## CAMPAIGN BOOSTS LOCAL MERCHANTS

### EDUCATIONAL PROGRAM

To Demonstrate Advantages of Trading With Home Business Houses; Benefits To All Shown

With this week's issue, The Highland Park Press launches a "Boost Your Community Merchants" campaign, which will run in this paper for twelve weeks. The campaign is principally designed to acquaint Highland Park residents with the buying possibilities in their own community through the means of studied education.

"The idea is an excellent one", said a prominent Highland Park merchant. "The campaign will bring the attention of the community to the many advantages to be found in patronizing their neighborhood merchants."

**Discusses Plan**  
In discussing the campaign more thoroughly, he said:

"All we have to do is to trace the dollar bill here. When it is spent here it goes to the merchant and he, in turn, uses it for the rent and other expenditures, and the landlord in turn spends it with the butcher, the druggist, and so on. If the people could follow such a dollar bill around in its travels, they would never hesitate in doing their buying in their neighborhood. The merchants need this support, and above all the community benefits by it. Such a liberal educational campaign will have far-reaching effect and make the community better and greater for it."

Once the residents here realize where their interests lie, one need not speculate as to the results of this campaign. However, it is up to the individual firms to keep the public acquainted with the line of goods and service they are prepared to render by giving it the necessary publicity. In other words, let us get better acquainted in our business and personal relations, and above all else, let us know our community.

**Merchants Enthusiastic**  
Merchants are already enthusiastic over the plan. In connection with this one of our readers has suggested the following as being applicable to our community:

"Make of me what you will—I shall reflect you as clearly as a mirror throws back a candle beam.

"If I am pleasing to the eye of the stranger within my gates, if I am such a sight, as having seen me, he will remember me all his days as a thing of beauty, the credit is yours.

"I am more than wood and brick and stone, more even than flesh and blood—I am the composite soul of all who call me Home.

"I am your community."

## MORE ROAD PAVING CONTRACTS READY

Another letting of hard road paving construction, grading and bridge building is announced by the State Department of Public Works and Buildings, Division of Highways. The date of opening of bids will be August 8th, at ten a. m. The work will consist of approximately 86 miles of paving, 75 miles of grading and 45 separate bridges.

With a grand total of 394.21 miles of paving completed in Illinois in 1923, the Division of Highway is rapidly approaching its goal of 50 miles per week, according to its latest report on progress made to Governor Small.

During the week ending on that date 40.79 miles of standard 18 foot concrete pavement was laid. The largest week's run for a single shift in the period covered by the report is accredited to contractor W. F. Smith, Section 21, Route 25, whose crew laid 6,094 feet. Incidentally this broke the 1923 record for a week's run. The H. K. Rhoades company is accredited with building the greatest mileage of pavement this year, having laid 8.12 miles.

The report shows that there are now employed in road construction 9,100 men, 2,000 teams and 116 mixers, besides the numerous fleets of trucks and other motor equipment.
