

SPECIAL ASSESSMENT NOTICE
No. 268

Notice is hereby given to all persons that the Council of the City of Highland Park, County of Lake and State of Illinois having ordered the construction of a cast iron water main in Glencoe Avenue from Gray Avenue to Green Bay Road, the ordinance for the same being on file in the office of the City Clerk of said city and having applied to the County Court of Lake County for an assessment of the costs of said improvement according to benefits, and an assessment thereof having been made and returned to said court, the final hearing thereon will be had on the 7th day

of July A. D. 1923, or as soon thereafter as the business of the court will permit.

Said assessment is payable in Five (5) installments, with interest at the rate of six (6) per centum per annum on all installments from and after date of issue of first voucher. All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

THOMAS MORTON
Officer appointed to make said Assessment.

Dated at Highland Park, Ill., June 28, A. D. 1923. 18-19

SPECIAL ASSESSMENT NOTICE
No. 269

Notice is hereby given to all persons interested that the Council of the City of Highland Park, County of Lake and State of Illinois having ordered the construction of a Cast Iron Water Main in Clark Street from Broadway South a distance of 380 feet, the ordinance for the same being on file in the office of the City Clerk of said city and having applied to the County Court of Lake County for an assessment of the costs of said improvement according to benefits, and an assessment thereof having been made and returned to said court, the final hearing thereon

GIFTS RECEIVED BY STATE UNIVERSITY

VALUED AT OVER \$74,220.00

This Total is For Years 1922 and 1923 Only; Also Tract of 200 Acres of Farm Land Donated

Eight gifts to the University of Illinois during 1922-23, including funds totalling \$74,220 and farm lands aggregating 200 acres, have been announced.

A bequest of \$720 has been given by the Illinois agricultural association through Director H. W. Moorehouse of the department of research, to be paid as a stipend to a research assistant in dairy husbandry.

A gift of \$5,000 (whenever that amount shall be realized out of the rents and sale proceeds of certain real estate) was made by Louisa Catherine Gregory, who was the wife of the first regent of the university, and who died at Washington, D. C., on May 1, 1923, the income of which is to be used as a scholarship fund for the aid of worthy, indigent, and self-sustaining students, and to be known as "The John M. Gregory and Louisa Catherine Gregory scholarships."

For Students Hospital
A further donation of about \$25,000 from Senator William B. McKinley towards the construction of the students' hospital for which some years ago he gave securities at that time having a paper value of \$120,000, has been made.

A bequest of \$10,000 was made by Joseph B. Alston Morris, deceased, late of the county of Anne Arundel, Maryland, to be held as a permanent fund to be loaned to worthy students who shall be in need of funds to enable them to continue as students in the university.

Contributions from the Engineering foundation to continue research on the subject of the fatigue phenomena of metals, from the General Electric company, the Western Electric company, the Allis-Chalmers company and the Copper and Brass research association, total altogether \$81,000.

Farm Land Given
On March 12, 1923, Joseph Carter and his wife, Jane Pennell Carter, of Rankin, Vermillion county, conveyed to the board of trustees farm lands aggregating about 200 acres, the income of which is to be used as a loan fund for certain classes of students.

By direction of President Samuel M. Vauclain of the Baldwin locomotive works, the Standard Steel company sent a pair of wheels mounted on an axle as an addition to the equipment of the locomotive testing laboratory.

Dr. Ira O. Baker, professor emeritus has promised to give the university interest-bearing securities having value of \$2,000 for the establishment of two annual prizes of a total value of \$100, to be given to the senior civil engineering students attaining the highest standing in regular academic work and in certain other related activities.

LEBANON BARBERS HELP BOOST CITY
Guide Discussion in Their Shops Along Lines Favorable to Improvement

All the barbers of Lebanon, Pennsylvania, were recently invited to a smoker given by the chamber of commerce. The invitations were extended, says the Nation's Business in the belief that the barbers have a contentious opportunity to give visitors a favorable impression of the city, that many barber shops are forums of public discussion where municipal questions are freely argued, and that the barbers should have a true conception of the city's development with an understanding of the part taken by the chamber of commerce in the general progress. The invitations made it plain that the smoker was not in any way a scheme to promote the chamber's membership or influence. The barbers got an entirely new point of view on their opportunities for service to the city, and have actually made use of these opportunities.

TENNIS TEAMS WILL COMPETE AT SKOKIE

The Western Lawn Tennis association announces all preparations have been completed for the Illinois State Tennis Championship tournament to be held on the clay courts of the Skokie Country club at Glencoe the week of July 2 to 8, inclusive.

Leading tennis stars from every part of the country will compete in this great event, which promises to be of nation-wide interest among the followers of the net sport.

Included in the events of the tournament will be the men's singles and doubles, women's singles and doubles, junior boys' singles and doubles, junior girls' singles and doubles, and boys' singles and doubles.

THE MEMORIAL PARK

The Beautiful North Shore Cemetery

NON SECTARIAN

Gross Point Road and Harrison St., Evanston, Ill. Tel. Evanston 4266
Chicago Office, 701-4 Marquette Building. Tel. Central 8330

At the Northern boundary of Chicago there is located a beautiful MEMORIAL PARK. Its founders could not have secured a more suitable expanse of ground, upon which to establish a cemetery that will for all times be a beautiful home for those who have gone before. With the comfortable office building, the magnificent chapel, beautiful front park, located on the highest part of Cook County, its flower lined walks and boulevards, jewel like lake, the abundant shrubbery and various trees, it is unequalled in its quiet dignity and beauty.

All lots are sold with full Perpetual Care. Connected with Memorial Park is one of the largest perpetual care funds on deposit with a strong Trust Company of Chicago under a Trust Agreement which keeps the funds inviolable. Full perpetual care is absolutely guaranteed.

A Coal Train 65 Miles Long

A Ton of Coal a Minute

FOR every minute in 1922 this company had to have a ton of coal ready for use. Our plants required a daily average of 1,416 tons.

Yet, we used this coal so carefully and efficiently, that we produced more electricity and gas from each ton of coal than ever before.

This is important not only from the standpoint of operating efficiency, but as a constructive step in this company's program to assist at all times in conserving the nation's resources.

The year's supply of coal amounting to 516,922 tons required the movement of 9,399 freight cars of 55 tons capacity,—the equivalent of a train 65 miles long.

While coal is high in price and sometimes difficult to obtain, we so safeguard our supply and develop efficiency in its use, that whenever you press a button or turn a lever our plants are ready to serve you.

This company has but one purpose and that is to give continuously good service to the greatest possible number of customers at the lowest practical cost.
