

MANY NEGROES ARE MOVING NORTHWARD

KANSAS CITY IS OVERRUN

Twenty-five Thousand Already Have Passed Through That Place En Route From Old South

The traditional problem of the south—the Negro and his status in the economic and political structure—confronts the north today, says a United Press dispatch from Kansas City, Mo.

The Negro migration, which has left the south in the grip of an economic crisis, is creating congestion in northern industrial centers and raising racial questions, as yet unrecognized by the northern white, but keenly felt by the black men.

Twenty-five thousand Negroes, who deserted their southern homes, have already passed through Kansas City en route to northern cities, according to estimates of leaders in the colored race here.

The exodus is just begun, according to the Negro leaders, who hail the migration as the "real deliverance" of the black men from what they declare was industrial and political persecution.

Black laborers, many of them accompanied by their families, arrive here on every train from the south. A majority of them pass through to other cities, where the industrial demands for cheap labor are more pressing.

Here the Negro influx has created its own peculiar problems. It has become chiefly one of living quarters for the pilgrims from Dixie. Definitely segregated by custom, the 40,000 colored inhabitants of Kansas City's "black belt" welcome the invading "brethren" with a fraternal feeling.

Crowded Quarters
But the Negroes here were already living in crammed quarters, and as the invasion grows the homes of the colored people become more crowded. As many as three and four families share single apartments and small houses, purchased or rented from whites on the border of "dark-town," where the color line is being pushed back gradually and the black domain is being widened.

"Kansas City, through custom and tradition, has set up its own peculiar barriers for the black man, but as the migration grows, difficulties are certain to arise," C. A. Franklin, editor of the Kansas City Call, leading Negro newspaper here, declared.

"The attitude of Kansas City whites toward the black men is one of intolerance and prejudice. It is not publicly or openly declared, but its spirit is manifest, and the Negro feels it deeply."

COUNTY BUDGET IS LARGELY INCREASED

More Than Half-Million Dollars Needed for County Uses Board Is Told

The annual budget for Lake county was presented to the board of supervisors last Friday, showing that \$550,290 are needed to run the county for the next year, and the increase of expenses staggered the members who are facing the proposition of financing the county.

The budget showed that \$318,760 is the total appropriation for general county purposes, and the additional amount needed to meet the payment of bonds, interest on same, repairs, care, support and maintenance of county detention home and the county highway tax brings the total appropriation to \$550,290.

It is estimated that the receipts from county fees will bring \$60,000 and therefore the finance committee recommended that \$490,000, being the difference between the amount appropriated and the amount of the estimated receipts, be levied on all property of the county.

An effort will be made either to get the state to permit increasing the tax rate, or to get the board of review to increase the assessed valuation. The estimated increase in valuation for the next year now appears to be about \$4,000,000. The total valuation of the county last year was approximately \$43,000,000, and it is believed the new valuation figures, when completed, will be about \$47,000,000. Even this, however, would increase the actual revenue of the county only about \$49,000.

DEERFIELD GRADUATE GIVEN SCHOLARSHIP

Robert Rogers, graduate of the Deerfield-Shields Township high school, who has been given the Lloyd Scholarship at the Massachusetts Institute of Technology, Boston, Mass., is the third American to be so honored. The scholarship is given by the Lloyd Steamship company. It carries with it an honorarium of five hundred dollars a year. Young Rogers received it as being the first in scholarship in his class.

He entered the local high school in September, 1918, was prepared here for the "Tech" and entered by the College Board Entrance Examinations direct from the high school in the fall of 1922.

CUSTER TRAINING CAMP IS PRAISED

ATHLETICS BIG FEATURE

Major Byrne, Professor of Military Science, Says He Never Saw Finer Lot of Boys; Splendid Work

Major Louis T. Byrne, Professor of Military Science at Northwestern University, has just returned from Camp Custer, Michigan, where he has been engaged during the summer in instructional work. From June 7 until July 27 he was on duty as physical training director of the R. O. T. C. and in that capacity conducted the physical efficiency tests of the R. O. T. C.

During the Citizens Military Training Camp, he acted as director of morale, athletics and physical training. He was assisted in this work by Captain George L. Simpson of the reserve corps, one of Wisconsin's famous football stars who is now head of the Geography Department of Eau Claire Wisconsin normal school and director of athletics there.

