Attention Ford Owners!

Ford parts, like almost everything else worth while, are counterfeited. Imitation parts are manufactured to SELL at the highest possible rate of profit and the grades of steel used are consequently not the same high quality, specially heat-treated alloy steels specified in Ford formulas for the manufacture of GENUINE FORD PARTS.

Don't be misled—Insist upon GENUINE FORD PARTS made by the Ford Motor Company. By so doing you will get from 35 to 100 per cent more wear from them, and you will pay the lowest possible cost—the same everywhere.

50% OF GENUINE FORD PARTS RETAIL FOR LESS THAN 10c EACH

PUBLIC LIBRARY

During the hot months of summer, people are rather too prone to stultify their minds with the rankest of light fiction, due perhaps to the attractive ads of progressive book-sellers who are trying to sell the dregs of last winter's imprudent buying to an unsuspecting public. The present ratio between the thermometer and general intelligence seems to be decidedly inverse, though just what the psychological reason is, no one seems able to determine. Vacation reading could and ought to be the best reading of the year. It is the best season in which to read those things we have always meant to read but somehow have never found time for. Take a volume or two of Dickens, Thackeray or Hardy with you to the lake, and you will come back with the feeling of something accomplished and a certain secure trend of thought which Fitzgerald, Grey or Menkin can never give you.

OAK TERRACE SCHOOL

To the voters of District 111:
Three years ago a special election was held to increase the tax-levy from 2.75 to 4 per cent. This was done through mis-information since the law did not permit of the same. Since then a law, giving such power, has been passed.

The growth of the school has been so rapid that it not only has meant alterations in the building but more teachers and equipment such as desks, maps and black boards. Further, next year it will mean providing new quarters since some of the lower grades are getting so large. This must either be met with sufficient funds or borrowed money which means interest and a deficit. This is a greater burden in the long run.

For that reason it is unwise to continue on the old rate. It is to be hoped that the taxpayers will appreciate the fact and vote at the election which will be held Saturday, July 15, from 4 o'clock to 5 o'clock p. m. By the Board of District 111.

TRINITY CHURCH

Rev. P. C. Wolcott, D. D., Rector.
Rev. Walter C. Bihler, Assistant Minister

Sunday—
7:30 a. m.—Hpy Communion.
10:00—Trinity Church School (Children's Eucharist—Third Sunday)
11 a. m.—Morning prayer and sermon; holy communion and sermon (first Sunday).
5:00 p. m.—Evening prayer.
Thursday—
9:30 a. m.—Holy communion.
Friday—
4:00 p. m.—Children's Confirmation instruction.

ZION LUTHERAN

McGovern and Central
W. F. Suhr, Pastor
Sunday school at 9:45
Morning services in German at 10:45.

During the months of July and August there will be no evening services. The Luther League will hold its regular meeting on Thursday evening in the assembly room. Following the services Sunday morning the Concordia club will leave for some secluded spot to spend the remainder of the day at a basket picnic.

CHRISTIAN SCIENCE

Subject for next Sunday's Lesson subject, "Life".

Services are held in this church every Sunday morning at 10:45. Sunday school meets at twelve o'clock and is open to pupils up to the age of 20 years. The Wednesday evening meeting, which includes testimonies of Christian Science healing, is at 8 o'clock.

You are cordially invited to make use of the reading room at 387 Central Avenue, which is open every week day from nine o'clock in the morning until six o'clock in the evening and Sunday afternoons from two to six o'clock.

PRESBYTERIAN CHURCH

Miss Mary Roberts and Miss Marjorie Carr left last Monday as delegates to the Presbyterian Young People's conference at Camp Gray, Mich.

The Bible school will begin at nine thirty next Sunday morning. The Rev. Frank Pitt will preach at the eleven o'clock service.

ST. JOHN'S EVANGELICAL

Rev. F. Holke, Minister
English services Sunday at 10:30 a. m.
Sunday school at 9:30

One trouble with matrimony to a lot of people is that it sounds so much like alimony.

