### CONCERTS FOR CHILDREN

First One This Afternoon With Pleasing Features; Operas To Be Given From July 1 to 8

Ravinia opera, opening the 1923 season with the largest first-night audience of any season last Saturday night, is maintaining high average crowds this week, and this summer's attendance at the far-famed North Shore outdoor theater promises to break all records, according to present prospects.

IN BOURSKAYA

The children of the community who have not enrolled and would like to attend are invited to enter. Registrations will be closed after the Monday morning session. Questions regarding the school may be directed to Miss Kirschner of the Presbyterian church, phone H. P. 683.

Children's Contest Today  
This afternoon the first Children's concert is given at 3 o'clock.

"It is the aim of these Thursday afternoons for children to both educate and give pleasure; to give the children happy entertainment which they will like, and to give it in the best possible manner and through the best means obtainable, says an announcement issued by the Ravinia club. A special appeal is made to children of families of moderate means. All children under 12 years of age are admitted free. The center section of the pavilion at the park is reserved for the children; children only will occupy the seats in front of the boxes; children with adults will occupy the seats back of the boxes; the side sections are open to all."

The program this afternoon will comprise:

The story of the opera "Lohengrin," told by Mrs. Marx Oberdorfer; selection from "Lohengrin," by the Chicago Symphony orchestra; and "The Blue Bird," a fantasy of song and dance, presented by the Grace Hickox Dance Players under direction of Grace Hickox.

The Ravinia club announces another Music Memory contest to be held this season. A prize award for the "best listener at Ravinia Park" will be made at the close of the season. Particulars concerning the contest will appear on the back of the programs at the Children's concerts.

The program for next Thursday afternoon includes the Interpretation of Orchestra Numbers by Mr. and Mrs. Marx Oberdorfer. The numbers will include:

## URGENT CEREMONY AT OPENING OF ROAD

Suggestion Is Made That Suitable Rites Mark The Dedication of Link

There appears to be a growing sentiment in favor of making the opening of the Deerfield road to traffic from end to end on July 19, a special event in these parts, with some sort of formal ceremony and it is believed that such a procedure would be a popular move.

The last concrete on this road was poured west of the railroad on June 20, and as the final sections must be covered with dirt for 30 days, according to state law, the road will not be opened until July 19, when this splendidly-built, 24-foot highway will be thrown open to traffic from end to end, joining Deerfield and Highland Park, affording another connection with Waukegan road to the west.

If the officials of Highland Park and Deerfield village and township, county officials and state engineers who make the final inspection, should arrange some fitting ceremony for the opening of this fine road between Highland Park and Deerfield on July 19, it would be an appropriate climax to the many months of waiting for this event.

## "MYSTERY MAN" AT 4TH CELEBRATION

Don't take offense if friends and neighbors slap you on the shoulder next Wednesday at the Fourth of July celebration in Sunset Wood. They will be merely trying to win the "Mystery Man" prize. The "Mystery Man" will be on the grounds until 6:00 p. m. The person who taps him on the shoulder and says, "You are the Mystery Man," will be awarded a cash prize.

The day's festivities will begin at ten o'clock with a parade to Sunset Wood. Cars will proceed from Lincoln avenue down St. Johns to Central; thence to Green Bay, down Green Bay to Elm Place, and then west into the park. Members of the Elks lodge will assemble at their club house at nine o'clock.

At the park Mayor Samuel M. Hastings will deliver a brief patriotic address.

## NEW PAVEMENT WILL BRING CLUB CLOSER

Briergate Course in Fine Condition This Year; Membership Quota Almost Full

With the opening of the new concrete pavement between Highland Park and Deerfield about the middle of July, Briergate Golf club will again be easily accessible from the north shore. The club will be only about five minutes drive from Highland Park.

The Briergate course, the longest in the Chicago district, is in splendid condition this year. The design of the course has been commended highly by expert golfers, who have been surprised at the naturally hilly and rolling character of the terrain in comparison with other north shore clubs.

The new dining room which was added to the club house last winter has proved a great success. It has a seating capacity of one hundred and fifty.

