

# If we could persuade

every person in this community to take ten per cent of his salary EVERY PAY DAY and put it to work in an interest bearing account, we would revolutionize the habits of those whose carelessness is depriving them of prosperity.

Many people, however, will go on saving just what little is left at the end of the month, or nothing at all. But perhaps you will be one of those who will profit by the suggestion to PAY YOURSELF FIRST.

One dollar will start your prosperity account at this bank.

### PURE MILK FOR SCHOOLS

Now that milk is served in many public schools throughout the country, the United States department of agriculture suggests that inspectors should make frequent visits to the schools to see that the milk is of good quality when delivered and that it is handled and served to the children in a sanitary manner. Inspectors in those cities where milk is not served in the schools are urged to advocate the adoption of the plan.

One of the duties of the inspector is to see to it that the milk does not stand for some time before being used. A good plan is to have it delivered just at lunch time, or if this is not convenient, to see that there are facilities for icing and storing it. By taking samples at frequent intervals a close check can be kept on the methods of handling.

Milk for use at schools should always be put up in bottles to reduce the chances of contamination. Before the bottles are opened the tops should be thoroughly washed. Because glasses and cups may not be kept clean, it is best for the milk to be drunk directly from the bottle. The use of sipping straws is not satisfactory. Some dairies use special protective caps on bottles of milk sent to schools.

### A GOOD INVESTMENT

State and nation have only recently observed Fire Prevention Week. The people were advised to have their chimneys inspected, to prevent the accumulation of waste materials, and in many ways were told how to prevent the destruction of property by fire. In Illinois they were told that or the fiscal year ending June 30, 1922 there were 14,214 fires, entailing a total loss of \$19,537,423. That it was a fearful loss of material wealth cannot be denied. But, for the fiscal year ending June 30, 1921 it is estimated Illinois lost from 183,457 cases of communicable diseases the startling sum of \$103,933,543, an average of \$15.81 per capita. The loss from communicable diseases was more than five times the loss from fire.

The public has long since accepted fire prevention as a community problem, and by well trained fire departments equipped with the most modern fire-fighting devices, and by insurance it has minimized its losses. In this day of highly organized commercial activity, insurance is regarded as a good investment. It is time that the public should appreciate the fact that the child life of the state is an asset that should be conserved; that, aside from sentimentalism, the children of the state have a potential value which cannot be computed in dollars and cents. Medical inspection in the schools and trained nursing service bear much the same relation to the children of Illinois that trained fire departments and insurance bear to the material wealth of the state. Along this line it should be borne in mind that there are less than a dozen full-time medical health officers, outside of Chicago, in Illinois. The medical health officer is a good investment.

### VISITING WORTHY MATRONS PUT ON WORK

150 Attended Meeting at Campbell Chapter Last Evening; Elect Officers Dec. 6

About one hundred and fifty attended Worthy Matron's night at Campbell Chapter last evening. Worthy Matron's from neighboring chapters filled the various stations. Mrs. Jones of Pentapa chapter, Evanston serving as the Worthy Matron of the evening. Mr. Sissling of Waukegan chapter acted as Worthy Patron. The evening was a most delightful one, and was only one more successful affair added to Mrs. Clow, the Worthy Matron's already long list. A social hour followed.

The next meeting which will be the first Wednesday evening in December will be the election of officers. All members should make an effort to be present.

With all their vaunted new freedom, women will forever be the slaves of men, for men are largely responsible for women's styles.

### LOCAL AND PERSONAL NEWS

The Hospital Guild met yesterday afternoon at the Episcopal church. After spending several weeks in the mountains of Virginia and Tennessee, Mrs. H. B. Roberts has returned home. Her sister, Miss Ellen N. Brown, who was with her, now is in Indiana.

Mrs. Harry A. Parkin returned on Monday from Galesburg after spending the week with her mother and relatives there.

The next meeting of the Lady Elks Social club will be held on Wednesday, Nov. 2.

### SPLENDID FEATURES IN LYCEUM SERIES

FIRST NUMBER NOV. 24

Katherine Ridgeway, Noted Reader, to Present Program Here: Three Local Numbers

High class entertainment is promised during the winter season in the excellent lyceum series arranged under the auspices of the Community Service. The first of these six entertainments will be given Friday evening, Nov. 24, in the Elm Place auditorium, recital by Miss Katharine Ridgeway.

Miss Katharine Ridgeway is a professional reader of more than twenty-five years' successful experience. She seldom appears except on the largest courses throughout the country, and to many of these she has returned from five to eight times.

Woman of Rare Charm  
Miss Ridgeway is an educated woman of rare charm and personality. Coupled with the natural requisites for a skilled reader is her unceasing effort to build a program that will leave with every member of her audience thoughts of inspiration, cheer, and faith in one's fellowmen. That she accomplishes her purposes is attested by the many flattering reports on her type of entertainment and the continuous calls for return engagements.

Miss Ridgeway's program here will consist of a splendid one-act play, together with varied sketches and stories.

Other Features  
The series will include besides Miss Ridgeway, two other outside attractions and three entertainments to be staged by local people. The two other professional entertainers who will appear in the series are "Grizzly" Smith, famous trapper and guide, who will relate some of his thrilling experiences in the mountains of the northwest, and Laurant, the noted magician, whose work in this line is regarded as the best obtainable in the country.

The three locally arranged entertainments will be of musical character for the most part. Highland Park is fortunate in having many talented musicians and others whose ability in specialized entertainment is widely recognized, and the committee is certain that these features of the winter program will be highly interesting and wholly pleasing.

Family Tickets  
The committee in charge is sending out letters, as was done last year, offering family tickets at \$3.00 for the entire series and admitting the entire family. This makes the price for the course exceptionally low considering the high class entertainments to be offered.

JUNIOR AUXILIARY GIVES DANCE SAT.

The Junior Auxiliary of the Highland Park Woman's club will give a dance Saturday evening, November 18th in Witten hall. The public is invited to attend.

### CHRISTMAS CARDS WITH A MEANING

Proceeds of Sale to be Used to Procure Travelling Doctor and Dentist

Jolly red Christmas cards with a picture of three cunning Laborer children playing in the snow, set in a frame of green holly with the words "Merry Christmas" and "God Bless us, everyone." below, are being sold by Miss Marion Moseley, 160 Prospect avenue. The money will go towards making it possible for the school children of Dr. Grenfell's mission, whom she visited last summer, to have the benefit of a travelling doctor and dentist next year — an opportunity they have never had before.

Will all interested in this card please let Miss Moseley know if she can send them a sample?

### CARD OF THANKS

We take this means of extending our thanks and heartfelt gratitude for the many expressions of sympathy from friends and neighbors in our bereavement.

Mr. and Mrs. D. A. Flynn and family
