

The fascination

of accumulating money is irresistible after you really get a little start.

It's just like tennis or golf—you have to urge a man to start, but once he gets a real taste of the game, he's off.

It's fun then to accumulate money and accomplish things with it.

A good way to start is to **PAY YOURSELF FIRST** every pay day and then live on the rest.

Ever try it?

EAST PARK BOARD. ATTORNEY RESIGNS

MASON QUILTS AS COUNSEL

Accepted With Regret by Board and President Thanks The Retiring Counsellor; Golf Matters

At a meeting of the East Park district board Tuesday evening President E. M. Laing and other officials of the Park District Golf club were present and conferred with the board on the matter of improvements and maintenance of the golf course and the proposed extension to 18 holes; also regarding the installing of facilities for watering the greens on the present course and preparing for the opening of the 18 hole course in the season of 1924.

Much to the regret of the board Attorney George A. Mason tendered his resignation as its counsel, after efficient services since the district's organization about 15 years ago. In doing so Attorney Mason reviewed something of the history of the Park board in that time.

President E. L. Millard of the board in accepting the resignation, expressed the regret of the board and briefly outlined the accomplishments of the past 15 years, giving large credit therefor to the valued aid of the board's attorney. He concluded by thanking Mr. Mason in behalf of the board for his long and faithful services.

President Millard and Secretary E. A. Warren were authorized to close negotiations for the sale of a small tract on Park avenue to the North Shore Sanitary district for location for its proposed septic tank. An ordinance also was passed in connection with the procuring of the triangular tract opposite Ravinia station by the opening of Dean avenue.

Corporation Counsel Samuel S. Holmes was appointed by the board as its attorney to succeed Mr. Mason, but his acceptance has not yet been obtained.

HAROLD A. LORING TO APPEAR AT ELM PLACE

First of Series of the Guarantee Fund Entertainments Next Wednesday

Harold Loring, concert pianist and authority on Indian life and customs, will be at Elm Place School on Wednesday, Nov. 15, to give the first of a series of entertainments under the guarantee fund plan. Mr. Loring, is accompanied by a Sioux Indian, Brave Eagle, who appears in full Indian costume and assists in the entertainment. Mr. Loring himself speaks the Sioux language and has spent a great deal of time with that tribe as well as many other of the tribes of American Indians. Years ago the late Col. Theodore Roosevelt urged Mr. Loring to undertake the task of gathering and recording the native music of the various tribes and Mr. Loring has now for some years been spending a considerable portion of each year at this task. This past season he spent three months with the Blackfoot Indians in Western Montana. The Indian Brave Eagle, will sing the songs of his tribes and give a number of native dances.

Mr. Loring has promised to come with his Indian assistant and spend the entire day with the school children. They will visit the kindergarten and primary pupils in the morning and the upper grades in the afternoon. At four in the afternoon they will give a children's program at the public library building, and in the evening the program for adults will be given at the Elm Place auditorium, at eight o'clock. In accordance with the guarantee fund plan, the school children will be entertained free of charge. Adults will be expected to pay a fee of fifty cents.

CIVIC DAY AT THE H. P. WOMAN'S CLUB

(Continued from page 1)

and the extent of its donations demonstrates its service here.

Mr. Herring of Community Center service, came from Moline, Illinois, to remind the club of the need for this work, operating, as it does, in the field of leisure time in the lives of the young people of the community—doing constructive work with the boys, and teaching foreigners to read and write in its Americanization classes. Mr. Herring asked for the co-operation of all with the new directors. The Young Men's club was represented by Mr. Harry Eichler who stated the object of the organization, its aims and ambitions. The Voluntary Life Saving crew that protects the H. P. beach was formed by the Young Men's club. Eight lives have been saved since 1913.

Mrs. Daniel Cobb gave a resume of the civic work in many fields accomplished by the Ossoli club during its years of service in Highland Park.

Mrs. John Mackenzie told of the founding of the Visiting Nurse's association in Highland Park showing the need, and the benefit to the school children and homes in the community. Mrs. Mackenzie also gave an account of the H. P. Beach organization and its activities.

Mr. Jesse L. Smith showed several colored slides, views of the new building at Elm Place school, the exterior, and interior, and floor plans. Views of the proposed new auditorium with explanation of its plan in detail were given.

The Girls Glee club from Deerfield-Shields, directed by Mr. Conover, sang a group of songs.

The program was of great interest to all who are concerned with the growth and welfare of this community. It presented so satisfactorily the work being done by the several organizations and reminded us, in Mr. Smith's words, "that we are all, parts one of another."
