## Organized Responsibility

YELLOW CAB service is at YOUR call any time of the day or night. As a result YELLOW CAB has made virtually every resident of this city a car owner, because we give every advantage to our patrons without their having private car responsibility.

Our organized responsibility should mean everything to you, because — if you lose something in one of our cabs, it will be returned.

Do you imagine that the public of this city would enjoy uniform low rates of fare and courteous treatment, except for the presence of YELLOW CAB?

If you were to lose your purse or other valuables after a trip in a nondescript "hack," would you confidently know that your property would be returned to you?

Not the least of the things for which YELLOW CAB deserves credit, is the pressure it has brought to bear through competition, in elevating the character of public motor conveyances in general.
