RATIFY MERGER OF EVANGELICAL CHURCHES

Illinois Conference Completes Session at Freeport With Appointments

The Illinois conference of the Evangelical Church finished its session at Freeport, Ill., Sunday evening with the reading of the appointments of the pastors for the coming year, by Bishop L. H. Seager.

The session was one of the best, and some very important legislation was enacted. The merger of the churches in Highland Park was ratified and the reorganization and reconstruction of the work here was ordered. The next session of the conference will be in Elgin, Ill.

Some important changes were made in the stationing of the preachers. Rev. H. Shadle, late pastor of Ebenezer church, Highland Park, was changed to Norwood Park in Chicago; Rev. I. L. Schweitzer was changed from Logan Square church in Chicago to the large and influential church in Elgin, Ill. Rev. A. J. Bias, one of the able men of the Chicago-area was changed from Chicago-Salem to Oak Street church, Freeport, Ill.; Rev. Philip Beucher was changed from Freeport to Aurora-Zion, and Rev. H. J. Osterland from Aurora-Salem to Chicago-Salem. Six fine young men were licensed to preach, and three were ordained deacons, and one man to the Eldership.

The conference took definite action on the matter of war as a means of settling international disputes, looking with disfavor upon the extensive expenditures being made by our country for armaments.

The conference reached a high tide when the committee on conference policy and program presented a constructive and progressive program on the various phases of the church life and work. Their suggestion in the matter of church unity called attention to be need of emphasizing our common interests rather than our individual differences. Unity is manifested not in uniformity but in co-operative activity on the great movements for the common good.

STREET DEPARTMENT REPAIRS PAVEMENTS

Extensive repairs are being made to paved streets in the city by the city's street department. Holes everywhere are being filled and rolled, and in a short time the pavements will be in good condition. The damage done the paved streets during the last winter was extensive, city officials declare, and the work of repairing this spring is taking longer than usual.
