MORE FIGHTS AT FORT SHERIDAN, TUESDAY

USE TWO PITCHERS TO BEAT SHERMERVILLE ELKS WIN SUNDAY GAME

Hessler and Williams Hold Visitors to 12-7 Score; Several Changes in the B.P.O.E. Lineup

Hessler, in the box for the Elks last Sunday, though he weakened and had to yield his place to Williams in the seventh, held the Shermerville A. C. boys down to two runs in the first five innings. In the sixth the visitors found the ball repeatedly and scored four times. Highland Park had scored eight runs during this time. While the score was thus standing 8 to 6, Williams was called in to finish things up. He took up the burden in his usual manner and allowed only one other Shermerville man to cross the plate, while his team mates ran up four more tallies.

White was again nipped on the fingers by a foul tip, and was succeeded by Dalton, a new tryout and a worthy one from all appearances. He will no doubt appear in the lineup during the rest of the season. Wayman, who is leaving, will probably be replaced by Tom Peters, who recently purchased an interest in the Central Tire company, and who fortunately fills a place that the Elks have been worrying about. The other regulars are founding into midseason form and the local fans can expect some good games during the rest of the summer. Despite the warm weather Sunday afternoon the fans turned out well.

HIGHWOOD DEFEATED GLENCOE A. C.—14-0

Highwood baseball team played Glencoe A. C. at Glencoe on Sunday afternoon and defeated them by a score of 14-0. They will play at Glencoe next Sunday.

Glencoe defeated Shermerville 3-1 in a twilight game last evening at Shermerville.

VINES MAKE HOME MORE COMFORTABLE

Better Shade Than Makeshift Screen or Awning; Ivy for the Walls

How much attention do you give your outdoor living room—the veranda?

No veranda is quite complete until it is covered with some thick, green vines that will add to its coolness and provide the necessary shade for the hot summer days.

To be sure, one can provide shade with a makeshift canvas awning which will shut out everything but the heaviest breezes with its heavy canvas folds. But how does this compare with the soft, airy green curtain which Mother Nature will so generously weave for us, if we provide her with a few plants of vines to start with?

Economical folk will realize also the saving in the cost between even the simplest cloth awning with its accompanying fixings, and that of a few small growing vines.

Each year, too, with a very little assistance to nature in the matter of fertilizer and cultivation, you will have an entirely fresh, new green curtain, a thicker, handsomer one every summer. The awning cloth, on the other hand will probably look a little faded and shabby even after the first summer's use, and will be almost "impossible" after the second summer.

With some many varieties of vines it is always possible to choose one that seems to be especially adapted to the shape of the veranda to be covered, or to the special architecture of the house. Although all vines are beautiful and beautiful any spot, they may cover nevertheless, one may use judgment in choosing just the right one.

Vines for the Porch For covering the front porch there are many good vines. The one which gives the densest shade, and also protection from rain, because of

COLUMBUS A. C. TO PLAY ELKS SUNDAY

Team Which Gave Locals Tough Battle Early in Season Coming Again

The management of the Elks' baseball team have scheduled the Columbus A. C. again for next Sunday, July 16. This team was defeated by the Elks the early part of this year in a hard fought battle, 9 to 8. They have been strengthened by the addition of Lefty McGraw, the sensational Loyola pitching star, who is credited with 19 straight wins for his team. They also will have in their lineup Seblark, star second sacker, recently signed by the New York Giants for next year. The Elks, however, are also strengthened by obtaining many local stars and rounding them into shape. Greenslade, Clark, DeLong, Hise, Hessler, White and Williams are now playing and batting in midseason form. They have also the service of three new local stars, Gerken, Peters and Dalton. The management of the Columbus A. C. remarked that the Highland Park team was their stiffest opposition this season. With H. P. one victory to the good, and both teams strengthened, this should prove to be the most exciting and interesting game played so far this year.

