

Would the Shock Kill Your Wife If You Should Send Her a Dozen Roses?

Wake up, Brother, for you know she deserves better. What good is worldly wealth or honor, if you neglect the little things in life making for her happiness? Don't wait until New Year's before making up for lost time; start in on Christmas Morning.

It is the Heart and Sentiment in flowers that make them preferable to Candy and Jewelry as Gifts. To those we Love, it surely will be a message of truest sentiment that you express, if you "SAY IT WITH FLOWERS."

Flowers always have, and always will, scatter cheer, and nothing quite like them will convey so beautifully, the thoughtful remembrance so fondly brought to mind during the Yuletide.

More than any other Gift do they represent the true Christmas spirit, with wondrous sweetness their loveliness embodies your highest esteem for Love, Friendship and Good Will to those near and dear to you.

If you are in doubt at all this year as to what best to give, by all means decide on flowers. Let Daddy give Mother a bunch of Roses and the Centerpiece for the Table, for your Mother a plant basket full of blossoms, for Uncle Jim, the glowing Red Poinsettia, for Aunt Julia, a Cyclamen, for Sister, a delicate Rose Begonia, and for the best girl a Valley and Violet Corsage.

Don't forget those in the sick room, brighten their Christmas day; bring a little cheerfulness into their room with just a few flowers. Remember those in sorrow, or distress, with a live blooming plant they can enjoy, and its companionship will mean so much to them. For you to know that you have done this will mean a merrier Christmas for you.

From the Earth's four corners, have we gathered the amazing display of flowers and Christmas plants we have ready for your inspection. From the inexpensive to the most elaborate basket arrangements, nothing has been left undone to make our display the equal of the best to be found anywhere.

While we are ever striving to be up-to-date in all that is worth while, we are just old fashioned enough to realize that each plant basket arrangement must represent the Christmas spirit and you will find it whether you select a one dollar combination or one costing fifty dollars, and that holds good with our Centerpieces, Red Candles, Red Berries, Spruce Cones and dark green Boxwood, what could there be more fitting for your dining room table on Christmas?

We carry the best there is to be had in Holly, Holly Wreaths, Mistletoe, Wild Smilax or any other decorative Green, selected Nursery-grown, cut Christmas Trees, or, what is better by far, live Trees in tubs which you can plant out after Christmas.

The Optimist

Ef every blossom stopped to think
Jes' how it bloomed an' why,
The plants would all curl up an' shrink
An' some of 'em would die.

Earth would be silent pretty soon,
We'd miss the songs so rare
If every bird should stop to tune
Its notes with studious care.

'Most everything must go its way
Content to hope an' try,
An' do its best from day to day
'Thout too much askin' "why?"
