GRACE M. E. CHURCH
 Corner North Ave. and Lauretta Place
 William E. Grose, Pastor
 Next Sunday is the first of the new conference year. At the morning service, 10:45, the pastor hopes to meet the entire membership, and as many of the friends who can make it convenient to be present.
 The recent session of the Rock River conference held at Princeton was an occasion of great interest to all who had the privilege of attending. Every interest of the church received careful attention. The Bishop seemed glad to respond to the request of Highland Park church and return the present pastor for another year. The writer is glad to be here and hopes for the same loyal support as shown in the past, and in carrying out of the plans for growth and advancement of our interests believes that the needs of the community will be largely supplied. Several important enterprises are under way, and it is expected that a notable advance will mark the activities of the coming year.
 No church or Sunday school anywhere is doing a better or more notable service for the community than Grace Methodist church. We ought to have the loyal support of every Methodist, and of every other Christian in the community. The pastor pleads especially for the attendance at regular services. Come and see us. Investigate our work and our needs. We believe it will be worth your while to come to Grace Methodist church next Sunday morning and evening.
CHRISTIAN SCIENCE
 Subject for next Sunday's Lesson Sermon, "Doctrine of Atonement."
 Services are held in this church every Sunday morning at 10:45, Sunday school meets at twelve o'clock and is open to pupils up to the age of 20 years. The Wednesday evening meeting, which includes testimonies of Christian Science healing, is at 8 o'clock.
 You are cordially invited to make use of the reading room at 387 Central avenue, which is open every week day from nine o'clock in the morning until six o'clock in the evening and Sunday afternoons from two to six o'clock.
 Many editors feel that the Turks must be put down, if they have to shed the last trace of ink in their typewriter ribbons to do it.

LAKE CO. METHODIST PASTORS RETURNED
CONFERENCE HAS CLOSED
 All Ministers of County Are Sent Back to Charges, Including Lake Forest Highland Park
 Rock river M. E. conference, which closed its sessions, Monday at Princeton, returned practically all Lake county Methodist pastors to their charges of last year, including Rev. W. E. Grose, pastor of the Highland Park church and Rev. S. B. Edmondson of Lake Forest. Rev. H. C. Dick, former pastor of the Highland Park church, was returned to Crystal Lake church.
 Rev. Robert O'Brien was reappointed to Zion City, and he will be assisted in his fight with Voliva by the entire conference acting through a committee of seven ministers and seven laymen.
 Rev. John Williamson, until recently law enforcer for Mayor Thompson of Chicago, was returned to the pastorate of the Normal Park church, where he served before his brief political fight.
Lake County Appointments
 Appointments in Lake county are as follows:
 Highland Park—Rev. W. E. Grose.
 Lake Forest—Rev. S. B. Edmondson.
 Lake county rural work—Rev. Frank B. James, director.
 Grayslake and Volo—Rev. Frank B. James.
 Diamond Lake—Rev. C. W. Laughlin.
 Lake Villa—Rev. C. W. Adams.
 Rosecrans and Hickory—Rev. Elmer Wahrendrock.
 Winthrop Harbor—Rev. A. C. Canol.
 York House—Rev. T. Otto Hall.
 Lake Bluff—Rev. D. E. Lloyd.
 Libertyville—Rev. C. H. Dickey.
 McHenry—Rev. Raymond Sanger.
 North Chicago—Rev. W. E. Lanston.
 North Shore—Rev. Irl G. W. church.
 Palatine—Rev. William Reason.
 Park Ridge—Rev. T. P. Ber.
 Richmond—Rev. H. A. B.
 Wauconda—To be supplied.
 Waukegan—Rev. C. A. appointed.
 Rev. Gilbert Stanzeil, Cook county, etc. the Wilmette church.
 If some folks and kick less with use of their head, home towns would their feet, the advance fast

GLENCOE CHURCH TO HAVE ANNIVERSARY
 Union Parish to Celebrate The Fiftieth Year of Its Organization
 Celebration of the fiftieth anniversary of the Glencoe Union church is scheduled for Sunday, November 12, at the local church.
 All the services of the day will be reminiscent of the founding of the organization in the village, which, incidentally, is one of the oldest church organizations on the north shore.
 The morning service on November 12 will include a sermon appropriate to the occasion and will be featured by a special program of music. One evening of the week following will be given over to a Fellowship gathering and reunion of members.
 It is the hope of the parish that members of the church who have left the village will return for the festivities and special observances.
 The Glencoe Union church was founded in 1872. It was the outgrowth of a religious organization that had been conducting meetings in the village for twenty years prior to that date, it is said.
TRINITY CHURCH
 Rev. P. C. Wolcott, D.D., Rector.
 Rev. Walter C. Bihler, Assistant Rector.
 Sunday—
 7:30 a. m.—Holy Communion.
 9:30 a. m.—Trinity prayer and sermon.
 11:00 a. m.—Morning and sermon; Holy Communion (first Sunday).
 5:00 p. m.—Evening prayer.
 Thursday—
 9:30 a. m.—Holy Communion.
SUMMER DAY
 IND) year is the midnight, Winter slumbers in her plight, Wheris the morning of a year, Spawakening, as from slumbers T) year.
 Summer the glorious mid day, When nature dresses in her best way.
 The peaceful evening is fall, From labor a call to one and all. An Indian summer day, so calm and quiet.
 Whisper: my work is done, prepare for night.
 In colors bright nature dips her brush,
 And the cool of an Indian night, Seems to make colors clean and bright.
 'Tis nature's harvest time of content,
 A reward for summer's labor well spent.
 E.M.L.

FIRE HAZARDS OF THE FUEL SHORTAGE
NEW DANGERS ARE SEEN
 State Fire Marshal's Department Warns Against Fire From Changed Heating Methods
 Many new fire hazards are being introduced by the fuel shortage. Much soft coal is being stored in the basements of dwellings, apartment houses and mercantile buildings and on the premises of factories. Spontaneous combustion in this is likely to start fires, and great care should be shown in the selection of coal and in its storage and use.
 The west will not receive its usual amount of anthracite this year, and soft coal must be used in stoves and furnaces constructed for other fuel. The large amount of soot deposited by soft coal is likely to clog the smoke pipes and chimneys and cause forcing of the furnace, while the fumes and gases from soft coal will have a degrading effect upon the mortar in terrioris and thus lead to defective chimneys.
 Use of Fuel Oil
 A number of householders are investigating the possibility of using fuel oil and kerosene burners in their furnaces, because of the difficulty in securing hard coal and their unwillingness to use soft coal because of

the dirt and soot. This also will introduce serious fire hazards, because of the storage of oil on the premises, and the danger of feed pipes bursting and starting fires. No such appliance should be considered without ascertaining whether it complies with the underwriter's requirements.
 Fire hazards which endanger the homes should be watched with special care, as mothers and children run the greatest risk. All heating appliances should be installed and operated with constant attention to the unusual risks due to the changes in fuel, as well as to their ordinary dangers. Careful inspection should be made of all stoves, furnaces and flues before using them in the fall.
VARIED POISONS IN BOOTLEG RUM
 It is learned at the Illinois Prohibition Enforcement Office that analysis of synthetic whiskey, the present source of the bootleggers' supply, shows the favorite mixture used to contain acetone and isopropyl alcohol added to pure ethyl alcohol, the first of which lacerates the stomach and the other paralyzes the nerve centers. Various methods of coloring are employed, iodine in some instances being used and while the resultant fake whiskey does not necessarily kill, blind or paralyze, the tissues of the stomach are destroyed and the organ is generally so afflicted that disease is certain to ensue.
 In view of the fact that the process
