Endeavor to be first in thy calling, whatever it be; neither let any one go before you in well doing; nevertheless, do not envy the merits of another, but improve thine own talents.—Selected.

GO TO CHURCH

How many of us remember way back in the "good old days" when we sat in the churches of our fathers and heard the good word read and explained by the saints whose lives were expounds of their belief? Perhaps in reverie we can still hear the preacher read "I am the resurrection and the life." "Let not your hearts be troubled." "For God so loved the world that he gave His only begotten Son" and all those other splendid promises that crowd the old Book. And today in thousands of churches all over the world the same promises are being read and the same gospel preached. Maybe we haven't realized it because, somehow, we have lost the habit of going to church. Perhaps that is why many of the dreams of youth have not turned out as they promised. Perhaps we have been following the substance too much and forgetting the vision. Let's go to church again and get in line with the infinite and the things that make life worth living. The welcome sign is always out at the door of the church of God. Go there Sunday and get inspiration and a new outlook on life.

INTEREST IS SHOWN

That notable interest is being taken by the people of Highland Park in city affairs is shown by the large vote cast in Tuesday's primary election, when, although there was in reality no contest, the total vote cast was in excess of the total vote in the regular city election four years ago, according to official figures. This is a good sign. It is always a good sign when the public manifests interest in municipal affairs. It means that the people are thinking about the general welfare and are anxious to take a hand in the direction of the affairs of the community. Just what is the cause of the present increased interest as shown by the primary vote is not clear, but taxation, proposed improvements and the Greater Highland Park annexation plan all may have helped to create the interest which brought out the vote. The large number of ballots cast in the primary election, when there was no contest, augurs well for a record vote at the city election April 17.

THE GREATEST CAUSE

The cause of the children is the "greatest cause." All others should be subordinated to it. There is no more important work for the men and women of this generation than that of seeing to it that the children who will be the men and women of the next generation have the best possible opportunities to obtain an education. Upon education depends the perpetuation of democracy and perhaps the maintenance of civilization. Education must ever keep ahead of other influences on the young, or the future can promise little for the race. The public school is the greatest influence for the increase of knowledge and the safeguarding of democracy and all the hard-won victories of civilization as it mounted from step to step through the ages.

In Highland Park just now one school is seeking aid to afford better and broader facilities for its pupils. Both public schools are building for the future, literally and figuratively. How great that building is nobody can predict. It means much that these children should have the advantage that these public spirited citizens who are working in their interests declare they should have. It is the duty of the men and women of Highland Park to see that they get these advantages. There is no greater, no more important thing in life than the education of the young. Get under every project that will extend its scope. Help the "Greatest Cause."

FIRST FIRE ALARM  
IN OVER 3 WEEKS

Firemen Called Monday Morning  
To R. J. O'Brien Home;  
No Damage

For the first time in 22 days the fire department was called out Monday morning. The call came from the residence of R. J. O'Brien, 634 Central avenue, where a chimney fire had caused apprehension. The firemen responded quickly and the blaze was soon out without any damage resulting.

5TH ANNUAL DANCE  
OF H. P. FIREMEN

The fifth annual ball of the Highland Park fire department will be held Wednesday evening April fourth at the Deerfield Shields high school. The proceeds of this dance will be used to procure new equipment for the local department, and it is hoped that every resident of this city will respond to the call when asked to purchase tickets. Remember the date, April 4th.

ST. PATRICK'S DANCE  
TO BE HELD SATURDAY

Ouilmette Council, Knights of Columbus, will hold a St. Patrick's dance Saturday evening, March 17, at the Deerfield-Shields high school. The committee in charge of the dance consists of William Dooley and Gregory Sheahan. Good music has been procured for the dance. The public is invited to attend.

MRS. MITCHELL DIED  
TODAY AT RAVINIA

Mrs. Hattie Mitchell, 69, wife of Eugene Mitchell, died at 6 o'clock this morning at her home, 1710 Rice street, Ravinia. She is survived by her husband and two daughters, Miss Azora Mitchell of Ravinia and Mrs. Harry Wicklander of Highwood. FORMER RESIDENT IS  
MISSIONARY IN CHINA

Mildred Welch Now in Besieged  
City in Chengtu. Story  
in Illini Weekly

The following story was clipped from the Illini weekly of March 6th. Miss Mildred Welch who is spoken of in the article is a former Highland Park girl and graduate of the Deerfield-Shields high school.

Mildred Welch '21 and Margaret Brayton who took graduate work here in 1921 are carrying on missionary work in Chengtu, China, which according to latest reports, is being besieged by Yang Sen's army.

Chengtu is the provincial capital of Szechwan, where western Chinese warfare is centering. Gen. Wu, with the help of Yang Sen, hopes to bring Szechwan under military control.

The work of Miss Welch and Miss Brayton in China is to organize a woman's college in Chengtu. It takes five weeks for their mail to reach here, so nothing can be heard of their condition.

Miss Welch describes Chengtu as "a remarkable city with wide streets, progressive spirit; a great educational center,—so old that it was standing when Marco Polo came this way."

ILLINOIS MOTHER  
TO 4,000 ORPHANS

SHARING IN THEIR CARE

State Deserves Tribute on Day  
Set Apart in Honor of  
Mothers of the  
Race, May 13

Mother's Day, designated by statute as the second Sunday in May, is set apart for observance along the lines suggested by the name.

On that day the people of Illinois will pause to honor, each in his or her own way, the personage who bears the blessed name of mother, whether she be still in the land of the living or has passed to that great beyond from whence no messenger ever has returned.

One of Greatest Mothers All of which brings to mind the pleasing fact that Illinois, as a commonwealth, is one of the greatest mothers in the world. Illinois is mothering more than 4,000 children, in a literal sense and to the fullest extent that the term implies.

There are in the various institutions, maintained by the state the number of little children mentioned. The motherly ministrations are performed through the Division of Children, the Soldiers' Orphans' home at Normal and in other places where fate has cast the helpless little ones into the lap of the state. Mother like, she is guiding their little feet into useful paths and equipping them for the battle of life in a manner that called forth an eloquent commentary by Governor Small in his biennial message to the legislature early in January.

So when, on May 13, you pay tribute to mother, Illinois will share the honor 4,000 fold.

The parents who allow their kids to do all kinds of damage, think that landlords are mighty mean for not taking in families with children.
