Why We Like to Sell

Vitality POULTRY FEEDS

First of all we know the manufacturers—Rosenbaum Brothers—through many years of dealings in grain. We have all the confidence in the world in this firm, which has been in business over fifty years. They have a reputation for square dealing.

Secondly, we knew, when they brought out, several years ago, a line of mixed feeds, that there were only good substantial materials used in them. They make the finest poultry feeds we know of, and that is the kind we want to sell our customers. You can rely absolutely upon getting results from Vitality Feeds. We are authorized by the makers to

Guarantee Satisfaction or Money Back

That is as good evidence of high quality as anyone could ask for. We say to our friends in the poultry business, that you will feed Vitality Scratch Feed and Vitality Egg Mash if you ever try them once. Those who are feeding them now are getting very good results.

Why not come and see these two feeds, or order a sack of each by phone. We have a valuable book for you on poultry raising and egg production.

"Eggs is Eggs"

REMARKABLE the way certain wholly improper designations occasionally fasten themselves. The Electric Vacuum Cleaner is an example. It isn't a vacuum cleaner at all.

A vacuum is a vacancy which is the particular detestation of nature. It has to be created artificially. If nature is given just a ghost of a chance she'll send in air to fill it.

BUT you can't accomplish anything in the way of cleaning with air rushing in to fill a small vacuum. There isn't enough of it. Volume and force are required for the purpose. That is supplied in the Suction Cleaner which in reality is what is ordinarily known as a Vacuum Cleaner.

H. B. WATSON,

wholesale commission merchant. will take your order at wholesale prices for oranges, grape fruit, apples and potatoes.

Have arranged to deliver every Wednesday morning.

Boxes containing half grape fruit and half oranges can be ordered if desired. Nothing but finest quality will be handled.

Phone H. P. 599 for further information or for leaving orders.

WOMAN'S CLUBS TO ASSIST NEAR EAST

Self-Denial Campaigns Being Launched to Help Bible Land Orphans

Chicago, Feb.—(Special) Self-denial campaigns throughout Illinois are being launched by the women's clubs on behalf of the helpless war-orphan and widows in the Bible lands as a result of the urgent request of the Illinois Federation of Women's Clubs. It is the aim of the federation that the women of the state shall adopt approximately 2000 of the babies in the Bible lands now cared for in Near East Relief orphanages by contributing the sum of sixty dollars a year for the support of each baby. Letters on the subject have been sent to the presidents of the 600 clubs of the state.

"We hope that you as an integral part of the Illinois Federation of Women's Clubs will not turn a deaf ear to this humanitarian appeal but that you will immediately bring this to the attention of your club" reads one section of the letter. "Every woman in the state will want to do her part. Do not deprive her of this privilege."

Referring to the sacrificial offerings which the leaders of the federation believe will appeal strongly to the mothers in the clubs, the letter reads: "We can give this with what we spend on the small unessential things—the things we will never miss but which will save these helpless women and children from starvation and the ultimate extermination of their race. We must save them from the cold and bitter winds by providing suitable shelter instead of the caves, ditches and the holes where they now huddle."

In the literature sent with the letters, the condition of the war-orphan cared for in the orphanages and homes maintained by the Near East Relief is contrasted with the absolute destitution of the children outside who try to subsist on grass and such other things as they may be able to pick up. The plea is made for larger contributions to care for more of these children and to properly care for those already taken in.

Mrs. Martin Kent Northam of Evanston, who assisted by Mrs. James A. Campbell of Chicago, is conducting the campaign among the women of the state for the money with which to feed the orphans is optimistic that the women's quota will be reached by Easter.

"The greatest work which the federated women of America have done has been for women and children of our country," said Mrs. Northam. "We must now stretch our hands across the seas in answer to the call from these homeless, fatherless and motherless children and from the women who are suffering appalling privations because they refused to give up their Christian faith and ideals and accept Mohammedanism as the price of safety and comfort."

"Congress has recognized the responsibility for the care of this Christian people and has authorized the Near East Relief to call upon the American people for help. Fifteen million dollars is required and the quota for Illinois is one million dollars. Of this amount the 70,000 club women of this rich state should be able to give easily enough to support at least 2000 orphans."

Contributions may be sent to the local county treasurers or to the Illinois headquarters of the Near East Relief, 19 South La Salle street.

