

Announcing Formal Opening of The ORRINGTON

THE PUBLIC is cordially invited to attend the formal opening of THE ORRINGTON on Saturday evening, September the twenty-second, from six o'clock until midnight, when it will be our pleasure to exhibit typical apartments, the dining rooms, banquet hall, ball room, roof garden, gentlemen's club room and many other attractions.

For those who seek a winter or permanent hotel home of utmost comfort THE ORRINGTON offers accommodations above the ordinary plus the big advantage of suburban location and twenty-two minute transportation to the city. There are still many desirable single rooms and apartments available and which we will be glad to show.—*The Management*

Special traffic officers will regulate traffic on opening night, Saturday, so you may be assured of a place to park your car while you visit this hotel of hotels.
