

GOOD PROGRAM FOR "FLIPPITY FLOP"

TICKETS SELLING FAST

Money Talent Entertainment May 19 Will Contain Much Fun and Live Musical Numbers

Tickets to "Flippity Flop," the big musical production to be staged at Ravinia Park theatre on the evening of May 16th, under the auspices of the Young Men's club and Community Service, were placed in the hands of the cast for sale a few days ago, and are going like the proverbial "hot cakes." One member of the cast sold over fifty within 48 hours, and others are selling like success. Prizes will be awarded persons selling the greatest number of tickets.

Proceeds from "Flippity Flop" will be divided between the Young Men's club and Community Service, and will be used to support the life saving crew at the beach, which is organized each year by the Young Men's club, and for children's playground work, and other summer activities promoted by Community Service.

Large Patron List Assured A patron list of one hundred citizens of Highland Park is being made up which will insure the financial success of the show. A number of representative citizens have come forward and volunteered as patrons for this worthy function. The list of patrons will be published when completed.

Ravinia Theatre Engaged The large and commodious theatre at Ravinia park has been engaged for the production, and the adequate facilities of stage, dressing rooms and auditorium, and mechanical equipment there will materially assist the cast in putting over a finished performance.

Many Clever Acts The show is in two acts, and is a miscellany of many clever fun provoking acts, all arranged in the order of their continuity, and presenting the best amateur talent in Highland Park. The first act is the traditional Minstrel First Part opening with a medley of "Songs That Daddy and Mother Used to Sing," and coming down to the songs of today. There are twelve end-men, several sweet ballad singers, and a snappy chorus of pretty girls and handsome men — to say nothing of the imposing and dignified interlocutor. The latest song and "grags" of the day, skillfully interspersed, lead to the Grand Finale, which is a patriotic medley called "Our States."

After an intermission the curtain will go up on a scene of beautiful lights, lovely gowns, and feminine pulchritude, in a modern cabaret, where the comedy and unique acts are furnished by waiters, guests, entertainers, and the host, himself, of the evening's party. Among a bewildering menu of tidbits thrown in this act for the entertainment of the audience, will appear a Chinese act, Farmerette girls, Burlesque and Grand Opera, a screaming skit called "Where Was You Last Night?" and a colored ragtime wedding participated in by a dusky bride, groom, parson, attendants and guests. A poetry reciting contest between two waiters, and four guests in the cabaret furnishes enough laughs for an entire evening. The principals and personnel with the program will be published in a later issue of The Press.

NORTH ENDS LOSE TO EVANSTON TEAM

Therrien, Rudolph and Vanderboom Pitch; Game Sunday with Glencoe

The North End baseball team lost to the Evanston Tigers 6 to 3 last Sunday on the Central Park diamond. Elmer Therrien, George Rudolph and Jack Vanderboom pitched three innings apiece, while John Fay held down the plate for the North Ends. The game was hotly fought throughout. The Tigers brought several men who played on last year's Evanston Boosters.

Next Sunday the team will play Glencoe at the public park north of Deerfield avenue, beginning at three o'clock.

LUCIEN WILLIAMS WINS TENNIS HONORS

Mr. Lucien Williams, captain of the Yale tennis team, has been awarded his Y on account of defeating the Oxford captain in the tennis matches played at Newport last summer. Captain Williams with two members of the team together with the Harvard captain and two members, sail for England and July 4th, on the Aquitania to play a return match with Oxford and Cambridge.

FLORIDA, AS SEEN BY MR. J. B. WHITNEY

Mr. and Mrs. Whitney Return From the South; Winters of Attraction

Mr. and Mrs. J. B. Whitney have returned from a six months sojourn in St. Petersburg, Florida. Mr. Whitney states that during the time they were there, there were only two days without sunshine and like the most ideal summer weather we have here, in fact their winter months are all we could ask for in summer here including wonderful foliage, green grass, flowers, vegetables and birds, salt water bathing and fishing. The mockingbirds and little children appealed to us more than anything else, the latter developing so wonderfully in the outdoor life they lead.

