## EXTEND ROAD NORTH

Co-operation of Highland Park city authorities with Deerfield township and Highwood in the plan to obtain early extension of Green Bay road northward on the west side of the railroad right of way to the southern limits of Lake Forest is a good move. This road is much needed and will be a great convenience. Direct means of transportation between Highland Park and Lake Forest without necessity of crossing the railway tracks or passing through viaducts will eliminate congestion of traffic on Sheridan road, avert accidents on crossings and at viaducts and give a straightaway road between the two cities that will effect a saving of time as well as its other advantages. This extension undoubtedly will be built by the state in due time, but any assistance that the local communities will be able to give in the way of securing right of way and the like will serve to hasten the completion of this much-to-be-desired improvement. There should be general support of the plan in all of the communities affected.

## THE AUDITORIUM PROJECT

Decision of the Elm Place school auditorium committee to proceed at once with the erection of this much-needed addition to facilities at that school will be received with general satisfaction in the district. The plan is one which will have the hearty support of all interested in the welfare of the school and its pupils. The crowded conditions in the present assembly room have made very clear the necessity of immediate provision for larger quarters for the purpose, and the decision of the committee to go ahead with the building of the most essential part of the proposed structure is regarded as good business in the premises. It is not doubted that later the necessary financial support for the completion of the auditorium building with all its accessories will be forthcoming, and just now the assembly room is urgently needed; and it is to supply this need that immediate steps are being taken.

Mrs. Cora Rhinefrank Stout of Oak Park spent the week end with Miss Bernice Tucker. They were class mates at De Kalb.

The women of the Ravinia Civic club welcomed all spirits, good, bad and not so bad at the village house on All Saints' night. They were all there and the miracle happened as soon as they came within, to the warmth and light they all became good spirits. The little good spirits swarmed below-stairs where apples hung from the ceilings and popcorn overflowed huge bowls and the pond gave forth fish that might to the human eye have seemed like lolly-pops, but not spirits. Half way upstairs were beautiful little spirits dancing to beautiful music and how light of foot those spirits were. Still farther upstairs were grown up spirits and since Injun summer was gone and the crows had flown away the farmer had brought his scarecrows in and they were dancing with the grown-up spirits and long after all the little spirits had faded away those grown-up spirits danced and danced until finally all the lights in the village house went out and they faded away too.—Contributed.

Mr. and Mrs. J. F. Leaming and daughter, Miss Marjorie Leaming, are living at the Liza-Bee Inn.

**HIGHLAND PARK MEN PROMINENT AT GAME**  
 Local People Attending Chicago-Illinois Battle Cheer Home Boys

The 50 or 75 Highland Park fans who attended the Chicago-Illinois game at Urbana last Saturday were thrilled at the splendid work of Wallace McIlwain of the Illinois team, a son of William McIlwain of this city. The Highland Parkers cheered lustily when McIlwain broke through the Maroon line. Another Highland Park student prominent at the big game was Marshall Carqueville, Illinois assistant cheer leader. Both he and McIlwain are graduates of Deerfield Shields high school, and local people in attendance were proud of the splendid performance of both the home boys.

## CHILDREN'S BOOK WEEK AT PUBLIC LIBRARY

To be Observed Nov. 11-18; Miss Georgene Faulkner, Story Lady Here Thurs.

When Alice in Wonderland sat with her sister beside the Rabbit Hole, she looked at the book lying in her sister's lap, but was uninterested. "And what is the use of a book," said Alice, "without pictures or conversation?" Should that same Alice fall, next week, not into the Rabbit Hole, but into the Public Library, she would find books with pictures and conversations to her heart's desire. For next week, Children's Book Week, there will be a display of juvenile books at the Library, books chosen with an eye to illustrations, type, and binding, as well as text. It is hoped that not only children, but adults as well, will examine these books; particularly those adults who are planning to buy books for children for Christmas.

There will be, for free distribution, lists of books which make suitable Christmas gifts for children, compiled by the American Library Association.

On Thursday, November 15th, Miss Georgene Faulkner, the "Story Lady," will tell stories at the Public Library. From 3:15 to 4:00 she will tell stories for children of the first, second, and third grades, and from 4:30 to 5:15 she will tell stories for children of the upper grades. All children are invited to attend these story-hours.

## FIRE CHIEF ISSUES WARNING TO DRIVERS

Habit of Motorists of Racing With Apparatus Dangerous; Parking

Ed Hoskins, who resigned as volunteer fire chief a week or so ago, took charge of the fire department at the beginning of November, and it is expected that his appointment as permanent chief will be announced shortly. He is devoting his entire time to the duties of chief.

One of the new chief's first acts was to warn auto drivers of the dangers of fast driving behind fire trucks on the way to answer alarms. Recently several accidents have been narrowly averted by reckless drivers too closely and too rapidly following the apparatus, and motorists are warned to keep a safe distance and not to speed when the fire alarm is sounded.

Another thing motorists are warned against is parking too close to the fire apparatus, thus handicapping it in action and in making turns or backing out when at fires. The firemen and apparatus must have plenty of room in which to work to best advantage, the chief declared.

## CAPT. O. H. MORGAN'S WILL FOR PROBATE

Petition Shows Property Values At \$530,000; Hearing Is Set for Nov. 26

Personal property and real estate valued at \$530,000 was shown in a petition for the probate of the will of Capt. Otho H. Morgan, Highland Park, Civil War veteran and well known pioneer of Lake county, which was filed in the probate court at Waukegan last week.

Hearing for the probate of the will was set by Judge Martin C. Decker for Nov. 26.

Morgan died at his home Oct. 16, and his death was received with grief by many of his friends in this country.

In the petition for admittance of the will in court the personal property is shown to be valued at \$500,000 and the real estate at \$30,000.

The heirs at law as shown by the petition are Anson C. Morgan, son, 238 North Sheridan road, Highland Park; Mrs. Catherine C. Day, daughter, 5117 Westminster place, St. Louis; Mrs. Helen Van D. Bellhouse, daughter, Alto, Ga.; Julia P. North, daughter, Highland Park; Elisha Morgan, son, Portage, Wis.; William O. Morgan, grandson, 114 East Seventy-first street, New York.

Capt. Morgan was 84 years old at the time of his death a few weeks ago.

Trustees petitioning for the probate of the will are Anson C. Morgan and Francis S. North, Highland Park.

## MAY BAR L TO THE NORTH SHORE LINE

Chicago Corporation Lawyers in Opinion Adverse to Use of Elevated Tracks

The Chicago, North Shore and Milwaukee railroad must cease to operate trains over the elevated tracks within the city limits without a franchise. This, according to Chicago papers, Ald. U. S. Schwartz has informed his colleagues on the Chicago city council transportation committee, is an opinion which has been reached by the city law department and will be submitted to the city council two weeks hence.

The opinion upholds the contention of Alderman Arthur Albert whose denunciation of the road for operating within the city without a franchise almost brought about expulsion from the council chamber at the last meeting. The mayor's traction advisers are said to be studying the advisability of using police power to stop the trains from entering the city or to take the matter into the courts.
