## YOUNG PEOPLE'S CONFERENCE HERE

### GOOD SPEAKERS SECURED

Third Annual Meeting of Lake County Delegates to be Held at Presbyterian Church

The Third Annual Young People's Conference of Lake County will be held in the Highland Park Presbyterian church, all day Saturday, April 28.

This conference under the direction of the Young People's Division of the Lake County Sunday School Association has become an important event in the year's calendar of county events. This year will be no exception. Every energy has been used to make this an occasion long to be remembered by the young people who attend. Some of the finest speakers available have been secured.

Preston G. L. Orwig is Associate Superintendent of the Young People's Division in the International Sunday School Association. He will present organized class and department work, have charge of the recreational period and deliver the closing challenging address to the boys' section. It is unusual for an international worker to go to a county conference. Lake county is fortunate in having secured Preston G. Orwig. Mrs. H. C. Northcott will deliver several addresses to the girls at the conference. She has been on conference programs all over the state of Illinois and is sure to be an appealing speaker before the girls. Rev. C. H. McCrea, D. D., editor of the Northwestern Christian Advocate, will deliver an inspirational address in the afternoon session. Rev. S. B. Edmondson, pastor of the Lake Forest M. L. church will also be on the program. He is a speaker who grips the hearts of young people. Some of Lake county's most outstanding young people will also have their place on the program. There should be a large crowd of young people to greet this array of fine talent.

Young people between the ages of twelve and twenty-four and their adult leaders are eligible to attend the conference. Only a limited number of delegates can be accommodated. Therefore the first registered will have the preference.

## ELKS TEAM WINS IN PRACTICE GAME

### DEFEATS LAKE FOREST

Opening Battle Here May 7; Lodge leases Central Avenue Park for the Season

The Highland Park baseball team defeated the Lake Forest Y. M. C. in a practice game last Sunday afternoon at Lake Forest by a score of 8 to 7.

Lake Forest used four pitchers. Coach Williams pitched the entire game or Highland Park, issuing only a yen hi, three bases on ball. He made ten strike-outs. Williams, no doubt, will be a big help to the team this season. He will probably pitch the opening game for the Elks in the home lid Sunday, May 7.

"Paddy" Wite, who needs no introduction, was in his usual position behind the plate. "Paddy" has been appointed captain of the team, and promises to live a peppy squad.

In the absence of Clark, George Hessler was used at first base. "Bob" Greenade held second. He proved his worth to the team by connecting safe in the eighth inning, and stealing second. "Paul" Wahlbruck played well at third. He scored once in the fifth. Hohlfelder took care of short stop in professional fashion. The outfield positions were played by R. Rudolph, I. A. Boden, and N. Johnson, rf. "Jim" Deing, who has been appointed manager this season, has arranged another practice game with Glenview at that place for next Sunday. It is expected that there will be more bouts for places on the team at that time.

The baseball committee of the lodge has secured the Nevin's property, West Central avenue, and will remodel it, amend and enclose the field with seven-foot board fence. Advertisers it is believed, will furnish a fund to pay for the fence.

## "FLIPPITY FLOP" NAME FOR COMMUNITY SHOW

TO BE HELD MAY 19TH

At Ravinia Park, Under the Auspices of the Young Men's Club and Community Service

After much discussion the name of "Flippity Flop" (and away she goes) was chosen for the name of this year's show being produced under the joint auspices of The Young Men's Club and Community Service. The Executive Committee for the show had a man-size job in selecting a name as there were hundreds suggested—however the name "Flippity Flop" was suggested and accepted largely because of certain significances connected with the show.

From the interest created in the show it is certain that the major portion of Highland Park will "flop" to "Flippity Flop" on the 19th of May. Ravinia Park will hold the boards at Highland Park and a more diverse entertainment was never devised for the delectation of a Highland Park audience than this same "Flippity Flop."

There'll be singing, dancing, comedians galore, and pretty flappers flapping and flippers flipping to the sprightly tunes of "Flippity Flop." This show "Flippity Flop" is versatile if nothing else—during the course of the two and a half hours pastime will appear comedians in blackface, classic dancers, farmette girls, a little scene from China-town, a full-fledged society wedding and from the fun and frivolity of the modern cabaret the show carries back to the days of hoop-skirts and stock collars.

