OAK TERRACE SCHOOL

The seventh and eighth grades took their final examination in civics last Thursday. The remainder of the term will be devoted to hygiene in place of civics.

The dance given under the auspices of the Oak Terrace Parent-Teachers association last Friday evening was a success in every way. A good sum of money was cleared which will be put into the treasury of the association to be used for equipment in the new building.

The P. T. A. announces a motion picture for this evening at eight o'clock. "The Ninety and Nine" is one of the latest pictures of the screen. It is of real interest because it pictures an actual forest fire in the foothills of the Sawtooth Range. Those who never have seen a great forest fire, have small conception of the awful grandeur of the scene, or the magnitude of the destruction. By a curious coincidence, the scenes were made during the actual fighting of a monster fire that broke out on Mt. Talkwith, in southern California.

Friends and patrons of the school will be glad to hear that Miss Gertrude Seery has decided to remain as teacher of the first grade for the rest of the school year.

The teachers and children are working on an operetta to be given in May.

Ruth Roslund and Mary Welch were the winners of the prizes offered by the P. T. A. to the pupils selling the most tickets for the benefit dance.

All the pupils together with their teachers marched to Fort Sheridan Monday morning to greet General Pershing. The general gave a short talk to the children urging them to be the best citizens possible.
