HOME PLAY STUNTS FOR EVENING HOURS

FUN FOR WHOLE FAMILY

Another Batch of Leisure Time Activities Explained by Community Service Director

By E. L. Walkup
"Last week I gave you some stunts to do, Joe, and I know they went so good I am going to give you some more dandys that we have tried at home."

Nickel Walk—Put a handkerchief on the table with a nickel in the center. Over the nickel put a tumbler supported by two matches. This puts the nickel between the matches. Then take away the nickel without touch-

ing the glass or matches. It looks hard but if you hold the handkerchief taut with one hand and scratch the handkerchief on the opposite side directly in front of the nickel, the money will gradually come out from under the tumbler.

Handkerchief Pick Up—Did you ever try standing with your back to the wall with your feet and shoulders touching the wall, then pick up a handkerchief at your feet with your knees straight?

Arm Pass—You're a good one if you can do this! Put your feet close together with your inside foot touching the wall, your body hugging the wall sideways and your arm next to the wall in back of your body. Then try to bring your arm forward without moving your feet.

Wiggle Walk—Dad gave us this one, said they used to play it at parties when he was a kid. He gave me his cane and told me to put my head down on my hands on top of the

cane and close my eyes. Then he turned me around the cane about eight times, straightened me up and told me to walk across the room and shake hands with Mother. Just try that once. Well, so long, Joe, maybe next week I can tell you about a party us kids are giving to Dad and Mother this week. I know we are going to have a big time for each of us is going to have something special to pull."

This is just a sample of some of the material that is kept on file for your use at the Community Center. If you want to know anything about any leisure time activities or suggestions for parties or socials, if the club wants to put on a show or musical entertainment you can get this service at the Center and the service is all free.

The boys who are fearful of the warm Saturday night bath frequently go in swimming at the old pool at a very early and cold date.

INTERCHURCH LEAGUE BASKETBALL WINNERS

EVANGELICALS AND Y. W.

Leaders in Boys & Girls Games Played in Last Few Weeks; Finals on Saturday of Last Week

Standing of Teams			
BOYS			
Evangelical	5	4	1.800
Boys Club	7	5	2.720
Methodist	5	3	2.600
Episcopal	3	1	2.333
Presbyterian	6	0	6.000

GIRLS			
Y. W. C. A.	5	5	0.1000
Presbyterian	4	2	2.500
Episcopal	4	2	2.500
Ebenezer Evan.	3	1	2.333
Evangelical	4	0	0.000

Last Saturday's game ended the season for the Church league. Although there are several postponed games to be played off, it was decided to stick to the schedule as planned. The first season for church basketball has been very successful, and those who remember how slow the games were at the first of the season realized that both the boys and girls were playing a different brand of basketball at the end of the season. The Evangelical team, which won the championship for the boys played a steady and fast game, and it cannot be said that they at any time were having it easy.

The Y. W. C. A. team had everything their own way all through the season and at no time in any game

were they forced to play their limit, but that doesn't mean that the girls' games were not interesting, for the floor work and passing of the girls was fast basketball. Last Saturday the Boys club trimmed the Presbyterian team, 24 to 10.

Telephone Highland Park 172

Special Offer

Valve Grinding Week

April 2 to 7, inclusive, all 6-cylinder cars \$13.50
(except Marmon which is \$18.50)

DURING the past six months we have kept an accurate record of all valve grinding jobs on 6-cylinder motors done in this garage. We find that, including tune-ups, it has averaged about \$16.00 per car. We believe that if we increased our valve grinding business we could reduce this cost considerably.

We are going to inaugurate a valve grinding week commencing Monday, April 2nd, closing Saturday, April 7th. We are going to grind valves, clean the carbon, clean and adjust the spark plugs, clean and adjust the distributor or magneto points, and furnish the necessary gaskets for the flat rate of \$13.50 for all 6-cylinder motors, with the exception of the Marmon car for which we will charge \$18.50.

We think that in making this offer, it will increase the volume of valve grinding to such an extent that we can use 4 or 5 mechanics during this week to specialize in valve grinding, thereby enabling us to cut down our overhead to such an extent that we can make this low offer. In view of the fact that this is the time of the year you usually get your car in shape for the coming summer, you surely cannot afford to pass up this offer as it means a saving of \$1.50 to \$4.50. This garage is equipped with the necessary tools for refacing and reseating your valves and motor block, insuring you a first class job.

We will be pleased to have you give us a ring or call on us for an appointment during this week. If we receive the co-operation of the motorists in this venture we will continue putting on flat rate weeks for different work on cars as we believe the time is coming when the public will demand a flat rate system.
