SPECIAL ELECTION FOR ZONING ORDINANCE SATURDAY, JUNE 24

VOTERS WILL DECIDE FATE OF CITY PLAN HERE

Ordinance As Passed By Council Is Result of Seven Years' Careful Study of Local Conditions; Aimed to Preserve Rural Character and to Prevent Invasion of Industry

The zoning ordinance to be voted upon Saturday, June 24, is the result of the careful study and consideration given to this matter by the council, special committees and experts during the past seven years.

Highland Park had its first important period of City Planning when the town was laid out in 1869. So far as it was possible to the planners of the little village of that time, Highland Park had a good start.

The natural tendencies constantly at work if unopposed would inevitably transform Highland Park into a semi-civilized place, removing year by year its rural character, the sense of quiet cleanliness, and country charm it now possesses as its chief asset.

Although there are at present no factories in Highland Park, the possibility of intrusion of industry is by no means remote. Industry must be altogether excluded. Such utilities as coal, lumber, and building material yards and storage plants must be grouped and retail stores must be prevented from scattering themselves among residences. This can only be accomplished by means of zoning.

March 24 the council adopted the zoning ordinance in its present form. April 21 a petition was presented to the council requesting that the ordinance be submitted to a referendum.

Wednesday and Thursday, Wallace Reid in his latest comedy-drama "Across the Continent," the most thrilling and funniest of all the Reid racing romances and Wally at his best; Friday, Harold Lloyd in his biggest and best comedy, "Sailor Made Man"; Saturday, Shirley Mason in her latest production "Lights of the Desert." Matinee Saturday at 2:30. See program on back page of this paper.

FISHING GOOD IN NORTHERN WATERS

Mr. and Mrs. H. M. Prior and Mr. and Mrs. A. G. McPherson are enjoying a vacation sojourn at New Auburn, northern Wisconsin. The fishing in that vicinity is good, judging by the basket of fish sent by them to relatives in Highland Park. The largest was a 17-1/2 pound "musky."

ENTERTAIN WAUKEGAN ELKS IN MILWAUKEE

Elks Lodge No. 46 of Milwaukee entertained Waukegan Lodge No. 702 in Milwaukee Monday evening. A large delegation of two hundred and fifty members including a fifty piece band left Waukegan at 6:15 o'clock on a special North Shore train escorted by T. E. Welsh. Waukegan Lodge put on the work, initiating one hundred candidates.

The reason given was that a large proportion of the citizens of Highland Park were unfamiliar with the provisions of the ordinance owing to the lack of advanced publicity prior to its adoption.

The City Plan commission in giving notice, and in conducting the public hearings complied in every respect to the state law regarding these matters.

No established business outside of the business district will be effected by the zoning ordinance.

A Board of Appeals has been created by ordinance whose duty it is to hear complaints of this character and recommend amendments and changes in particular cases where enforcement of the ordinance would work a hardship to those owning property in the city.

MUNICIPAL GOLF COURSE OPENS JULY 1

TO STAGE TOURNAMENT

Mayor To Drive First Ball at Opening; Prizes to be Awarded in 18 Hole Medal Play

Get out the old trusty golf clubs, shine them up and be on hand at the grand opening of the Park District Golf Club, Saturday, July first at two o'clock. Just think, lots of prizes, a prize for every body, everybody invited to play. In addition to the tournament, come and see our mayor drive the first ball at two o'clock and his official welcome at the opening of the new municipal course.

An 18 hole medal play tournament will be staged, open to everyone, men or women, 18 years old or over. Players may begin at twelve o'clock, but only the first two rounds played on the nine hole course count for the prizes.

The course is in fine condition for its first year. Clubs, balls and refreshments will be sold at the pavilion to be built at the first tee on Deerfield avenue. If you don't play well, or think you play very well, it's all the same. Come out anyway, but be there at two o'clock, July 1.

ELKS BUSY WITH PLANS FOR FOURTH

Automobiles Parked Free During Celebration; Everyone Invited to Attend

Free parking space for 1,000 cars will be provided at Sunset Wood July 4th, when the Highland Park B. P. O. E. Lodge puts on its annual Independence Day celebration. Various committees of the lodge are busy preparing for the gala event and from all indications it will be the biggest affair of its kind that Highland Park has had in years.

