The close of the conference year is at hand. At the official board meeting Monday evening last, there was considerable interest shown in the financial reports. We have had a year of unusual expense, no special collections or drives. Our friends will, we are sure, be glad to co-operate with the committees in closing the year in creditable fashion.

Last Sunday evening our League was favored with the presence of a group of young people from Bowen M. E. church, Chicago, the former charge of the pastor. The League service was quite interesting, being led by Mrs. Julius Laegerler.

The Ladies Aid Society will meet at the home of Mrs. John Bell, on St. Johns Ave. Friday afternoon.

Be sure to attend our Sunday school at 9:30 next Sunday.

At the mid-week services the pastor will, for the next few weeks give special attention to the letters of Paul to the Corinthians. These letters are of unusual interest, dealing with many problems that are as much alive today as they were when the great apostle wrote to the members of this ancient church. If you delight in ancient history, literary or philosophic studies perhaps you will enjoy these Wednesday evenings.

Some people are being prostrated by the heat, but more by hot air.

Another thing this country needs is fewer bomb throwers and more bum throwers.

Predicted that Congress will take hold of the strike problem courageously after election.

Majority Preference Proves Cadillac Value

It is a matter of record that more buyers choose Type 61 Cadillac than all other cars combined selling at the Cadillac price or higher.

The great majority of buyers of Type 61 are not led to its purchase primarily by a consideration of price.

Many of them could easily pay a great deal more for an automobile and would do so if they thought they could secure more than in the Type 61 Cadillac. But as their purchase indicates they conclude they can not secure more.

It is equally true that they could pay less, but just as they refuse to pay more for what they consider in no way better, so they refuse to pay less and accept what they believe to be inferior.

They buy Type 61 because after mature reflection they have a clear conviction that it is both the Standard of the World and the world's greatest motor car value.
