THANKSGIVING DAY

Today is national Thanksgiving day. It should have general observance. The people of this country scarcely realize how much they have to be thankful for, as compared with the nations of Europe and countries elsewhere on this old earth. Americans are peculiarly blessed in so many ways that time and space forbids their recitation. Suffice it to say that for the people of this land every day might well be a day of thanksgiving, but as custom makes one day outstanding for that purpose Americans tomorrow everywhere should reverently thank Almighty God for His goodness and mercy and the manifold blessings which he has showered upon this land in the year that is past. Make today a real day of thank offering. Americans have reason to be thankful.

AMATEUR SPORTS

In this city and county, as elsewhere throughout the land, there is evident of late increased interest in amateur sports, and the promising feature of this interest is that there is a rapidly growing number of persons, old and young, of both sexes, who participate in some sport or another. This is the secret of physical improvement of a nation. No people can gain physical excellence by riding about in cars or sitting on the side lines and letting paid professionals "do their stuff." The increased number of participants in bowling and horse shoe pitching among the older men also is a good sign. It means that physical training is coming into its own in this country. And there is another fine thing about it. Men and women who are accustomed to vie good naturedly with one another in various sports are better sportsmen in the game of life because of this training.

BIGGEST MOONSHINE PLANT IS SIEZED

Jim Mike, King of Moonshiners, Held; Farm Held Complete Booze Outfit

One of the most important raids ever made by agents of the prohibition unit in any part of the United States has just been made by men from Director C. A. Gregory's office.

In this raid, which was made in Madison county, just north of the St. Clair county line, 130,000 gallons of mash were seized and destroyed, as were also stills of large capacity. In addition, the king of Illinois moonshiners and his three trusted aids were placed under arrest.

The men taken into camp were Jim Mike, the moonshine king; Angelo Prettillo, Martin Lumatto and John Bruno. They were taken before United States Commissioner Burroughs in Edwardsville, where Mike was held to the federal grand jury in \$5000 bond and the others in \$2000 bond each.

Operatives from Director Gregory's office say that the moonshine plant seized was beyond all doubt the largest in Illinois and in their judgment the largest being operated in the United States. The moonshining operations were being carried on, on a small and secluded farm which Mike had evidently purchased for this sole purpose.

That Mike had gone into the moonshining of whiskey as perhaps no other moonshiner had ever attempted to is shown in the fact that he had erected three concrete mash vats on the "farm" of a total capacity of 130,000 gallons of mash. There were two of 50,000 gallon capacity each and a third of 30,000 gallons and every vat was practically filled with mash almost ready to be placed in the stills.

HIGH SCHOOL P. T. A. TO MEET DECEMBER 7

"Character Building" Subject of Evening Meeting; Interesting Speakers

The next meeting of the Deerfield-Shields High School Parent-Teacher association will be held December 7th, Thursday, at 8 o'clock p. m., and not only the members, but the mothers and fathers of all children attending the high school are cordially invited and urged to come. The subject chosen for the evening is Character Building. Short talks on the different phases of this, our own problem, will be given by speakers as vitally interested as ourselves.

Dr. Nelson Hall, Lake Bluff, will speak briefly on "Service." Rev. Walter C. Bihler, Highland Park, "Honesty and Truth Telling." Dr. Gen. Roberts, Jr., Lake Forest, "Our Boys and Girls." Miss Kirschner, Highland Park, "Girls' Relations to Mothers and to Girls." Dr. Wm. E. Grise, "Our Boys and Girls." Rev. Stuart B. Edmonds of Lake Forest, "Our Boys." There will be a question box. The faculty and P. T. A. invite discussion, not only on the subject of the evening, but on any matters pertaining to the school which puzzle either the parent, teacher or student. We want to get together for mutual benefit of us all, the advancement of education and the credit of the school.

The program will be opened by the school orchestra and a brief one-act play by students of the Garrick club.

RAILWAY BOWLERS DEFEAT DAIRYMEN

North Shore Line Team Wins by 39 Pins From Bowman Co. Team Tuesday

North Shore Line bowlers, despite the strong finish of the Bowman Dairy Co. team in last night's match at the Majestic alleys, won by 39 pins, taking a lead of 17 pins in the first game and increasing it to 90 at the end of the second. The Dairymen, led by Joe Robatanina with a big 242 game, nearly overtook the railroad men but fell short in the last frame. Neither team hit its stride. Scores follow:
