QUERIES ANSWERED ON CONSTITUTION

(Continued From Page Three.)

A. Provision is made for a single final election day each year, subject to change after 1926 if the legislature deems it advisable. This is in order to avoid the expense of numerous elections. It is expected that this provision will secure a heavier vote for all officers and on all propositions. It does not apply to Cook County.

33. Q. What is the purpose of Sections 37 and 39?

A. The purpose of these sections is to prevent large appropriation bills being pushed through in the closing hours of the session without time for publicity and consideration. During the last two days in the last session of the general assembly \$161,865,000 out of a total of \$170,486,000 was appropriated. Much of this was in conference committee until the closing hours and there was no time for publicity or even for consideration. This is made impossible by the new constitution.

34. Q. Will laws and ordinances for municipal zoning be permitted by the new constitution?

A. Yes. A provision (Section 62) specifically authorizes such measures.

35. Q. Is there any radical change in the organization of the executive department?

A. There is not. The notable changes in the article on this subject are those which increase the qualifications of governor and lieutenant governor, give the governor power to call out the militia to protect life or property at times of great public disaster, and safeguards the handling of public moneys.

36. Q. What major change in county government is made?

A. A more elastic provision than is in the present constitution gives the legislature more freedom in regulating, according to class, the forms of county government. Some of the present differences between the machinery of counties under township organization and counties not under township organization may be corrected under the new constitution.

37. Q. Is there any forward step in the provisions for education?

A. The University of Illinois and the State Normal schools are recognized as constitutional and fundamental features of the educational system of the state.

38. Q. What about the Bible in the public schools?

A. The new constitution provides: “The reading of selections from any version of the Old and New Testaments in the public schools without comment shall never be held to be in conflict with this constitution.” Illinois is now one of only three states in the union which prohibit Bible reading in the schools.

39. Q. Will the new constitution in any way affect the deep waterway, now under construction?

A. It permits completion of the work by giving the general assembly power to appropriate the necessary \$10,000,000 therefor.

40. Q. Will amending the new constitution be easier or more difficult than amending the old constitution has been?

A. The constitutional convention method is practically unchanged; but amending by legislative proposal and popular ratification is made easier by permitting the submission of amendments to two articles at one time, instead of to only one as at present. The new constitution forbids oftener than once in four years, whereas the constitution of 1870 forbids amendment of the same article oftener than once in four years.

PUBLIC LIBRARY

The following is the list of new books ordered for the month of November at the Public Library. Most of them have been received and are ready for circulation:

- Canfield, Dorothy—Rough Hewn
- Walker, C. P.—Steel the diary of a furnace worker
- White, Stewart E.—On Tiptoe
- Loomis, A. F.—Cruise of the Hippocampus
- Hergesheimer, Joseph—Bright Shawl
- Walpole, Hugh—The Cathedral
- Ferber, Edna—Gigolo
- Burroughs, John—Last Harvest
- Chesterton, G. K.—What I saw in America
- Freeman, L. R.—Down the Yellowstone
- Barrington, E.—The Ladies
- Davis, Jas. T.—Iron Puddler
- Sarett, Lew—Box of God
- Wister, Owen—Neighbors Henceforth
- White, S. E.—Daniel Boone
- Stefansson, V.—Hunters of the Great North
- Cohen, H. L.—Longer plays by modern American authors
- Sherman, Stuart P.—On Contemporary literature
- Grey, Zane—Day of the Beast
- Matthews—Validity of American Ideals
- Becholdt, F. R.—When the West was young
- Ford, Henry—My life and works
- Bradley, Mary Hastings—On the Gorilla
- Bates, Katherine Lee—In Sunny Spain
- Monroe, Harriet—Anthology of recent verse
- Davis, Richard—Bar Sinister

The people who don't care how high the taxes go, usually pay a large share of them in indirect ways.

FAVORITE RECIPES

An effort is being made to establish a “Favorite Recipe” column for the benefit of the women of this vicinity. There are many, many good cooks here, and each one has one or more recipes which they pride themselves with being in possession of. The Press is asking that through this column, such favorites be given to their friends and neighbors, for one would much rather try something new that has been a success with some of their friends. All recipes should be signed, and sent to “Favorite Recipe” column, in care of the Highland Park Press Office. Following are a few recipes for the first week:

Fruit Cake

- 12 eggs
- 1 lb. flour
- 14 oz. butter
- 2 lb. raisins
- 2 lb. currants
- 1 lb. mixed peel
- 1 lb. brown sugar
- 1 nutmeg
- 1 tsp. ground cloves
- 1 tsp. rose extract
- 1/2 tsp. soda

Beat eggs to a froth. Cream butter and sugar and add eggs and flour to this mixture. Dissolve soda in 1 tablespoon of boiling water, and add to mixture. Add fruit, nutmeg, cloves and extract and bake in a moderate oven. This cake will keep for months.

