### PUBLIC LIBRARY

We hope our readers will not overlook our display rack. In truth, the display rack has been put just as squarely across the field of vision of an entering reader as America lay across the path of Columbus. Columbus would have had great difficulty in avoiding the new world, and we are determined that our readers shall with as much difficulty avoid the new books of non-fiction upon the display rack. Many different tastes may be satisfied at this miscellaneous collection, and no reader will find monotony in the selection.

It has been the experience of librarians everywhere that some of their readers suspect them of hiding and hoarding the new, popular fiction; a belief instigated, no doubt, by the fact that the particular books that they want are "never in". But far be it from us to want to hide any books, for a Public Library prides itself not on the books that are "in" but on the books that are "out".

### LAKE COUNTY FAIR ASSOCIATION ELECTS

Nearly All Officers Renamed; Report Deficit of About \$6,500; Plans

The Lake County Fair association held its annual meeting last week at Libertyville and re-elected practically all its officers of this year. Deputy Sheriff T. J. Stahl, of Waukegan, was a new member elected, being named second vice president to succeed George White, of Antioch. With one or two exceptions, practically all the members of the board of township directors were re-elected.

The re-elected head officers are W. L. Woodlin, Area, president, H. K. Vose, Gurnee, vice president, John G. Wirtz, Area, secretary, and Earl H. Corlett, Libertyville, treasurer.

A complete audit by an auditing firm in Chicago, will for the first time make a complete audit, which will be available for publication next week. It was stated however, that, with the exception of the mortgage on the fair grounds, there will be a deficit of about \$6,500. This will be set down however by \$1,500 due from the state, as well as a number of other talks which will come in.

Several members declared that some drastic changes would have to be put into effect this year in an effort to wipe out the deficit and put the association on its feet financially.

The fair last year was very successful and the officers were complimented upon the result of their efforts.

### MAKING UP A CHRISTMAS GIFT

Many people who have always given Christmas gifts liberally face embarrassing questions in making up their list for the coming holidays. The cost of living has made it difficult for some years to give on the old scale of liberality.

A gift made because one feels that one must, and not prompted by desire, lacks the sincerity that ought to go with the Christmas spirit. Many people should give less to personal friends who are not in need of anything, and should make the offerings instead to some who are having to struggle to keep their homes together.

If people can't afford to make certain gifts, they should frankly not be led by appearances to keep on making them. The pretty cards of greeting which are so much used now, enable people to send each other messages of cordial friendship without going in for expense beyond their means. The Christmas gift custom is a beautiful one, but should be kept spontaneous and natural.