A feature of the day will be music by the Chicago Woman's band of 50 pieces with a special 20 piece bugle and drum corps. This is a novelty that is worth coming miles to hear. Music for dancing on a big open air platform among the trees will be furnished by Walter Ford's orchestra, the famous Marigold Garden troupe. This is one of the finest dance orchestras in Chicago. Last year during the Fourth celebration the dance pavilion was the most popular spot in Sunset Wood, after the baseball game.

Mayor S. M. Hastings of Highland Park and other well known speakers will deliver short addresses during the day.

The baseball game at 1:30 o'clock will be one of the main drawing cards. The Elks team will play the Young Men's club for the city championship. Both teams have been training for the game and a hard battle is expected. Last year the game between these two was perhaps the hardest fought battle of the season.

Everyone will be welcome at the Elks' celebration and everyone is assured a good time. No expense will be spared to make the affair a success.

ARBITRATION FOR TEAMSTERS' TROUBLE

Drivers and Team Owners Agree to Let Committee Settle Difficulties

Highland Park teamsters returned to work last Wednesday and agreed to allow a board of arbiters to settle their dispute with the team owners. The strike began two weeks ago when the teamsters demanded a half holiday Saturdays with full pay. The team owners refused, declaring that they already paid a scale above that of any city in this part of the state. Then the drivers struck. Last week, however, they returned to work, and left their troubles with a board composed of three owners, Frank Sheehan, Paul Borchart and Charles Denet, and three drivers, E. Zahne, Frank Howe and Mike Brandandasio. The teamsters are now getting \$33 per week and receive pay for holidays and rainy days according to the team owners.

At a meeting of the arbiters last night it was decided to call in a seventh man, a prominent citizen of Highland Park, to decide the question.

READY FOR BIDS ON DEERFIELD PAVEMENT

BEACH WATER IS UNSAFE—WARNING

BATHERS TAKING RISK

Board of Health Declares That Danger Lurks in Lake; Drinking Water Pure Enough

Last week a letter, signed "An Enthusiastic Citizen," which demanded an investigation of conditions at the beach, was received by the Press. Had the communication been signed by some individual or organization it would have been published immediately. Inasmuch as it was anonymous, the situation was first investigated and reported to the Board of Health. Below are published the letter and a reply by the Board:

Highland Park, Ill. June 13, 1922. President Board of Health, Highland Park, Ill.

Dear Sir: I feel it my duty as a citizen of this city, to complain of the sewer water at the foot of Ravine drive.

I have been told on good authority that the septic tank has been broken for four years. I know for a fact that it was broken all last year.

You are aware of the fact that the city's water comes from the lake in which that water empties. We also bathe in that water in the hot summer.

Do you want the town to come down with typhoid or pneumonia? That's the way we've started.

When an epidemic starts all the board of health wonder how it does. What's the matter with you men, anyhow? Aren't you here to protect the city?

Wake up! The town's in danger! An enthusiastic citizen. The Board's Letter June 21, 1922.

Editor, The Press, Highland Park, Ill. Dear Sir: The above letter was received on June 14, and comes at an opportune time. While we much prefer signed letters, we are glad to find that others are interested in these questions.

On June 12, was begun an investigation of the lake water with reference to bathing. Samples of water were taken from various points (Continued on Page 12)

HIGHLAND PARK DAY WEDNESDAY, AUG. 9

That Highland Park Day will be celebrated Wednesday Aug. 9, was decided at a special meeting of the Business Men's association held Tuesday night in Witten hall. There will be a big parade, as usual, a dance during the afternoon and evening, games and contests and many other attractions to be announced later.

A meeting of the committees from the Business Men's association and other organizations which will assist in preparations for the "Day" will be held next Wednesday night, June 28, in Witten hall for the purpose of perfecting the plans.

Those behind the project are especially anxious to hold the celebration here on a day when there are no similar affairs in neighboring cities.

PRESS NOW PRINTED IN NEW BUILDING

Machinery and Equipment Being Moved This Week from Old Location

This week's issue of the Highland Park Press is the first printed in the new building. The presses and some other equipment were moved to the new location early this week. The linotype machines and type cases are still in the old building. During the next week or two there may be a few mistakes in the paper that are overlooked in the hurry of moving. Advertisers and news contributors are asked to take this into consideration and be a bit lenient.

