THE SORROWS OF HOUSECLEANING TIME

The man of the house comes home on some of these nice April days and finds all his customary possessions removed from their appointed places, and his comfortable chairs covered with dust cloths, and he complains of the spirit of desolation. It seems to him a needless upheaval and he gets sour and cross over the dinner table.

The housecleaning spirit, however, is the product of good old fashioned housewifery. It is the inheritance of a time when women scrubbed and swept long hours in the attempt to make their homes sweet and clean. It is this patient war against dirt that makes a well kept dwelling so much more healthful than one in the slums of the cities.

These well cleaned homes give their inmates protection against the perils that always lurk where dirt accumulates. Before getting cross at the annual spring scrimmage, the man of the house should reflect on the dangers he has escaped through his wife's standards of clean living.

To the Citizens of Lake County:

The importance of electing suitable persons to public office is too obvious to require comment. The question is — do all those who fully recognize this fact use diligence in determining who IS suitable?

I am a candidate for the office of Probate Judge — there are others. The one elected becomes your servant for four years. Since the duties are exacting and important to all, you certainly will exercise the prudence necessary to the safe employment of other servants. This means the investigation of our respective fitness for the position. I ask for nothing more — you doubtless agree that I am entitled to nothing less. Upon the results of your impartial inquiry, I am content to rest my case on the day of the primaries — April 11th.

Respectfully,
 Chas. E. Jack.
