MAYOR IS URGED TO FINISH JOB

(Continued from page 1)

provements. The mayor has made a study of them all and has all the details worked out, and his friends urged that no administration is better fitted to carry these projects to completion than the one which began them and knows all the ins and outs of the plans and details of preliminary work.

Leave Well Enough Alone

"Leave well enough alone" is the slogan of the signers of this petition which is everywhere met with warm expressions of appreciation for the splendid record of Mayor Hastings' administration and emphatically voiced hopes that he will agree to carry on until the extensive plans which he has inaugurated are successfully completed.

The Greater Highland Park project is one of the greatest municipal undertakings ever attempted by a local administration. It is only just launched, but the plan has been well received, and it is argued by public spirited citizens that nobody can better push this project to successful completion and ensure systematic development and co-ordinated expansion of Highland Park than the man whose vision has made this city's present unique financial position unsurpassed in the state.

Finish the Job

It is felt that Mayor Hastings should, if possible, reconsider his intention to retire from the council. It is urged that he permit his name to be placed before the people again as mayoralty candidate, because his great work is not finished and because the people of this city are confident that nobody can complete work to better advantage for the city and its people than their present mayor, Samuel M. Hastings.

Text of Petition

The text of the petition which is being circulated and largely signed is as follows:
"To the Honorable Samuel M. Hastings, Mayor of Highland Park:
"We, the undersigned citizens of Highland Park, desire to hereby express to you our appreciation for the great service you have rendered the City as Mayor during the past eight years. We feel that your untiring and unselfish devotion to our interests entitles you to be relieved of the duties of this office at the close of your present term. Nevertheless we feel that your further support and guidance in the work of carrying out the plan, a Greater Highland Park, as conceived and outlined by you is of vital importance to the future of our city. Therefore, while not unmindful of the sacrifice which this burden would require of you, we earnestly request you to permit us to announce your name as a candidate for Mayor and we hereby pledge you our hearty support during the term of your office."