MARRIED MEN WIN LODGE BALL GAME

The "married men" romped all over the "single men" in a baseball game at the Royal Arcanum picnic yesterday at the Forest Preserve east of Wheeling. The score was 36 to 27. Frank B. Green and Albert Larsen were umpires.

About one hundred attended the affair given for members of the lodge and their families, and a day of recreation was thoroughly enjoyed. The start was made from Central avenue about one o'clock yesterday afternoon. Everything possible was done to make the day a pleasant one. In the evening a basket lunch was served. Ice cream and soft drinks were provided by the lodge.

MANY ATTEND PEONY PARTY HELD FRIDAY

Building Fund Benefits by Affair at the Residence of Mrs. Jesse Boyer

The Peony party at Shoreacre, Friday afternoon, June 17, was a beautiful tribute to Mrs. Jesse Boyer, the hostess. In spite of the terrific heat and the fact that the peonies were nearly gone, her many friends came to greet her and add their contribution to the project. Mrs. Boyer is so much interested in the building fund of the Highland Park Woman's club.

The rooms were beautifully decorated in gay garden flowers. Tables were prepared for those who desired to play cards. Some brought their sewing, and ice cream with delicious home made cakes were served.

All who came went home realizing that a social affair of this kind during the summer has a distinct appeal and value. The club is much indebted to Mrs. Boyer and to the committees who made the party the success it was, for the nice little sum realized to add to its ambitious program.

AUXILIARY CONDUCTS MEMBERSHIP DRIVE

Woman's Society of H. P. Hospital Ask for Funds for Charity Bed

The Woman's Auxiliary of the Highland Park hospital will make a drive for new members this week. Funds are needed to support the bed that is maintained by the society. This bed is held primarily for maternity cases, but when possible will be gladly given for other cases needing help.

Regular memberships sell for \$10; associate memberships for \$5, but a smaller donation will be gladly received. The proposed addition to the hospital prompts the society to enlarge their membership so that their funds will be large enough to cope with the added charity cases that the new hospital will then be able to take care of.

No finer charity than this can be found in Highland Park and the interest of the public is solicited. No amount too large. No sum too small.

K. P. CELEBRATION AT HIGHWOOD 4TH

A big baseball game will be a feature of the Fourth of July celebration to be given by the Knights of Pythias at the Highwood ball park. EXTRA

GEORGE HESLER HOME DESTROYED BY FIRE

BUILDING A TOTAL LOSS

Local Department Answers Hurred Call to County Line Shortly After Midnight; No Water

Fire of unknown origin completely destroyed the home of Mr. and Mrs. George Hesler, South Green Bay road, near the county line, at 12:30 o'clock this morning.

The smoke awakened the Heslers and Mr. and Mrs. Henry Fisher, who live in a suite of rooms in the Hesler house. They groped their way out of the burning structure, not having a chance to save a single article of clothing, except that they were.

Only two or three pieces of furniture belonging to the Fishers were saved. A gun and a Bible were all that the Hesler's saved.

The Highland Park fire department responded promptly, but because the house was located about a mile south of the city limits, there was no water supply except a well, which was used to good advantage, with the pumper in saving buildings nearby.

Mr. and Mrs. Hesler had lived in the house for about 57 years. They are old settlers in this neighborhood. The home was a twelve room structure, and had just been wired for electricity. Mr. Hesler finished putting a new roof on the house just yesterday.

Mr. Hesler was highway commissioner of Deerfield township for many years, and he and Mrs. Hesler are well known throughout Lake county. The loss is estimated at \$10,000, and there is very little insurance. Mr. Hesler, who is a great hunter, had a large quantity of cartridges in the house. As the fire progressed, these began to explode, making a noise like the battle of the Marne.

General and Mrs. Alfred E. Bradley are spending the summer at the home of their daughter Mrs. Frank Pitt. General Bradley arrived by aeroplane from Dayton, Ohio, last Saturday, his son Major Follet Bradley acting as pilot. A strong head wind throughout the whole 250 miles added to the usual time of the trip, 2 hours and 30 minutes. Mrs. Bradley came from Dayton by train the following Tuesday.
