**Just about the biggest thing that ever happened in the paint business!**

Every property owner will want particulars about this remarkable VALDURA ASPHALT PAINT now obtainable in rich shades of Red and Green, as well as in brilliant Black.

Here's paint which is not only enduringly preservative, but absolutely waterproof—acid and alkali resisting. It is unaffected by extremes of heat and cold. It's popular priced too, and your money back if it fails to satisfy.

VALDURA is a quality product, made from high-grade materials, the basic material being 99.5% pure Gilsolite Asphalt.

VALDURA is suitable everywhere a durable preservative paint is required, and it does so much more than ordinary paints that it is by far the most economical paint to use.

Booklet and free test sample furnished for the mere asking.

**Making 20 Years of Racing Serve Car Owners Today**

**I**N the early days of automobile contests, Barney Oldfield—out to win every race—studied tires. His consistent success led other drivers to ask for tires constructed to his specifications.

Twenty years of road and track victories—with a steady and increasing demand for tires as he built them—convinced Barney Oldfield that these speed tests pointed the way to a better tire for everyday use.

The enthusiastic reception of Oldfield Cords by the public proved he was right. Scores of the most prominent dealers in the country—and many thousands of car owners, experienced in the use of tires—bear witness by their decided preference that Oldfield is doing a bigger and better job of tire making.

This volume, handled in an effective way in every phase of manufacture and distribution, has resulted in price quotations far below what you'd expect on tires known to be better built and more enduring.

Practically every important race event for three years has been won on Oldfields. The Wichita Test Run in which an entire set of Oldfield Cords covered 34,525 miles on rough roads proves the mettle of the Most Trustworthy Tires Built in everyday driving.

The Master Driver and Tire Builder has given the public a new standard of tire wear and tire cost—a true economy that every car owner should know about.

Your Oldfield dealer has these facts—talk to him.

**An Appreciation**

Day after day, in every mail letters arrive at our office commending employes of the North Shore line for what many of the writers term "exceptional acts of courtesy and thoughtfulness." To regular patrons of this route such acts do not appear exceptional—they are recognized as part and parcel of an organized effort on the part of officials and employes of the Road of Service to maintain its acknowledged reputation for accommodations well above the average. It is with pleasure that we here express our appreciation of the spirit of helpfulness evidenced by such acts of our employes and our sincere thanks to the travelers who spare the time to record them.
