

SANDWICK HONORED BY TEACHERS' ASSN.

Elected President by Lake Shore Educators' Division of State Society

Supt. R. L. Sandwick of Deerfield-Shields high school was elected president of the Lake Shore division of the Illinois State Teachers association, at its meeting held Friday at Evanston. Mr. Schneider of the Deerfield-Shields faculty was appointed a member of the program committee. Practically all the educational leaders in Lake county attended the meeting, and there were more than 2,000 persons present, it being the biggest and most successful convention this group has held since its organization.

A resolution approving the establishment of junior colleges in all cities of Illinois having high schools was adopted by the association. The object of the colleges is to relieve crowded conditions in the universities throughout the country, which educators view with concern.

At a recent meeting of the University club at Waukegan Supt. R. L. Sandwick of this city gave a scholarly address on the subject, "Ancient Man," discussing the Neanderthal man in particular. His talk was illustrated by slide pictures of prehistoric skulls found in different parts of the world.

Some people say they are opposed to the League of Nations by the back door, but they could perhaps slip in unnoticed through the woodshed window.

OPEN CITIZENS' CAMP AT CUSTER

FOUR COURSES ARE GIVEN

Third Annual Training Season Begins at Battle Creek Government Post on August First

The third annual Citizens' Military Training camp for the states of Illinois, Wisconsin and Michigan will be opened August 1 at Camp Custer, near Battle Creek, Michigan, and the training for the Red, Advanced Red, Blue and White courses will last four weeks. There are 25 of these camps throughout the United States all of them under the control of the United States government assisted by the Military Training Camps association.

Noble Brandon Judah of Chicago is civilian aide for corps area and James Simpson of Chicago is civilian aide for the state of Illinois.

Local Representatives The M. T. C. A. representative for Lake county is E. H. Clifford of Waukegan and applications for the course may be obtained from him. Free physical examination for the applicants will be given by the following: Dr. L. G. Brackett, and Dr. A. H. Claebbe of Waukegan, Dr. Arnold W. Garlitz of Lake Forest, Dr. F. T. Rollins of Fox Lake, Dr. Harry B. Roberts and Dr. Daniel W. Rogers of Highland Park.

As Camp Custer accommodations are limited each county can be allotted only a certain quota of the total that can be taken care of at the camp. The quota for above county is 28.

Scope of Courses The first, or Basic Red, course is open to all men between the ages of 17 and 24 years inclusive, who are of sound character, intelligence and physical condition. No education qualifications are prescribed for this course and the men who take it do not incur any future service obligations, although it is hoped that all will be inclined later to associate themselves with the National Guard or the Organized Reserves. Each candidate must have a certificate of character signed on his application blank by some prominent and reputable citizen.

Expenses Paid All expenses are paid by the government, including transportation, uniforms, food and medical care. The daily program calls for a certain amount of military drill, coupled with physical training and many kinds of out-door games. Ample facilities are offered for swimming, baseball, handball, tennis and other sports.

The training at Camp Custer will be carried on in the spirit that infused Plattsburg and will aim at developing health and good citizenship. All young men who desire to attend Camp Custer should make immediate application to the county chairman for the necessary information circulars and enrollment blanks.

WILL ADJUST TAXES UNDER COURT RULING

Attorney Gail Says Report Will Be Made in Accordance With Recent Decision

Highland Park, Ill. April 24th, 1923.

Gentlemen:—The Supreme court on the 18th. inst., held valid the thirty per cent raise in valuation in Highland Park made by the Board of Review on the ground that objectors' evidence did not establish an arbitrary or fraudulent assessment. It appeared from the tabulation of sales made in 1919 that the assessment was 53 per cent of the sales value within the city and without the city the assessment was 15 per cent of the sales values.

The practical results of this decision is explained in my letter published in your issue of the 19th. inst.

The Supreme court in the same opinion sustained objections to illegal tax levies of approximately \$185,000.

I wish to announce through your columns that an adjustment of the 1921 taxes in accordance with the opinion will be attended to by all attorneys representing objectors and a report made in the near future.

Yours truly, Ernest S. Gail
