## CITIZENS' MEETING DRAWS LARGE CROWD

### CANDIDATES ARE HEARD

#### Men and Women Voters Gather at City Hall to Listen to the Men Running for Office

An enthusiastic crowd, men and women about evenly divided, attended the political mass meeting at the city hall last evening. A few questions were asked by members of the audience, but in the main they merely sat and listened.

The meeting had been called by the Citizenship class of the Highland Park Woman's club to meet the candidates running for nomination at the primaries. In spite of the inclement weather the hall was filled.

All fifteen candidates invited had accepted the invitation to attend and all were present, except Lew A. Hendee, county clerk.

Judge Perry L. Persons discussed the duties of his office, and the three candidates for the new office of probate judge, Charles E. Jack, Martin Decker and James G. Welch, told why they considered themselves especially fitted. Other candidates who talked and the offices for which they are running were as follows: Ira C. Pearshall and William J. Obee, county treasurer; Edwin Ahlstrom and Elvin J. Griffin, sheriff; Miss Alice Smith and T. Arthur Simpson, superintendent of schools.

Several township officials, including C. W. Vercoe, Harry Eichler, Albert Larson and James Duffy, also spoke. The latter explained several local tax problems.

William F. Weiss, representative in the state legislature from this district, made a short talk.

The amount of interest shown in political problems by local citizens was a promising sign. The great need of just such meetings, where the voters may acquaint themselves with the candidates and the issues at stake, was well illustrated.

After a few remarks from Mayor S. M. Hastings the meeting adjourned.

## ANNE MORGAN SPEAKS AT HIGHLAND PARK CLUB

### "Devastated Regions and Reconstruction" Subject of Talk March 28th

Anne Morgan, daughter of J. Pierpont Morgan, who served in France before, during and after the war, addressed the Highland Park club Tuesday evening, March twenty-eighth on the "Devastated Regions" in France and "Reconstruction Work." She was introduced by the Rev. Frank Pitt.

Miss Morgan is a delightfully fascinating woman and she told in a most interesting manner about the work carried on by her and her group in the devastated towns. She praised the Social Service Workers and the Boy Scout Movement.

The audience was very enthusiastic over her talk and during the evening over \$800 was subscribed to this cause.

Mr. and Mrs. E. L. Millard entertained twelve guests at dinner preceding the meeting at the Highland Park club, in honor of Miss Morgan.

## POLITICAL MEETING HERE TOMORROW NIGHT

### Ref. T. H. Nelson Will Speak At Odd Fellows Hall Music by Quartet

A political mass meeting will be held at the Odd Fellows hall, East Laurel avenue, tomorrow night. The affair will be under the auspices of various organizations from Waukegan and Lake county, and their purpose is to endorse certain candidates in the primary. The Rev. Thomas H. Nelson of Zion, and other good speakers will be on the program, and music will be furnished by a male quartet. The Rev. In a circular letter sent out this week, Samuel S. Otis, president of the league, says, "The fact that for two years so many teams have enjoyed good sport and general satisfaction from the League speaks for itself, to say nothing of the hundreds of fans who have also benefited from the orderly schedule of games, the competent umpires, and the rules in general which make for keen and fair competition."

## SCHOOL ELECTIONS TO OCCUR SATURDAY

### NO CONTESTS THIS YEAR A NECESSARY PROTECTION

#### Members of District 107, 108, and High School Boards Will Be Chosen By Voters

A change of the school laws made at the last session of the legislature brings it about that the different elections for school officials now all take place on the same day. Formerly township trustees might be elected on one Saturday in April, members of the township high school board on another Saturday, and board members of the school districts on still another Saturday, this latter being the third Saturday in April. Now all these elections come on the same day and each voter will have a chance to vote on the second Saturday in April, which is April the 8th, for members of the boards of education of the school districts, members of the township board, and township trustees. These elections will take place at different precincts, and the voter may exercise himself or herself by walking or riding from one point to another to perform his triple duty.