There'll be music galore, some classic, some jazz, a bit of old tunes that were sung when Father was a lad, and many up-to-now modern songs that have not yet reached the music counters. And opera—shades of Mary Garden—there'll be Grand Opera of the most inspiring sort—but more of these details later—just now the main thing is to put a red circle around May 19, and hold that date open for "Flippity Flop."

Tickets will go on sale within the next week, and out of town patrons may reserve seats through the mails. Address "Flippity Flop" 380 Central Ave. Mail orders will be filled in the order of their receipt. Next rehearsal of the cast tomorrow evening (Friday) men only, at Elm Place.

## ZONING ORDINANCE WILL BE VOTED ON

ELECTION IS ORDERED

City Originates Improvements for Two Reinforced Concrete Bridges in N. Sheridan Rd.

That a special election shall be held for a referendum vote on the new city zoning ordinance was decided by the city council at its meeting last Friday evening. City Clerk E. A. Warren was instructed to prepare a resolution calling for a special election. Local improvements were originated providing for the construction of two reinforced concrete highway bridges in Sheridan road, one across the ravine between Maple avenue and Moraine road, and the other between Moraine road and Broadway. The estimated cost of the two structures is \$57,876 and \$64,554 respectively. A public hearing on these improvements will be held May 12 at 5 p. m. in the city hall.

A resolution was passed providing that the city engineer be instructed to prepare a tentative plan for the subdivision of acre property in the south part of the city, together with a plan for a connected system of sewers to serve this territory. The council finds it necessary that the city supervise subdivision of acre lots, instead of leaving the matter up to the judgment of real estate concerns.

F. E. Kaminski, Berlin, Wis., was awarded the contract for the construction of water mains in the Ravinia Highlands subdivision. His bid was \$11,555. The Drainage Construction Co., Chicago, made the lowest bid, \$7,737, for the sewer construction in the subdivision, and was awarded the contract.

Contracts were approved for the purchase of property necessary in the extension of Dean avenue. Guy Houston will be paid \$6,130 for his property, and F. H. Root \$515. The council also approved the purchase of property necessary for the rounding of corners and straightening of the roadway in South Sheridan road, where the new pavement is to be put in. Small pieces of property will be purchased from the following individuals: Charles D. Laaker, Carl J. Walker, William J. Krutz and Charles A. Wightman at the rate of \$5,000 per acre.

An ordinance was passed establishing a Daylight Saving schedule, commencing Sunday, April 30, in order to comply with the Chicago schedule.

Edward Borkert was appointed police officer. Bills amounting to \$4,324.36, for the period from March 1 to April 15 inclusive, were ordered paid.

## DR. ARNOLD TO SPEAK ON WORK IN NEAR EAST

Highland Park Churches Combine in Meeting at the Presbyterian Church

Seven churches in Highland Park will cooperate in a union meeting at the Presbyterian church on May 7 who has traveled extensively in the Near East will tell of the relief work being carried on by American workers in that country. Arrangements for the union mass meeting were made at a meeting Monday evening when the pastors of the churches who will cooperate met at the home of Rev. Frank Pitt, pastor of the Presbyterian church.

Christian orphaned children in the Near East are now being cared for by American men and women working through Near East Relief. There are now 100,000 of these children in orphanages maintained by the American people and it is estimated that there are 150,000 children who cannot be reached because of lack of finances to carry on the work.

A recent cablegram from H. C. Jacquith, general secretary of Near East Relief in Constantinople, tells of some of the suffering of the people at the present time. The cable says: "With the breakup of winter in the mountain villages of Central Armenia, near East Relief investigations revealed terrible starvation among refugees and orphans. K. A. Downer of Kingston, New York, returned from a five day horse back visit to twenty villages having a population of 225,000 people. He says that food-stuffs throughout the area are exhausted."

"Bread is made from all sorts of substitutes, including flax, chaff and sawdust having no appreciable food value. The people are extracting undigested materials from old refuse and giving it to the children. Health conditions are critical. Gastric and intestinal troubles prevailing due to malnutrition. A large per cent of the people are suffering from skin diseases. One-fourth of the adults are incapacitated and bedridden. Only one fifth of the population is normal."

Americans are now giving practically the only help these people are getting and it is estimated that more than 1,000,000 persons have been saved from death through the work of Near East Relief during the last six years. Dr. Arnold's lecture will describe the work America is doing, (and will be illustrated with pictures of conditions in Asia Minor at the present time.)