Big Training Camp
Major Byrne and Captain Simpson organized what was the largest athletic training camp ever established in the United States. Afternoons and evenings were turned over to athletics and the development of an athletic program of training fell upon their shoulders. A staff of coaches was organized and the 3000 students were given the opportunity of engaging in any form of sport that they desired. Football, basketball and boxing, classes and contests were organized in baseball, indoor baseball, swimming, volley-ball, wrestling, track and field. Entire high school football and basketball teams had enrolled for the camp and there were in addition many fine college athletes present.

Inter-state, inter-company, inter-battalion and individual contests were arranged and carried out on schedule. Prizes were awarded in every line of sport, both to individuals and teams. On one day there were fifty-one scheduled games being played. Three thousand enthusiastic young men enrolled from various parts of the states of Illinois, Michigan and Wisconsin could be seen any afternoon or evening occupying every available spot of ground and engaged in some form of athletics. The representatives of the state of Wisconsin showed the best spirit and captured most of the medals but the representatives of Illinois were found to be, by test the best in physical efficiency.

Boys Enjoy It
"I have never seen a lot of boys so thoroughly enjoy themselves as those who attended this year's C. M. T. Camp," said Major Byrne. "The food was the best I have ever seen served. The athletics were very successful and the military instruction was efficient. In addition to engaging in athletics, the boys organized a band and staged a superb minstrel show. Boys from all walks of life expressed their pleasure with the camp and stated that no one would be able to keep them from returning next year."

"General Hale who commands the United States forces of Illinois, Michigan and Wisconsin was well pleased with the camp and has already begun to plan on next year's camp. One feature will be strengthened next year, the athletic program. Plans are being made to have a large athletic staff to handle that important phase of the work. I do not know who will be asked to join that staff but already some of the most successful athletic directors of this section of the country have expressed a willingness and desire to help in this excellent work."

It is quite likely that both Major Byrne and Captain Simpson will return to Camp Custer next summer and will again take charge of the work. It also is expected that special coaches in football, baseball, basketball, track, boxing, wrestling, swimming, and minor sports will be secured to carry on this important work. Major Byrne and Captain Simpson are now working on plans for the next camp. This includes coaches and equipment to care for four thousand boys.

COUNTY TO EMPLOY VETERINARY EXPERT

Lake county is to have a federal inspector to supervise the work of cleaning up herds of beef and dairy cattle afflicted with tuberculosis.

The county board last week, without a dissenting vote, appropriated \$4,000 to be used in the hiring of a government inspector for that purpose, as predicted Wednesday in the Daily News.

This county will now receive its quota of the \$1,000,000 a year which the government has appropriated to Illinois for the eradication, suppression and prevention of bovine tuberculosis. This fund is to be expended in paying indemnities to farmers whose cattle have to be slaughtered, and therefore it was considered profitable to hire the veterinarian, because the county dairymen and stock men will receive in indemnities many times that amount of the veterinarian's salary, to say nothing of the increase in the value of their herds and the protection pure milk and clean meat gives.

NORTHWESTERN MEETS ILLINOIS ON OCT. 27

Big Football Game at Cubs Park In Chicago Expected To Draw Crowds

All of the papers in the contract between officials of the Cubs Ball Park and Northwestern University have signed and the big game between Northwestern and the Illini the afternoon of October 27 is assured. Meanwhile Directors George Huff of Illinois and Dana Evans have discovered that by re-arranging the grid-iron somewhat at each end there will be practically no abridgement of distance behind either goal-line save at one side of the field. This slight cutting-off will not be over two yards at its most and will taper quickly into regulation distances so that neither team should be embarrassed to any extent.

Tickets are still going at a good rate, according to E. B. Davidson, ticket manager of Northwestern University and Charles Ward, secretary of the alumni association. Illinois alumni have been sending in for seats at a lively rate. Mr. Davidson states, and now that the game is clinched for the Cubs park, Northwestern grads in large numbers are asking for reservations. A feature of the prospective football season at Northwestern, according to Mr. Davidson is the practice of an increasing number of Purple alumni to reserve tickets for the home games for the entire season.

"Our alumni are discovering," explained Mr. Davidson, "that this practice insures them good seats for each and every game. Some of them want the same seats for all games and by reserving seats for a season, they obtain just what they want, avoid getting caught in the crowds at each game and have the assurance that they will have no trouble in reaching their places. Seats in the alumni section, however, are reserved until Thursday prior to each home game but it is easier if our thousands of grads would reserve for the season and thus insure the Purple team adequate backing for all its contests."