In district 107 the school election will take place at the Elm Place school between the hours of two and four in the afternoon. The terms of the president of the board, E. B. Metzler and of two of the members, William D. Mann and Fred Green-slade expire at this time. Their names have been brought up again by petition for reelection. It was argued by their friends that experienced members of this board should be on duty during this coming school year because of the important building operations about to be undertaken. All three of these men served while the primary annex was constructed and it would seem quite important that their services be available for the immediate future.

In District 108 Richard S. Churchill is up for re-election as president, and Mrs. Robert E. Seyfarth and C. M. Vail are again candidates for members. The polling place is at the Lincoln school.

In the high school election Mr. Geer, because of ill health, will not be a candidate. A. C. Morgan and George J. McBride have filed their petitions as candidates. The polling place will be at the North Shore Trust Co., in Highland Park and the town hall in West Deerfield.

Harry Olander is up for re-election to the office of school trustee in this township. The polling places for this election will be at the Highland Park State bank in Highland Park and the town hall in West Deerfield.

Otis, president of the league, says, "The fact that for two years so many teams have enjoyed good sport and general satisfaction from the League speaks for itself, to say nothing of the hundreds of fans who have also benefited from the orderly schedule of games, the competent umpires, and the rules in general which make for keen and fair competition."

## ZONING ORDINANCE EXPLAINED BY MAYOR

### All Matters Were Carefully Considered by the Commission Before Being Included in Document

On Friday, the City Council passed a "Zoning" Ordinance by the provisions of which the height and bulk of buildings, the intensity of the use of lot areas, and the classification of trades and industries in the City of Highland Park are regulated and provided for.

This ordinance is the final result of a detailed study of zoning conditions in Highland Park, made by the Zoning Commission, appointed by the Council September 10, 1921. During the past seven months the Commission has caused a complete survey to be made, showing the exact condition and location of all buildings in the City. With this survey as a basis, the Commission prepared a draft ordinance which was published and submitted to the Citizens at several public hearings held at the City Hall, pursuant to public notice. All suggestions and criticisms in reference to the provisions of the draft ordinance were noted and recorded in full in the records of the hearings, and were given careful consideration by the Commission. After the public hearings were adjourned, the Commission prepared its final report and recommended the ordinance as passed by the Council at its last meeting.

The customary mode of procedure would have required the Council to consider the ordinance in great detail, both in reference to several ob-

## BUSINESS MEN HEAR "SAFETY FIRST" TALK

### Lecturer Explains Dangers in Everyday Life; Association To Probe Hotel Report

An illustrated talk on "Safety First" by a lecturer from Chicago was a feature of the regular meeting of the Business Men's association, held Tuesday night in Witten hall. The speaker showed the chances of accident in everyday life, and recited a list of dangerous things ranging from the bean blower, which may pierce the throat of the child who falls upon it, to locomotives and motor cars. He also explained the prone system of resuscitation, William Guyot acting as the subject in the demonstration.

A report had reached the ears of some of the business men that a projected \$500,000 residence hotel, which someone had planned to build on the property immediately east of the Witten building, had been abandoned because the new zoning ordinance prohibited a building of that sort on the property. A committee composed of W. E. Becker, Earl H. Purdy and Paul Udell was appointed to investigate the matter. The business men are anxious to use their influence to forward the hotel project, if the rumor that it was planned to be built is found to be correct.

The association will hold an "old time dance" April 26, beginning at eight o'clock. It will be held in the Witten hall, and will be for members and their families.

Mr. Bowden served eight months at Camp Gordon, Atlanta, Ga., during the world war, and would have served in France with his regiment if he had not met with an accident to his foot during his service at Camp Gordon.

Last Sunday, Dr. Ingalls called Dr. Alexander, a specialist of Evanston in consultation, but no hope was given. The Rev. J. D. O'Neill then administered the last sacraments.
