced Portland Cement Concrete the roadways of said streets, the ordinance for same being on file in the office of the City Clerk of said city and having applied to the County Court of Lake County for an assessment of the costs of said improvement according to benefits, and an assessment there-of having been made and returned to said court, the final hearing thereon will be had on the 18th day of March A. D. 1922, or as soon thereafter as the business of the court will permit.

Said assessment is payable in Ten (10) installments, with interest at the rate of five (5) per centum per annum on all installments from and after date of issue of first voucher. All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

THOMAS MORTON,
Officer appointed to make said Assessment.
Dated at Highland Park, Ill., March 2, 1922.

CONSTANT FIRE ON MEMORIAL ALTAR

Tribute to Patriots Who Died in Great War Planned at Kansas City

KANSAS CITY, Mo.—A flaming altar fire, a pillar of cloud by day and a pillar of fire by night, will be kept constantly burning on the brazier of the altar which will crown the shaft of the Liberty Memorial which will rise more than four hundred feet above the Station Plaza in this city. Complete designs and models for the stupendous edifice which will be erected at a cost of two million dollars, are on display at the Architectural league exhibition in New York. Its purpose is "to perpetuate the courage, loyalty and sacrifice of the patriots who offered and who gave their services, their lives and their all, in defense of liberty and the nation's honor during the World war."

It will be a monument to peace, to the preservation of liberty and not to war," said H. Van Buren Magonigle, who won the nationwide competition for the design.

The pedestal or base on which the main shaft rises will be one hundred feet high and two hundred and twenty feet square. Spectators at its foot will be dwarfed by the dimensions of the Liberty Memorial which will surpass in size the monuments of ancient Greece and Rome. The shaft which will be forty-five feet in diameter will be in the shape of a double maltese cross. The great pylons beneath the altar at its summit will be crowned by four colossal figures symbolizing the spirits of Courage, Honor, Patriotism and Sacrifice guarding the altar.

It is planned to play searchlights on the summit of the shaft at night so that the altar, the colossal figures and the smoke and the flame of the ever-burning fire of inspiration may be seen from great distances. On either side of the monument will be two large buildings for the use of the American Legion men. One of these will be for records, a library and the other for meetings. The base of the Liberty Memorial will be adorned by a symbolical frieze with allegorical figures depicting the progress of civilization. The sculptural work will be in charge of Robert Aiken, the noted sculptor. The Liberty Memorial itself will cover five acres and will be part of an imposing park to occupy from forty-three to sixty acres.

ONE TENTH OF U. S. WEALTH TAX EXEMPT

An estimate that there is outstanding a total of \$30,000,000,000 of bonds entirely or partly tax exempt, from which the government receives no revenue, was made by Dr. Edwin R. A. Seligman, professor of political economy at Columbia university, recently, before the congressional ways and means committee, which is considering proposals for constitutional amendment prohibiting further issuance of tax exempt securities.

Dr. Seligman asserted that the government, even during the war, should never have issued tax-exempt bonds. He estimated the amount of outstanding state, county and municipal tax-free bonds at approximately \$10,000,000,000. In addition the government, he said, receives no revenue from \$20,000,000,000 worth of tax-exempt bonds. He asserted that the tax-exempt securities comprise about one-tenth of the country's wealth.

Dr. Seligman estimated that if tax exemption of federal bonds could be abolished the government would receive additional annual revenue of approximately \$300,000,000.

The evils of tax-exempt securities was summed up in a few words by President Harding in his recent message to Congress, when he said:

"The drift of wealth into non-taxable securities is hindering our industries, manufacturing, agricultural and carrying, until we are discouraging the very activities which make our wealth."

