Make Atmosphere Cheery, Spite of Snow and Storms; Expert Describes How They Are Made

F. F. Rockwell, Horticultural Editor "Farm and Fireside"

It has always been the custom to get the outside of the house ready for summer—to hang the awnings, place the rubber plants and ferns and palms out on the porch, and to fill the piazza boxes with gay geraniums and trailing vines.

It is only in the last few years, however, that we have awakened to the fact that the house and piazza should be dressed up for the winter months as well as for the summer.

Needed in Winter In the winter time, even more than in the summer, we need to get the house ready for winter.

Everyone believes that a child should grow up among books—plenty of books, the best books—yet this great boon is lost to ever so many boys and girls whose parents intend to give them every advantage. Parents forget about books, and leave their purchases to chance gifts, or hesitate to buy books for lack of offered guidance in selection.

of Highland Park believe in more books and better books for children? And we rather hope to hear the parents say: "Yes, we do."

The following program will be given in the assembly hall of the Highland Park Public Library during CHILDREN'S BOOK WEEK, Nov. 13 to 18, to which children, fathers of children, mothers of children, teachers of children, and lovers of children in general are invited.

Monday evening at 8 o'clock Mr. Ralph Fletcher Seymour will give a talk on "The Story of Printing", which will be of interest to older boys and girls as well as to adults. Mr. Seymour will display a fine exhibit to illustrate his subject.

Wednesday afternoon at 4 o'clock, Mr. Harold A. Loring and Brave Eagle of the Sioux tribe will talk to the boys and girls on Indian life and customs.

Thursday afternoon at 3:45 o'clock Miss Georgene Faulkner, the Story Lady, will tell stories to the children.

Saturday afternoon at 2 o'clock Mrs. Lucy Fitch Perkins will read to the children from her new book "The Swiss Twins."

Last year our CHILDREN'S BOOK WEEK meetings were so well attended that some of the youthful enthusiasts had to sit on radiators and window-sills. We hope to see the same amount of enthusiasm this year.

Next Sunday morning's sermon theme, "Strength for Today." In the evening the pastor will give the second sermon in the series on "Mountain Top Experiences." There will be special musical numbers at the evening service.

WOMEN OF COUNTY TO AID RED CROSS

ANNUAL MEMBERSHIPS

Roll Call Campaign Begins on Nov. 12; Task No Easy One; Pulpit Urged to Help Great Cause

Women in every town in Cook, DuPage and part of Lake counties have been asked to take part in the Sixth Annual Membership Roll Call of the American Red Cross, Chicago Chapter, Red Cross Sunday (November 12) with a follow-up of a few days. They will not shirk the call of this semi-official body; they will act as quickly as did the men who went to war.

These women will not have an easy task. They will meet people who will say "I just will not work or give any more—I have done my share." These people will not stop to think that they did their war work without loss of limb, eyesight, shattered lungs or shattered mentality; that in the hospitals of the United States 25,000 young men are continuing to bear the burden of the war. This does not include the number of patients outside of the hospital.

Many Excuses

They will meet people who will say, "Why doesn't the government do it?" The government has set aside an almost unlimited fund for this purpose, but it must have proof of disability. Searching the United States to find the buddies who can establish this proof is but part of the Red Cross service. The men lying flat on their back in hospitals need Red Cross service even after they have received their compensation, and the Red Cross is designated by Congress to do this work.

They will meet people who will say "Why does the local chapter have to send half of the membership money to the National Red Cross. The people of Louisiana and Mississippi are not asking this question, for during the flood disaster these two states received from the National Headquarters more money than the whole south sent to the National Red Cross last year.

Help the Workers

Help your home worker by giving her your membership dollar so as to have a Red Cross button on your coat by Armistice day. If you want to see how your dollar membership was spent by the Red Cross last year, see the movie entitled "Your Far-Reaching Dollar." Ask the manager of your local theatre to run it, and be there the night he runs it.