EXIDE BATTERY CO. ADOPTS NEW PLAN

A material reduction has been made in the price of all Exide Automobile Batteries, according to Mr. Becker of the local Exide Service Station.

"This price reduction," said Mr. Becker, "does not in any way, imply a reduction in the quality of the Exide Battery. On the contrary, it is the same as that which has brought world wide acceptance of the Exide as a quality product throughout."

"The lower prices at which we are now selling Exide Batteries is the result of a new plan of battery merchandising whereby "free service" is eliminated.

"Under the new plan we have adopted, a very moderate charge will be made for servicing a battery, thereby enabling us to sell the battery at a price that is absolutely fair to all.

"After all," said Mr. Becker, "service, fairly charged for, is just as truly service, as though it were done for nothing."

DRAW GRAND JURY FOR OCTOBER TERM

List of Jurymen Chosen From The Several Townships; Some Business

The October grand jury which will report for service on October 1, the first day of the term, has been drawn, and those who have been selected to serve are being notified of the fact.

Indications are that there will be a number of cases up for the consideration of the grand jury at the coming term and it is possible that their deliberations will take several days. Three members of the jury are from Waukegan, this being the largest number from any town in the county.

The names of those who will serve are as follows:

- Louis Mitchell, Edina Blvd., Zion.
- John D. Thomas, 2704 Enoch avenue, Zion.
- Nick Brown, Newport.
- Chase Webb, Harry Smith, Antioch.
- Thomas Graham, Grant.
- Thomas Brompton, Lake Villa.
- Lou Hook, Avon.
- George Vose, Warren.
- Anton Stebley, W. M. Bauer, Andrew Effinger, Waukegan.
- J. S. Strong, Shields, North Chicago.
- W. C. Harding, Shields, Lake Forest.
- Harry Gleason, Libertyville.
- William Vickery, Fremont.
- G. D. Stroker, Wauconda.
- Gottlieb Kuhlman, Sr., Cuba, Barrington.
- Henry Kropp, Ela.
- M. H. O'Boyle, Vernon.
- T. J. Duffy, West Deerfield.
- Roscoe Fletcher, Deerfield.

Complaint is made of motorists who steal fruit. There are a large number of dogs with sharp teeth created specially for situations like that.

Claimed that President Coolidge looks unhappy, but if the office seekers would give him a chance to eat two or three meals a day he might appear better.

DeLuxe Theatre

LAKE FOREST, ILLINOIS

PROGRAM FOR NEXT WEEK

SUNDAY, SEPT. 23 6:30 p.m.
 MONDAY, SEPT. 24 7:30 p.m.
 TUESDAY, SEPT. 25 7:30 p.m.
 WEDNESDAY, SEPT. 26 7:30 p.m.

ADMISSION: Adults 27c, tax 3c; Children under 12: 13c, tax 2c

Whaling Film Corporation presents

"DOWN TO THE SEA IN SHIPS"

By John L. E. Pell

The picture which is designed to perpetuate the golden days of whaling, was produced at the risk of many human lives and is replete with romance, adventure, and thrills, runs a heart interest appeal that bids fair to surpass any story ever adapted to the screen. And those who view this production are assured of seeing eight reels of the most amazing screen entertainment ever shown.

CAST—William Walcott, Leigh R. Smith, Marguerite Courtot, Elizabeth Foley, Raymond McKee, Thomas White, Clarence Vance, Curtis Pierce, Ada Laycock, Clara Bow James and others in a super-cast.

Sunday—News; Monday—Pathe Review; Tuesday and Wednesday—Comedy

THURSDAY, SEPT. 27 7:30 p.m.
 FRIDAY, SEPT. 28 7:30 p.m.

ADMISSION: Adults 27c, tax 3c; Children under 12: 13c, tax 2c

Viola Dana in

"HER FATAL MILLIONS"

The story is concerned with a girl who "borrowed" jewels, furs and a limousine (without the knowledge of the "lenders") in order to meet an old sweetheart on his own level. Mary even told Fred that she was the wife of the richest man in town. So when her "borrowed" limousine is wrecked, Fred naturally takes her to her "husband's" home. That's only the beginning of a series of amusing and surprising complications. And the methods Mary used to untangle herself are screamingly funny.

Also Bull Montana in "ONE WILD DAY"

SATURDAY, SEPT. 29 7:30 p.m.
 Matinee at 2:30

ADMISSION: Adults 27c, tax 3c; Children under 12: 13c, tax 2c