GOLF SCORES

Following are the results of Saturday's play at local golf clubs:

Bob o'Link
Winners in the ball sweepstakes at Bob o'Link were:
Class A and Class B—C. S. Williams 70, C. A. Irvin 70, E. J. Osler 73, H. O. King 73, M. C. Merges 73, R. D. Gordon 78, J. H. Coulter 75, E. A. Maginnis 78.
Class C—A. V. Consberg 70, W. H. Robinson 71, F. B. A'hara 75, F. D. Breit 75, F. A. Cuscannon 76, J. M. Brooks 79.
Class D—S. W. Belz 75, C. J. Knapp 69, C. H. Hermann 69, G. W. Rossetter 70, J. De F. Richards 73.
Briergate
O. J. Caron and M. J. Chaffee were winners, 5 up and 2 up, respectively,

the overlapping leaves, is the "Dutchman's Pipe Vine" (Aristolochia Siphoc). Its name is derived from the curious pipe-shaped flowers of brownish color. The leaves are large. It is a very rapid grower.

The Japanese "Virgin's Bower" (Clematis paniculata) is also one of the finest porch vines. Inconspicuous in early spring, it makes its growth early enough to give shade from the mid-summer sun, and in autumn is a mass of beautiful flowers, which almost hide the vine.

The honeysuckles not only make a pleasant shade, but are so deliciously fragrant that one or two should be planted, even where other vines are used. Hall's Japan is one of the most satisfactory varieties.

Another fragrant climber is the Akebia. It is very ornamental and graceful and especially well suited to sunny positions. For the quickest results, plant the Kudzu vine (Pueraria thunbergiana.) It grows with almost unbelievable rapidity and gives a very tropical effect.

Vines for Walls For covering walls, nothing equals the ivies. The best known is the very hardy Boston Ivy (Amelopsis Veitchii); but there are several other good sorts. The Boston Ivy will cling to a smooth stone or bush surface, and as the leaves naturally "lap", like shingles, it sheds the rain. A beautiful dark green during the summer, it changes to the most gorgeous shades of crimson under the brush of Jack Frost.

The well known Wisteria is perhaps the most decorative of all vines. The foliage is attractive, and the long pendant plumes of fragrant flowers, of purple or white, are unequalled by the flowers of any other hardy vine. It is ideal for plants to climb over old stumps, or a dead tree. The Trumpet Vine (Bignonia) is also excellent for this purpose. Both of these vines need some support, as they will not "cling" like the ivies.

A vine is a good investment because from a single planting you get returns for years and years, and

COUNTY DIRECTORY JUST OFF THE PRESS

New Volume Much More Comprehensive Than Previous Editions; 862 Pages

The new Directory for Lake County has just been issued by R. L. Polk & Co. of Chicago who took up the work which F. K. Bumstead carried on so long here. They have brought out a far more complete directory than has ever been published before. It contains 862 pages.

Much larger and more comprehensive than any previous edition, the work is a distinct credit and asset to the county. It is not only a book of names, addresses and occupations; it is an encyclopedia of accurate data concerning the people and their various activities.

The publishers of the Directory announce in the introduction that in order to broadcast the information in the volume copies of the Directory are filed in Directory libraries maintained in all important cities in the county, thus advertising the county.

The Directory is compiled in departments, which, together with indexes, renders ready access to any item of information. Sixty-eight pages are devoted to a Street and Avenue Guide and Directory of Household, the streets and avenues are compiled in alphabetical order, the numbers on each street and avenue being arranged in numerical order, the names of the householders and business concerns are placed opposite the appropriate numbers. Thirteen pages cover a miscellaneous section which contains

information concerning state, county, city and township officials, buildings, blocks and halls, churches, cemeteries, clubs, homes and hospitals, libraries, fraternal and benevolent societies, labor unions and miscellaneous organizations.

Three hundred and ninety-two pages include Directories of the various cities and villages in the county outside Waukegan, viz: North Chicago, Lake Bluff, Lake Forest, Highland Park, Highwood, Zion, Winthrop Harbor, Antioch, Area, Barrington, Deerfield, Fox Lake, Grays Lake, Gurnee, Hainesville, Ingleside, Lake Zurich, Libertyville, Prairie View, Roundout, Round Lake, Russell, Wadsworth and Wauconda. One hundred and twenty-one pages cover the classified business directory of Lake county; this department exhibits the various manufacturing occupations in Waukegan and the several cities and villages in the county compiled first by headings according to the nature of the business, industry or profession engaged in, and then alphabetically by cities and towns. The final pages of the Directory contain a list of residents on rural routes in the county; the names being arranged alphabetically with the name of the postoffice from which delivery is made.

