

Some of the pessimists think the factory wheels are in danger of having to stop, but those in people's heads will always keep going around.

President Coolidge approves of the navy department's plan for a flight to the North Pole, and he would not probably object if some of the office seekers were taken along.

The boys who make so much noise coming into school may have heard that the country's evils should be stamped out.

The country would be better off if there were fewer job hunters running to Washington, and more hiking out to the nearest farm or building project.

Y. W. C. A.

Americanization classes will not meet during holidays. The next meeting will be Jan. 7th.

The Glee club is planning to go out on the streets and sing a group of Christmas carols Christmas night.

Sunday, Dec. 23, representatives from all the Y. W. C. A. clubs will visit the Dorcas home and take gifts for every child.

Remember the Christmas party Friday, Dec. 21 at 7:30 o'clock. Santa Claus will be there and a box of candy for every girl. The party was originally planned for Thursday eve-

ning, but on account of the entertainment at the school it has been postponed to Friday.

The "Tn-y's" and the Sunshine girls had their Xmas party together Tuesday night. They were each in an unique way, presented with something "old" and useful, by Santa Claus.

The Aster and Friendship clubs are both having parties Thursday night.

The grade reserves will have their party Thursday after school.

If there is a best way to live, the Young Women's Christian association covets that best way for every girl and woman. Its aim, therefore, is to develop the highest conception of Christian womanhood. It believes

the young woman who is a good citizen is one who is strong physically, who is intelligent, who enjoys good times and has friends, who is spiritually minded, and who gives expression in service to the purpose of her life. Its program is built upon the principle that a girl is worth more to herself and to her community when all sides of her nature are being developed.

The association desires to be used by the community in co-operative service for young women, therefore its so-called activities are to all girls and women regardless of their affiliation with the association as members. The members of the association are that group who, being in sympathy with the purpose of the

association, desire to become active agents in the carrying out of its program in their community, and part of a great world movement of young women which is helping to rebuild the world upon the permanent foundation of true Christian democracy. The Young Women's Christian association of Highland Park invites every woman of the city to become an active member of the association.

The question of how much congress will accomplish depends a good deal on how much power is developed in that body.

Not many stores that advertised their Christmas stocks well have found any fault with the business done.

The Equator System of Oil Heating

will assure you and your family comfortable holidays, and a Merry Christmas

The Equator Oil Burner

is Unique in the field

It pre-heats the air and oil. These are saturated with moisture, which atomizes the oil. The result means perfect combustion, an intense heat, and a saving in fuel.

It is completely automatic, gives uniform temperature, and is fully guaranteed. Ask for references. There are some in your neighborhood.

Why not use the best oil burner, when it costs less?

Installations can be made in less than a day without any inconvenience to your household.