CAMPAIGN TO SAVE CHILDREN'S TEETH

Members of Lake County Dental Association Meet to Discuss Plans

At a meeting of the Lake County Dental association at the Salvation army hotel last week, it was decided to hold meetings in the various rural districts during the next few months to familiarize the pupils with the benefits of oral hygiene concerning the care of the teeth in promoting good health.

The move is part of a national campaign in preventive dentistry and the dentists have agreed to carry on this work as a "missionary" project. The average dentist has more dental work than he can handle and believes it is better to keep the teeth from decaying than filling them afterward.

In this work the dentists will cooperate with the county superintendents of city and town schools. In order to make the programs more interesting and to attract parents as well as pupils, there will be musical and other entertainment, which will be provided by the pupils and others.

At a recent meeting in Libertyville, the plan was tried out and was found to be very effective and interesting.

"F. O. B."

Houston, Tex.—"F. O. B." does not mean full of booze. This is the point over which Norman Atkinson, local attorney, encountered many difficulties in quieting a "rural" client, who believed he had been victimized in a mail order swindle. The client had answered a magazine advertisement which read: "Quart bottles, F. O. B. Houston, for \$8 a gross." The bottles were full of nothing when received the client deplored.

LAKE COUNTY NEWS ITEMS BRIEFLY TOLD

THE WEEKS' HAPPENINGS

Another Suit Grows Out of Accident Near Sacred Heart; Zion Residents Object to Paving

Mrs. Catherine Beckman of Waukegan filed suit for \$3,000 Friday in the circuit court against the Great Lakes Fruit company for alleged injuries received when a truck belonging to the company and an automobile collided at Sacred Heart crossing, south of Lake Forest last July, the auto being hurled against a train of the Chicago North Shore & Milwaukee railroad, on which she was a passenger.

This is the seventh suit that has been filed either against the Great Lakes Fruit company or the North Shore electric railway company. In one of the suits against the Great Lakes company judgment for \$2500 was obtained.

Mrs. Lena Melville of Zion, widow of Benjamin Melville, who was killed at the Zion garage when he was struck by an auto driven by Benjamin Sweeney, has started a suit for \$10,000 against Sweeney in the circuit court here.

Peter Fisher, Sr., 73 years old, county superintendent of schools in Lake county between 1881 and 1889, died at his home in Kenosha at 6 o'clock last Friday afternoon, following an illness of the last six months with heart disease.

County Highway Superintendent Charles E. Russell has returned from the road school at Champaign, and work was continued at the county road office this week.

Superintendent Russell is telling about the plans talked of at the road school, and also of the new "stuff" being advised to road builders. The one thing he dislikes the most is the 30 foot radius on all county road turns leading onto state highways. Russell says that this order will keep villages from constructing roads, because of the expense of the large turn.

At least a hundred property owners in Zion, through Attorney Albert L. Hall, are preparing to file a petition objecting to alleged inequitable spreading of the special assessment for the paving of a half mile of Sheridan road through the heart of that town.

A campaign is planned by residents of Libertyville to raise a \$50,000 hospital fund so they will be able to build this summer. The sum of \$25,000 is already available. Of this \$50,000 came from several business men of Libertyville and \$20,000 from the will of Elizabeth Condell.

PETIT AND GRAND JURORS ANNOUNCED

Brockway Gives List of Men Who Will Serve in March and April

The petit jurors for the March term of the circuit have been announced by Circuit Clerk Brockway, as follows:

For March 20
Ralph Brown, J. A. Rivet, M. W. Ward, C. W. Smale, Benton; Frank Dibble, Antioch; A. Paddock, Grant; Ernest Plotz, Hub Sheehan, Lake Villa; John Burke, Edw. Conrad, Fred Ducie, Mat Hoff, John Hart, Fred Kaffer, John Lur, Walter Larson, C. C. Marquis, Charles Rasch, Nick Reardon, Ray Shunway, Phil Sheridan, F. A. Webb, Waukegan; Otto Bocheloh, J. J. Mradley, C. B. Fitzgerald, Andrew J. Lunn, Shields; R. B. Hinman, Cuba; Albert Hoeft, H. F. Miller, Ela; M. W. Knedler, Math Herschberger, Vernon; Wm. Desmond, West Deerfield; Geo. Clark, F. J. Mitchell, Earl Sheehan, Deerfield; John Metz, Waukegan.

For April 10
