OPENING GAME TO BE PLAYED SUNDAY

ELKS TEAM VS. GLENCOE

Big Parade and Band Music To Be Features; Locals Shut Out Chicago Nine in Practice Game

Elks baseball opening game will be next Sunday when they cross bats with the strong Glencoe team.

At the practice game last Sunday when they shut out the American Shamrocks of Chicago the Elks team showed mid-season form. F. Glader, pitching, allowed only one hit and struck out 10 men, against one hit and seven strike-outs by O’Toole of the Shamrocks.

For the opening game next Sunday, the Elks band will parade with both teams from the Elks’ hall to the field and the band will be there during the game to help make this one of the big games of the season.

In choosing the Glencoe team for the opening game they have picked out one of the strongest teams in the Chicago City league. The Glencoe team already has played two games this season and has won them both. Last Sunday they shut out the strong Iriquois team of Chicago.

From the showing the Elks team made last Sunday Highland Park will have a stronger team in the field this year than ever before.

There are going to be the ball tossers that will be needed this summer, but more hay tossers are called for in Illinois.

Sound-Proof Walls and Floors Assure Quiet and Privacy for Orrington Guests

THERE will be no audible patter of footsteps overhead—no whispering walls in The Orrington.

Quiet and privacy have been carefully planned for by the architects who have always kept foremost in mind the comfort of those who make The Orrington their home.

Hollow gypsum composition wall partitions, thickly padded and richly carpeted floors will make every room and suite as quiet and secluded as a private home.

It is this careful attention to little but important details that is attracting appreciative folk to The Orrington. Quarters are leasing rapidly.

President Harding complains of the report that he broke eight golf clubs while on his vacation, but if he had broken them on the heads of the office seekers there would have been no popular objection.

TWELVE BILLIONS OF PHONE CALLS YEARLY

The American people make twelve billion calls a year on the telephones of the Bell system alone. The magnitude of this telephone traffic may be further visualized by the statement that the Bell telephone companies employ 130,000 operators and serve some 9,500,000 stations. These operators are located in 5,800 offices, the buildings and land alone representing an investment of nearly \$160,000,000.