Mrs. Albert Larson

Delicious Chocolate Cake

- Whites of 8 eggs
- 2 cups of sugar
- 1 cup of butter
- 3 full cups of pastry flour
- 3 tsp. of baking powder sifted with flour
- 1 cup of sweet milk

Beat butter and sugar to a cream; add milk and flour alternately; then add stiffly beaten egg whites. When well mixed divide into equal parts and into half the mixture grate a whole cake of German sweet chocolate, melted. Bake in four layers, 2 light and 2 dark. Alternate the dark and light layers and spread with the following custard:

- Add 1 tablespoon of butter to 1 pint of milk and let come to a boil.
- Stir in 2 eggs beaten with 1 cup of sugar. Add 2 teaspoons of corn starch dissolved in a little milk. When thick let cool and spread between layers.
- Ice top and sides with white boiled icing.

Mrs. Walter Cope

Christmas Candy

Equal measure of the following: Stoned dates, seeded raisins, white raisins, citron, orange peel, shelled walnuts, shelled pecans, shelled almonds, candied cherries, candied pineapple, dried apricots, marshmallows. Grind all fruit in meat grinder. Break nuts in quarters or thirds and cut marshmallows with scissors into quarters. Mix and knead well. Roll between boards sprinkled with powdered sugar into long sausage rolls. Let ripen in cool place for 48 hours. Slice with a sharp knife.

Mrs. Evva Truax

GRACE M. E. CHURCH

William E. Grose, Pastor
Next Sunday evening, Prof. R. L. Sandwick, principal of Deerfield-Shields high school, will give to our people an illustrated description of his trip from Verdun to Oberammergau. Last summer he had the great pleasure of not only going over many of the battle fields of the World War but of witnessing the Passion Play at Oberammergau. The lecture will be illustrated with slides made from pictures he secured from these notable places. Surely a full house will greet him. The lecture is free to all. Come.

Next Sunday morning the pastor will deliver a Thanksgiving sermon. Many of our Sunday school boys have joined the Boy Scout troop that has been organized through the kindly encouragement of General Moseley. They meet on Saturday evenings in the chapel. A club room is being provided for them and the boys look forward to a royal good time.

Our new pews will soon be in place, the church redecorated, aisles carpeted, a new chancel rail will adorn the platform, and other needed improvements will be completed, and Grace Methodist church will be in condition to make worshippers comfortable in a beautiful auditorium. More particulars later.

CHRISTIAN SCIENCE

Subject for next Sunday's Lesson sermon, “Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced.”

Services are held in this church every Sunday morning at 10:45. Sunday school meets at twelve o'clock and is open to pupils up to the age of 20 years. The Wednesday evening meeting, which includes testimonies of Christian Science healing, is at 8 o'clock.

You are cordially invited to make use of the reading room at 387 Central Avenue, which is open every week day from nine o'clock in the morning until six o'clock in the evening and Sunday afternoons from two to six o'clock.

The flapper style is said to be going and it is also going some.

What a Wise Woman Knows

The woman who takes pride in her baking and is watchful of the family health is never won away from ROYAL Baking Powder.

She knows that it is absolutely pure and dependable—that for over 50 years it has been used in the best homes in the country.

Sundays 2:00 to 6:00 p. m. for reading only

Maintained by, First Church of Christ, Scientist, Highland Park

Services are held in the church edifice, 381 Hazel avenue.
Sunday morning at 10:45. Sunday school at 12:00 o'clock noon.
Wednesday evening Testimonial Service at 8:00 o'clock.

You are cordially invited to attend these services and to visit the Reading Room.

Distinction

WHEN choosing gifts in jewelry, the first requirement of people of taste and discrimination, is distinction. Their tokens of friendship and affection must be far above the commonplace.

Many of these people have expressed their appreciation of our store as the home of desirable gifts.

You will find here distinctive jewelry and correct silverware, as well as unusual and tasteful novelties in delightful variety. Prices accord with value.

You are cordially invited to pay a visit to our store and view our collection before the rush of Christmas shopping.

Get More Eggs this Fall and Winter!

The one great mistake most poultry raisers make is in the idea that scratch feeds make eggs, and this accounts for their failure to get eggs in the winter and fall.

Scratch feeds do not make hens lay. Just so long as you make scratch feed the bulk of your hen's ration, you will fail to get eggs. Scratch feed is for the hen's bodily maintenance—to make her exercise, scratch—to satisfy her while on the roost, and not to make eggs. The feed that will make hens lay abundantly must be a soft feed, finely ground and correctly balanced—a feed composed of materials like hens pick up in the Spring, when their egg production is highest.

FUL-O-PEP DRY MASH

The Great Oatmeal Poultry Feed

is that kind of a feed—compounded along nature's lines—made solely to make hens lay. It is a combination of proven egg making materials with several other valuable ingredients which come as near nature's egg-making food as it is possible for expert knowledge, science and experience to produce.

To get more eggs, Feed FUL-O-PEP DRY MASH—all your hens will eat. Keep it where they can get it all the time, and feed Ful-O-Pep Scratch Feed about an hour before they go to roost—then you'll get eggs and lots of them. We guarantee it.