The mockingbirds are a never-ending delight. The growth of every kind of vegetable, cereal and fruit is only made possible by continual fertilization as the soil is all sand.

St. Petersburg, in fact, most of the Florida resorts are the production of Florida's wonderful climate as a resort for winter tourists, invalids, who receive every consideration possible in the way of accommodations and amusements and all the modern conveniences at a reasonable cost.

St. Petersburg in particular is unique in what it offers: a beautiful city with wide streets, well paved tiled sidewalks, tropical foliage, splendid accommodations in the way of hotels, apartments and bungalows furnished, cafeterias, cafes, etc. It is the greatest church town in the United States. Every denomination is represented. Churches are filled to capacity. Also there are state associations and church functions during all the week, daily concerts by the Royal Scotch Highlanders band in the park, five movies daily and other attractions, the greatest of which are the benches on Central avenue, filled during most of the winter time by tourists visiting and viewing the moving throng along the walk of all manner and conditions of humanity.

ARDEN SHORE A year round camp for tired mothers and undernourished children. Are you going to have a vacation? This little family needs one too. \$10.00 will keep them at Arden Shore for one week. Will you help? Annual drive for funds to maintain the camp began May first.

ELKS PLAY AT HOME SUNDAY AFTERNOON

LARGE CROWD EXPECTED Official Opening of New Ball Park May 14th; Defeated Glenview 14-5 Last Sunday

The Highland Park Elks' baseball team defeated Glenview 14-5 on the latter's lot last Sunday. Glenview players are paid for their services, and are under the management of "Doc" Simpson, who has umpired many games in this city during the past few years. Simpson had rated his team above the Elks; but before the ninth he had trotted out five pitchers in an effort to hold down the heavy hitting visitors.

The Elks batters have made a total of twenty runs in two games, against ten different pitchers. This is good promise that they will be able to give any hurler a run for his money this year.

Williams occupied the mound first for Highland Park. George Hessler was put in later on; and Greenslade was given a chance to try out in the last two frames. Many new faces were seen in the Elks' lineup, and there was strong competition for various positions on the team.

Manager Deering has booked a game for next Sunday with an Elks' team from Chicago lodge No. 4. This will be the first contest of the season on the home field and a large crowd is expected. Many Chicago fans will accompany their team.

Work has been started on the new fence at the ball park, and the diamond is being repaired. Last evening a large number of Elks and their friends worked on the field. Volunteers are asked to come to the park any night this week to help with the work. The fence will be completed and the field put in shape within ten days, it is expected.

The strong "Jack Rabbits" team from Chicago will be the attraction May 14, on the occasion of the ball park's official opening.

K. OF P. DANCE WILL BE GIVEN TONIGHT

Randolph Orchestra to Furnish Music; Many Novelties Are Planned

Tonight in the boy's gymnasium at the High school, the Knights of Pythias and their friends will meet for a glorious dance and party. All who come are assured of a most enjoyable time, whether to dance or merely look on and listen.

The Randolph Orchestra of nine pieces will furnish music such as was never heard before and as for the carnival capers, you will need to be present to find out what they are. The gymnasium will be attractively decorated and a large attendance and pleasant evening are assured.

CITY SAVES MONEY; MAY PURCHASE TRUCK

MACHINE DEMONSTRATED Mayor Hastings, Commissioners and Firemen See American La France Pumper in Operation

Monday, May 1, the city of Highland Park began its new fiscal year with a comparatively large balance on its books. This is something unusual in the city's history. Enough money—and more—has been saved from last year's appropriation, by wise economy, to purchase a new fire truck for Highland Park.

No steps toward securing new and up-to-date fire fighting equipment have yet been taken; but the city commissioners are planning to look into the matter in the near future.