Briergate has almost reached its full membership quota, but an opening has been reserved for a few residents of Highland Park district, who are able to pass the rigid qualifying test. Applications will be passed on in the rotation in which they are received.

## FIRE DEPARTMENT HAS BUSY MONDAY

Blaze Does Some Damage at the Freight Station; Lightning Causes Trouble

The Highland Park fire department was kept busy with four calls Monday afternoon and evening. Previous to that day there had been only one alarm during the month, an automobile fire at the home of Joe Sullivan.

Monday, however, things began to happen. In the afternoon the department was called to South Sheridan road, east of Ravinia Park, where they spent a warm hour combating a prairie fire.

At 5:45 an alarm was put in from the C. & N. W. freight station, where a lusty blaze was making good headway when the men arrived. The fire began under the oil-soaked planks of the station platform, probably started by a carelessly dropped match or cigarette. A thick cloud of smoke hampered the firemen in their work, and the building seemed to be doomed. By prompt work, however, the men soon had the blaze under control. Later in the evening the department was again summoned to the freight station when a few smouldering embers threatened to start things going again.

That night the severe electrical storm caused more trouble. Lightning struck the wire in West Central avenue causing a brilliant display of natural fireworks. Electric fuse boxes in the homes of James Bowden and George Bowden, were blown out by the lightning, which necessitated quick action by the fire department. Little damage was done.

C. Cantorbury, house on Green Bay road, \$6,500; Arthur Dumas Co., two houses on Brownville and Delta roads, near Ravinia park, \$10,000 and \$11,000; Zimmer & Huber, two more houses in their subdivision, \$10,000 and \$12,000.

## GENERAL DAWES TO SPEAK HERE JULY 6

MINUTE MEN TO ORGANIZE

Meeting to Be Held in the City Building at 8 p.m.; Men and Women Invited; Explain Object

With a view to organizing in Highland Park a branch of the Minute Men of the Constitution, a meeting will be held in the city council room of the city hall at 8 o'clock Friday evening, July 6, at which the principal address will be made by Gen. Charles C. Dawes whose patriotic record in various capacities needs no amplification here.

The public both men and women, are invited to attend this meeting and are assured a real treat in hearing General Dawes, who strikes straight from the shoulder and says what he means in words that mean something.

The membership committee in charge of the meeting July 6 is composed of Francis J. Fox, chairman; F. P. Boynton, J. B. Card, Earl Gsell, Lyle Gourley, E. H. Huber, Russell Mott, Alex Rafferty, Major Roman, S. A. St. Peter, Paul L. Udell, William Witten, Thomas Wyles. Each member of the committee is expected to bring four men with him.

What Society Is  
The Minute Men of the Constitution is a non-partisan association, organized to obtain delegates from Illinois to the Republican and Democratic State and National Convention, pledged to support the inclusion of the following planks in the platform of each party:

1. Advocating the renewal and building up of respect for law and the constitution of the United States.

2. Condemning all influences and agencies which breed class or religious discriminations.

3. Recognizing the right of the individual to associate with others to defend within the law his rights and advance his economic, social and political interests.

4. Endorsing the announced position of the government of the United States, maintaining that the right of a citizen to work without unlawful interference is as sacred as the right of a citizen to cease work, irrespective of whether he is or is not a member of a labor or other organization.

5. Declaring that loyalty to the government of the United States must be above and beyond that to any civil or industrial organization working for the interest of special groups or classes.

The above is a movement for good government. It is not in the interest of any individual candidacy for office in either party.

The action of political leaders and office seekers in evading issues involving the safety of our great free and constitutional government because they antagonize aggressive minority organizations, makes it necessary for patriotic American citizens themselves to define issues or stand idly by and watch the undermining of the republic.

Whether you are a democrat or a republican, to join in this movement does not mean that you abandon your political party. It means that your demand and propose to see that your party properly upholds in precept and action the Constitution of the United States and its principles, for which our forefathers fought and died, and which has given to us a people the blessings of liberty under law.
