New Home of Evanston Branch Cadillac Co.

With the removal of the First Methodist church edifice from the corner of Ridge avenue and Lyon street, Evanston, passes one of the oldest landmarks of the north shore city. For upwards of fifty years the church has occupied this site, a familiar object to the thousands who daily pass to and fro on the Ridge avenue thoroughfare.

The demands of business, demands which cannot be denied, are the cause of the removal. The commercial value of this corner for non-business uses and the new Evanston home of Cadillac motor cars will be opened on the property about the middle of June.

This new sales and service station, established and operated by the Cadillac Motor Car company—Chicago branch—is made necessary by the growth of business, a growth so

rapid that the present building has been found inadequate in the first year of its use. The convenience of authorized service by competent Cadillac mechanics has proved exceedingly popular with North Shore Cadillac owners.

The new structure is planned to provide for future increase in business. Two stories in height, it will have a frontage of 100 feet, depth of 150 feet, a total floor space of 30,000 square feet, and a service capacity of 50 cars a day.

The building will be of most attractive design. Fireproof construction throughout will safeguard the automobiles which are brought in for servicing and the most modern ventilation system will protect the health of the mechanics through proper elimination of the exhaust gases.

A handsome showroom for new automobiles, a used car display room, offices, lounge, and retiring room, parts stock room, and storage space for finished cars will occupy the ground floor. The service department, reached by an incline from the street level, will occupy the entire second floor.

Complete equipment of the special tools which have been developed at the Chicago branch for the economical servicing of Cadillac automobiles will be installed in the service shops. Nothing that contributes to the rendering of proper service will be omitted and Cadillac owners in Highland Park and the neighboring North Shore communities can rest assured that the new Evanston branch will meet every demand upon it for satisfactory work.

DEERFIELD NEWS

Mr. and Mrs. L. F. Allardt, Mrs. C. J. Allardt and daughter, Jane, Mr. and Mrs. Bjornson and infant daughter, Mrs. Robert Steele, Mr. and Mrs. Foster, Mr. and Mrs. Henry Furst and daughter, and Mr. Carl Furst, all of Chicago, were the Sunday guests of Mr. and Mrs. Philip Rommel.

Hydrox

In Hot Weather Particularly—

the ice cream you eat should be absolutely pure.

The same wilting, sweltering heat of the day that sends thermometers higher and human vitalities lower calls for cooling, nutritious refreshment of religiously protected purity.

Just such a rare hot weather refreshment is Hydrox Ice Cream—frozen in an atmosphere a hundred times purer than air and containing 75% more pure cream than the state law requires.

It's refreshing to heat-jaded palates and remarkably health sustaining. You can safely eat more and more ice cream if you always make sure that it's Hydrox.

Hydrox

Mrs. Julia Carrol of Everett spent the week end at the home of her daughter, Mrs. S. S. Love.

Mr. and Mrs. Lincoln Pettis visited Mrs. Pettis' brother, Frank Dukelow, Tuesday, who is very ill at his home in Chicago.