Last Friday afternoon a 750-gallon American LaFrance pumper of the latest design was demonstrated near the city hall. Mayor S. M. Hastings, the city commissioners, and members of the local fire department were present, and witnessed the demonstration. The American LaFrance machine, drawing water from an ordinary hydrant, pumped 750 gallons per minute, throwing three large streams. It is equipped with complete chemical apparatus for extinguishing small fires. The pumper demonstrated here is similar to the one brought to Highland Park to assist the local fire department at the Garnett store fire several months ago.

It has long been the opinion of the city authorities, and the public in general, that there is great need for more effective fire fighting apparatus. At the Garnett store fire the local department worked very efficiently with the equipment at hand, aided by fire fighters from neighboring cities; but there is little doubt that better work could have been done with a larger machine.

The city commissioners, it is expected, will inspect other makes of pumps in the near future.

K. OF C. BASEBALL TEAM TO OPEN SEASON SAT.

Quilmette Council Vs. Tont Council at New Trier Field at 2:30 O'clock

Quilmette Council, K. of C., baseball league will open their baseball season on Saturday afternoon at two thirty at New Trier field, Winnetka, when they will meet Tont Council. Quilmette boasts of some real ball players, many of them being residents of Highland Park. This is the first year that this council has entered a team in the league. It is not probable that they will win first place, but at any rate they will put up a strong battle against opposing teams. There will be no admission charge to the games.

BAKERY SALE MAY 13 IN SOBEY'S MARKET

The Lincoln school P. T. A. announces a Bakery Sale to be held Saturday, May 13th, from 10 until 4 o'clock, at the Sobeys Market on East Central avenue. Donations of home-made bread, doughnuts, pies, cakes, baked beans and country butter have already been offered, and the fact that the Lincoln district can boast some famous cooks insures a successful sale.

PROF. MANIS AT THE PRESBYTERIAN CHURCH

TOPIC, NEAR EAST RELIEF

Local Churches Unite In Service Sunday Evening to Hear Lecture on Conditions in Near East

Portrayal of conditions in a country torn by wars and massacres will be made Sunday evening at 8 o'clock at the Presbyterian church, when Professor J. J. Manis will speak on conditions in the Near East. Professor Manis is an Armenian who escaped from the massacres at the time thousands of persons were driven out of the city in which he lived.

Professor Manis was an instructor in natural sciences at Anatolia college in Marsovan, Asia Minor in 1915 when the deportations began. He was hidden on a German farm near the city while his townsmen were driven off to torture and death. Later through the efforts of Ambassador Morgenthau, then American ambassador to Turkey, he was allowed to remain on this farm unmolested. During this time every other teacher and employee of the college, together with their families were deported. Of the seventy-two persons at the college Professor Manis is the only one alive today.

In connection with his college work, Professor Manis traveled extensively throughout Asia Minor before the war and visited many of the places after the armistice. In October 1920 he came to the United States and is now speaking for Near East Relief, the organization which is caring for 100,000 of the orphaned children in the Near East.

A union meeting of seven churches has been arranged for next Sunday evening when Professor Manis will speak. In addition to his lecture, motion pictures giving present day scenes in Bible Lands, will be shown. This picture is the story of a little American girl who visits places once famous in religious history and now famous because of the manner in which America is working out practical Christianity by caring for thousands of homeless and helpless children.

ROYAL ARCANUM PLANS BIG MEETING MONDAY

James Duffy Elected Sentry to Grand Council. To be Installed Monday Eve.

Mr. O. B. Brand has just returned from the forty-second annual session of the Grand council of Illinois and reports special honors bestowed on Highland Park council No. 1066.

Past Regent J. H. Duffy was elected sentry to the Grand Council. He will be installed during the Monday night session, by the past Grand Regent George Roth. The newly elected Grand Council officers will be present in their first official visit. All the North Shore councils will be represented and will participate in the celebration. Candidates from Lake Forest and Winnetka will be initiated with Highland Park candidates by a special degree team.
