

A Spoonful of Purity

One uses so little baking powder in comparison with the other materials used in baking that it always pays to use the best.

For making the finest and most wholesome food there is no substitute for ROYAL Baking Powder. It is made from Cream of Tartar derived from grapes and is absolutely pure.

About now the cautious householder realizes that if he keeps away from home sufficiently, his wife may take the window screens out for the winter.

What this country needs is a respect for and obedience to law, no matter whether it coincides with personal opinion or not.

It is hard to tell which is the more gorgeous, the decorations of the fall weddings, or the language of the cub reporters who are sent to write them up.

The Universal Implement

Forty years ago the telephone was a luxury. Today, it has become a necessity within the reach of everybody. Where once a business house had one telephone with a limited talking range, today that business house has a service with the range of a continent and every branch of every business is linked to every other by an intercommunicating telephone system.

This vast extension of the limits of telephone communication has opened up a wide range of uses for Bell Long Distance service. The Long Distance service is equally useful in making a social engagement in the suburbs or closing an important business deal in New York, Boston or San Francisco.

"Station-to-station" service is a money and time saver. It is explained in the current issue of the Alphabetical Telephone Directory.