The longest name in the Directory list is Pralyalyanoff and the shortest Ek. Some unusual surnames appear in the book as Jack and Gill, Large and Small, Peuser and Spice, Forty and Twentymen, Long and Short, Hope and Trust, Limp and Lightfoot, Flag and Bannerman and Sick and Strong. There is a choice in liquids in "Muum", Porter, Sherry, Bock, Weiss, Sybrandy and Drinkwine, three are Full. There are four English, three French, nine Turks, four Coons, four Farmers, six Hicks, four Persons, two Collars, two Needles, a Jester, a Fireman, a Foreman, a Coalmaster and Stockstill. There is also Knat, two Good and two Badman are here.

Although the pay of the congressman is considered low, it is not supposed it will be necessary to resort to the selective draft to get enough people to take the job this fall.

FIVE GOOD BOUTS SET FOR NEXT WEEK

SLIVVER DRAWS KRIEGER

Sensational Sailor Boxer To Battle Fort Sheridan Youth; Other Interesting Numbers

Jack Stein, matchmaker and leatherpusher for the American Legion at Fort Sheridan, has just completed a boxing card that promises to be the best card offered in the Fort Sheridan arena in years.

As originally intended, there will be 34 rounds of boxing, with a triple windup as the special attraction.

In the main go, Joey Slivver, the sensational sailor cyclone, will meet Buck Erlegar of Fort Sheridan, 8 rounds at 147 pounds.

Slivver is one of the best boxers developed at the naval station in years, and has made a great hit with the fight fans in his two performances at Fort Sheridan, where he scored two knockouts.

With two mighty wallopers, it will be a wonderful fight, and promises to be one of the most interesting bouts between these two experienced boys that has been seen in a long time.

In the other 8 round windup, Kid Palco, who has been going like a house afire at Great Lakes, will take on his enemy, Stanley Jocz. This will be the third meeting for these boys, the first being a draw, and the second in favor of Palco, a decision which has been questioned at Great Lakes for some time. In the two times they met, a furious battle followed, and their superiority is yet to be disputed. The jobs are looking forward to this bout with great anxiety, knowing that it will be a real fight just as long as these boys are able to stand on their feet. There is considerable feeling between both boys, and it is doubtful whether the bout will last 8 rounds. They are fighting at 142 pounds.

Jack Stein, properly termed, phantom of the army, for his freak antics in the ring, will take on a youngster called Toots Cummings, the fighting soldier bugler. Cummings openly challenged Stein. Jack hesitated as he did not believe Cummings was fully experienced yet to meet him in the ring. However, seeing no other good opponents in sight, and afraid that people will think he is yellow, Stein reversed his decision, and as a last resort decided to take the

ambitious young scrapper on for an eight round whirl. Cummings is not only willing to fight Stein, but is going to try his utmost to defeat the matchmaker, as it means a reputation for himself if he does. However it is doubtful whether "Tootsie" defeats Stein, and he will be fortunate if he lasts the eight rounds.

Stein can hit, and he demonstrated his hitting ability by fairly rocking Gooding in their last fight; a lad who outweighed Stein by fully 8 pounds. They will meet at 117 pounds.

Tommy Gooding, the lanky leatherneck who defeated Stein in the last fight, will endeavor to score another victory over Tony Diaz, the fighting soldier Spaniard.

They will swap punches for six rounds at 130 pounds.

In the curtain raiser, Frankie Kulan, the radio boy, who won his last fight at Fort Sheridan, will take on Buck Yeager of the 15th regiment. Kulan is a likely looking boy, but Yeager will furnish strong opposition for him. They will walloper for four rounds at 135 pounds.

These bouts will be held Tuesday, July 18, and special trains will be run over the Chicago, North Shore & Milwaukee railroad from Chicago, Evanston, Wilmette, Waukegan and Great Lakes. Tickets may be secured at Bowden's Meat Market, Highland Park.

100 WOMEN COMPETE IN TOURNEY FRIDAY
