NORTH SHORE WILL HAVE \$750,000 EDEN

(Continued from page one)

dancing floor large enough for 2,000 couples at one time.

Plenty of Dancing Space
On the stage elaborate revues will be given, changing every two months, with big time vaudeville and dancing by guests during the evening. In warm weather the open air dancing floor will be used. This will be surrounded by tables for 10,000, with room for 25,000 in an emergency.

The upper floors of the casino will be used for private parties and special banquets. The main banquet room, will seat 1,800. A. J. Fisher & Son are the architects.

Electric Fountain
Hollister & Root, landscape architects, have drawn an elaborate and beautiful grouping of buildings, drives, fountain and lake on the wooded tract. After leaving the casino and open air dance space, one crosses an artificial lake by a small bridge, coming to a \$50,000 electric fountain.

Passing this one comes to the Garden of Eden Golf club, a separate organization. The initiation fee to this will be \$250 with no further dues, says Mr. Hoffman. Club members may attend the revues without cost. The general public will pay \$1.10, according to present plans.

George O'Neil is chairman of the greens committee of the club, and is laying out the miniature eighteen hole course. There'll be tennis courts and other outdoor attractions. Tournaments and exhibitions will be staged weekly. "Chick" Evans is chairman of the sports and pastimes committee of the club.

Busses to Paradise
Arrangements have been made with the same company which operates the busses from Carson Pirie's to the west side stations to run a bus line de luxe along the North Shore. The contemplated fare will be \$1.

Mr. Hoffman was emphatic in his statement that the Garden of Eden will contain no applejack. It's not to be a road house in any sense of that word, he says, and no drinking will be permitted. At the present rate work is progressing he hopes to have his prospective North Shore paradise ready for the fox trotters and the golf swatters some time next April.

ing only recently served as Federal district attorney in Chicago, and his patriotic address will be of interest to all.

In the afternoon there will be a ball game between the Elks and the Glenview aggregation on Elk's Field and immediately following the ball game there will be a series of boxing exhibitions. The Entertainment Committee have made arrangements for three bouts of four rounds each and one bout of six, by some of the best boxing material who have been exhibiting at Ft. Sheridan recently.

Following the ball game and boxing exhibitions there will be dancing on the large open air pavilion and besides the concessions committee will have a full array of novelties to while away the time. The prize drawing contest which is now well under way, will offer over fifty prizes consisting of 100 lb. bags of flour, 50 lb. bags of sugar, coffee, hams, bacon, etc. and tickets are available from any Legion man at only 25 cents each. Dancing will continue throughout the evening.

CARD OF THANKS

We thank the public for their sympathy shown during our recent bereavement.

Mr. Olaf Lindholm and children.

All President Harding has to do in a day is to settle the coal and railroad strikes, straighten out Europe, appoint a few hundred postmasters, shake hands with a thousand or two people and play 18 holes of golf.

Suggested that on account of the crime wave, the manufacture of guns and revolvers be abolished. The police could then be sent out armed with pitchforks.
