CADILLAC'S USED CARS

The Used Car Department of the Evanston Cadillac Branch offers an unusual assortment of good used cars in both Cadillacs and miscellaneous makes.

To the prospective purchaser of a new automobile in the \$2,000-\$2,500 class, who would not ordinarily consider the purchase of a used car, we wish particularly to call attention to our late model, reconditioned Cadillac. These cars will attract the buyer who demands dependability, superior performance, and, above all, the satisfaction that comes from owning a car whose quality and prestige are universally acknowledged.

Our selections are continually changing, and you will find here at an attractive price a car that suits your needs. Salesroom open evenings. Your present car accepted in part payment.

MATCHES, CIGARETS CAUSE MANY FIRES

Careless Handling of Smoking Accessories Result In Enormous Loss

It will probably surprise a great many people to learn that carelessness with matches and smoking materials today constitutes the greatest single cause of fire loss in the United States, yet the carefully compiled statistics of the National Board of Fire Underwriters show this to be true.

"It is the custom of the National Board of Fire Underwriters to combine, under the classification of 'matchless-smoking,' fires due to either of these hazards," says W. E. Mallalieu, general manager of the organization, "because so many of the match fires are due to burning lucifers thrown away by thoughtless smokers."

"The destruction of property from this cause now amounts to nearly \$26,000,000 a year, which is far more than the toll exacted by any other hazard, despite the fact that the damages from 'matchless-smoking' are so largely preventable.

"The remedy lies in educating the people to a greater degree of carelessness in handling lighted matches, matches, cigars, cigarettes and pipes, and, to their credit, it may be said that two of the largest companies in the country, and two of the principal match producers, are endeavoring to change the habits of their careless customers by imprinting suitable precautions upon cigarette and match boxes."

In course of time, the effect of these appeals to the public should become visible; otherwise it is fairly safe to predict that public sentiment will bring about further enactment of personal liability laws providing for civil punishment of persons guilty of causing fire destruction by their obvious carelessness.

A life sentence has just been given to a Mexican in Sacramento, Calif., who set fire to a school house and burned 10 Japanese children to death.

OVER HALF-MILLION DRAWING PENSIONS

GOVERNMENT STATISTICS

Widows Form Largest Group in List and Total Is Over Quarter of Billion Dollars

The annual report of the Commissioner of Pensions for the fiscal year ending June 30, 1923, shows \$263,012,500 paid out for pensions in the fiscal year 1923, as against \$253,807,583 in 1922. The cost for maintenance was \$1,992,063.

The number of pensioners on the roll June 30, 1923, was 539,756 as against 547,016 on June 30, 1922. Of the pensioners on the roll, 168,823 were Civil war veterans, 264,580 Civil war widows, 638339 Spanish war veterans and 13,167 Spanish war widows. There are yet on the pension roll 49 soldiers of the Mexican war and 40 widows whose husbands served in the war of 1812.

By Classes
By classes there were on the pension roll at the close of the fiscal year 253,605 soldiers, 278,700 widows, 2,333 minor children, 931 helpless children, 4,106 dependents of soldiers and 81 female army nurses. During the year 25,452 Civil war veterans died as against 25,082 in the previous year, and 23,974 widows as against 21,259.

On July 1, 1922, there were pending 82,615 pension claims of all classes; 127,779 new claims were filed during the year and 159,727 claims were disposed of, leaving 50,667 claims pending on June 30, 1923. A force of temporary employees, authorized by congress, co-operated with the regular force during the year with the result that the work of the bureau has been made current, and claims and evidence are being considered as soon as they reach the adjudicating divisions of the bureau. Of the claims disposed of during the year 54,462 were based on Civil war service and 89,854 on service in the war with Spain.

Total Disbursements
The total disbursements to pensioners under the pension system which practically dates back to 1790, have been to the close of this fiscal year \$6,606,356,621, of which \$6,224,106,631 have been paid out on account of the Civil war and \$105,533,496 on account of the war with Spain.

The number of pension certificates issued during the past fiscal year was 73,362, of which 34,961 were for Civil war service and 38,394 for war with Spain service. Since the beginning of the pension system there have issued 6,411,165 pension certificates, of which 5,313,423 were issued to soldiers and 1,127,742 issued to widows.

Of the 539,756 pensioners on the roll at the close of the fiscal year, 535,932 reside within the confines of the United States, 115 in the Canal Zone, 695 in our insular possessions and 3,104 in foreign countries.

Net Loss
The net loss to the pension roll for the past fiscal year was 7,260. The roll of Civil war soldier pensioners was reduced by 24,970 and of Civil war widow pensioners by 8,657. These losses were largely offset by a gain of 25,364 to the Spanish war soldier roll and a gain of 4,176 to the Spanish war widow roll.

The average annual value of a pension of all classes is \$421.92. The average annual value of a pension paid to a soldier of the Civil War is \$661; of the war with Spain, \$187; of the war with Mexico, \$729; of the Indian wars, \$217; and for disability of service origin in the regular establishment, \$217. The average annual pension paid to a widow of a Civil war veteran is \$359; of a Spanish war veteran, \$240; of a Mexican war veteran, \$351; of an Indian war veteran, \$149; and by reason of death of soldier husband from injury or disease of service origin in the regular army, \$213.

Below \$12 a Month
Pensions at rates below \$12 per month are being paid to 6,726 persons. Six persons are being paid at rates in excess of \$100 a month.

During the past fiscal year congress, by act of September 1, 1922, broadened and liberalized the conditions under which pensions on account of service in war with Spain may be granted.

ROCKFORD MAN GETS DRUNK ON GERMICIDE

Given Sixty Days For Trying to Drive Automobile While Under Effects

The latest infraction of the dry laws to win special mention in police court at Rockford, Ill., was Fay Webster's drinking germicide. Webster was arrested while trying to drive an automobile in a heavy traffic district here. When brought to jail he was under the influence of something not normal.

In court his lawyer argued that Webster was not intoxicated but under the influence of toxic poison as a result of the germicide containing sulphurous ether.

The judge decided that there was no difference for purposes of law and public safety between intoxication and toxic poisoning and sentenced Webster to 60 days.