WILBUR GLINN VOLIVA TO TAKE COLUMBUS ROLE

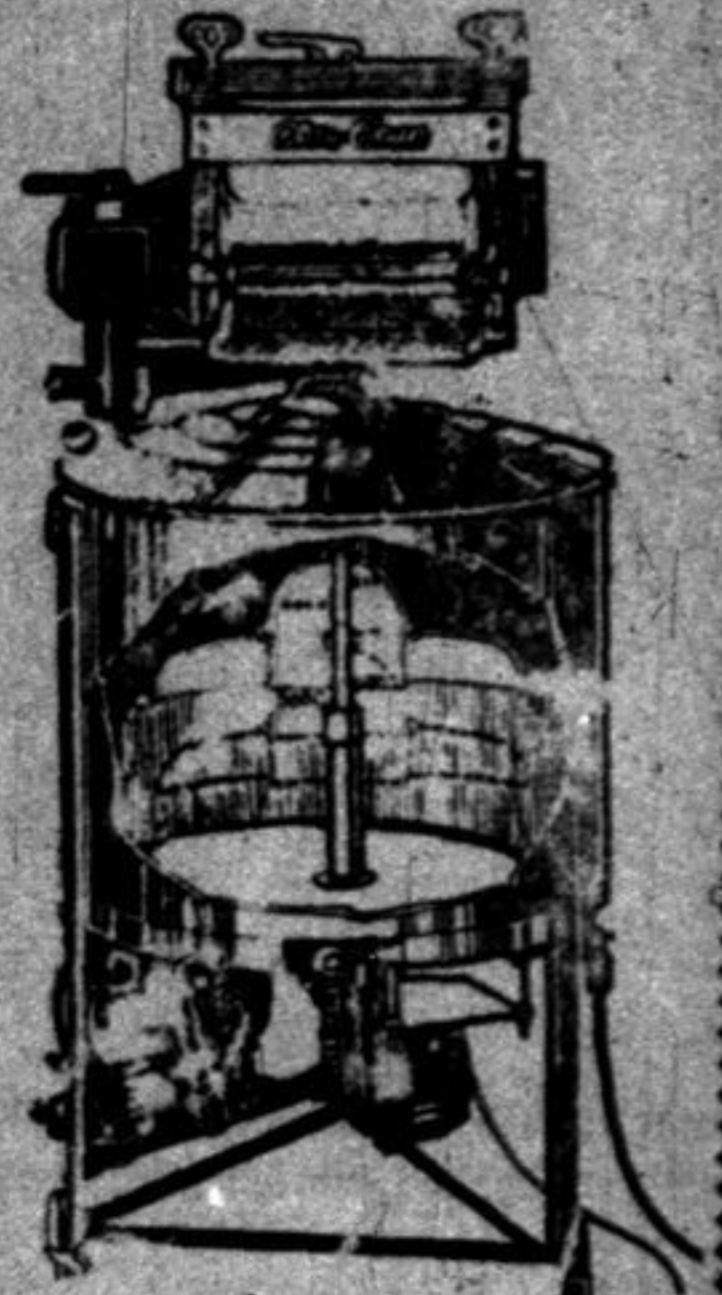

Wilbur Glenn Voliva, the czar of Zion, according to newspaper reports is going to sail around the rim of this flat old earth. Voliva is said to teach that the earth is flat, and that the edge is walled in with ice, and that at certain intervals, huge ice pillars support the "canopy of heaven." He claims that the north pole is the center of the earth, that there is no south pole, and that if he starts at the sixty-fifth meridian, just above the arctic circle, and starts to travel he will circumnavigate the "pancake."

So when arrangements are completed, Capt. Voliva with a crew of his followers will embark on the "good ship Zion" and set out to teach us that Columbus was all wrong, and that we have been duped for 430 years. It is about time that some one relieved us of these old erroneous impressions left by the founder of our country, he says. Next thing we know, we won't be able to stand an egg on end any more.

Drakes frequently change their plumage in the breeding season, states a Nature observer; during this period of "eclipse" they pay no attention to their mates or broods.

Those who are not conscious of paying any taxes, are hollering loud for liberal appropriations.

The ABSO-CLEAN Vacuum-Percolating Electric Washer With Gas Burner

With the ABSO-CLEAN you heat the water right in the washer. Thus you spare all the work attendant upon heating the water on the stove and laboriously lugging it to the machine.

\$10 Paid Down

Puts this machine in your home complete ready for use. Balance in 12 monthly payments. Call for demonstration in your home.

Chiropractic

For Influenza, Colds and Pneumonia

Statistics compiled during the 1918 Epidemic of Influenza show that only a fraction of one per cent of the thousands of cases Chiropractically treated, were lost. This fact is worth consideration.

If you are feeling the least bit suspicious of such an attack don't hesitate, but call us at once, as time means everything in such cases.
