GRACE M. E. CHURCH

William E. Grose, Minister
Our Epworth league services at 6:45 p. m. are a feature of sabbath day worship that deserves the support of all friends of the church. Under the leadership of Mrs. J. C. Laegeler, the new first vice president, the programs are inspiring and helpful. The themes discussed are interesting and the number taking part is increasing. Be sure to attend the league service—and then stay for the song service and worship following.

Our vacation school has been postponed for at least a week. This has been found necessary because of the prevalence of whooping cough and measles. The board of religious education of the Presbyterian church is putting on a program that is most attractive and the pastor of Grace church feels that this great neighboring church and their commendable effort in behalf of the children of the community should receive a large support. However there are scores of beginner, primary and junior pupils who can not attend the Presbyterian school. For those who live in north Highland Park, Grace church will offer such a program if possible with the equipment and helpers at our command. Full particulars next week. There is no reason why every child in Highland Park should not take advantage of these vacation schools.

Judging from the language often heard, the golf courses should be called golf curses.

The wets will never be satisfied until they get the streets lined with filling stations again.

There is a Reason

Each day the number of customer shareholders of the North Shore Gas Company show a substantial increase. This rapidly growing body of shareholders see the many advantages of investing their savings in a substantial home industry.

Our shareholders receive dividend checks four times each year at an attractive rate. Their shares are free from personal property tax and dividends are not subject to normal federal income tax, and best of all their money is safe as it is invested in a well managed public utility, dealing in commodities that are absolutely essential to every day life, the demands for which rapidly increase day by day.