WINNETKA ASKS FOR TRACK DEPRESSION

RESOLUTION IS PASSED

Village Officials Set Forth What They Expect in Letters To the Heads of Railroads

Winnetka has definitely announced a new "Safety First" program. The Chicago and Northwestern railroad and the Chicago, North Shore and Milwaukee Electric railway were officially notified last week that Winnetka is determined to insure the safety of its citizens by expending every effort to secure adequate protection at grade crossings, and to bring into effect without delay the plan of grade separation and track depression along the right-of-ways of both roads, as recommended by the Winnetka Plan Commission.

Resolutions, passed by the Winnetka Village Council Wednesday of last week, and copies of which were directed to the officials of both railroad companies, together with a forceful communication from Village President John S. Miller, Jr., set forth plainly what the village expects in the way of protection for Winnetka citizens.

The Resolutions

The resolutions, which need no further explanation, read as follows: "Whereas, it has come to the attention of the Village Council that on June 15th, 1922, Peter Steffen was fatally injured by a North Shore Electric train at the intersection of the tracks of the said North Shore Electric railway with Pine street; and

"Whereas, it further appears that the crossing gates at such intersection were not lowered at the time of the accident due to the fault and neglect of the said Railroad company or some of its employes; and

"WHEREAS, it further appears that at various times accidents have been narrowly averted because of the manner in which the gates at this crossing have been controlled by the said Railroad company; and

"WHEREAS, this condition can not be adequately remedied unless the grades are separated by depression of the tracks,

"NOW, THEREFORE, BE IT RESOLVED that the continuance of this dangerous condition is a menace to the safety of all persons crossing the railroad tracks at this point and is a condition which the Village of Winnetka cannot and will not tolerate to continue in the future.

"BE IT FURTHER RESOLVED that the President of the Village be directed to communicate at once with the authorities of the North Shore Electric Railway company and the Chicago and Northwestern railway company protesting against this condition and demanding that every possible safety device be installed and properly operated at this crossing and urging the railway companies to proceed to depress the tracks as speedily as possible."

President Miller's letter to the railroad officials was as follows:

"Gentlemen:
I enclose herewith copy of a resolution adopted by the Village Council at its last meeting. You will see that this recent unfortunate, and as we think entirely avoidable, accident, has stirred up a very considerable resentment among the people in Winnetka. An examination of the evidence taken by the coroner shows that the safety device for notifying the operator of the gates of the approach of a train was out of order. At least, this is his reason for not having lowered the gates in time. It does not seem to us that it is very material whether the automatic device was working or not, for any man in charge of this crossing should not be allowed to depend upon this notification, but he should keep a constant lookout himself. If one man is not sufficient to do this adequately, then another guard should be installed at once. There have been a good many instances where these gates were not down when trains passed and it was by the merest chance that serious accidents were averted.

Making Crossing Safe

"As President of the Village, I request that you proceed at once to make this crossing as safe for the public as any grade crossing can be and that you immediately install and man the latest and most improved safety appliances.

"I also desire to call your attention to the fact that the only effective method of protecting crossings is by separation of the grades and I respectfully urge that you give this matter your serious and immediate attention."

GLENCOE PRESIDENT ON COUNTY BOARD

Frederick W. Penfield, president of the village of Glencoe and candidate for the office of County Commissioner in the Primary election, last week, was appointed a member of the Cook County Board to fill the vacancy left by Commissioner Joseph A. Carolan, resigned.

Mr. Penfield was one of the candidates on the so-called Miller-Busse ticket which swept the field for an overwhelming victory in the April primaries. Mr. Penfield is a candidate for County Commissioner in the November election.

The Circle of Honor

The Letters "A & P" with its surrounding Circle, Signifies More than a Mere Guarantee

IT IS A CREED, backed by a set of principles upheld and followed as rigidly as the Supreme Court upholds the Constitution of the U. S. It is the word of honor of the A. & P. organization—a word that is not broken, and you, who know the A. & P., know that every purchase you make has as its background the A. & P. guarantee and word of honor as to Quality. With the assurance of Quality Groceries, plus lower prices, the A. & P. stands out strikingly great as the dominating economy marketing center for the thrifty housewife.
