The following letter expressing appreciation of the good work of the Highland Park fire department in extinguishing with minimum damage the recent fire at the Trinity church rectory has been received from the rector, Rev. P. C. Wolcott, who with Mrs. Wolcott is sojourning at Palm Beach, Fla. The letter was written to Paul L. Udella

Palm Beach, Fla., Wed., Feb. 6

My Dear Paul:-· I have had several letters about the fire in the rectory, and all speak with praise of the work of the fire department and say that the damage by water was small. Mrs. Wolcott and I do not know yet much of the details, but we are very grateful to those who did such prompt and good work and saved us from what might have been serious loss and damage. I know that you are an active member of the department and I want to thank you and the other members for your efforts. Will you please express our gratitude to all who took part in the

The weather has been cold for Florida ever since we came and there has been considerable rain, but we have played golf nearly every day and have enjoyed the surf bathing! Yesterday we motored through the Everglades to Lake Okeechobee, a very interesting trip. On the rich lands there they are harvesting crops of beans, peas, cabbages, etc., etc., besides pineapples and other fruits. I think it is almost as fine as your Rio Grande valley.

The cocoanut palms, banyan trees and all sorts of brilliant flowers are very abundant here.

With kindest regards to yourself and my friends in the office, I am Faithfully yours,

## In Keeping With Highland Park

Highland Park is recognized as a beautiful suburban city. For some time we have looked forward to having the kind of a banking home, which would be in keeping with the discriminating judgement and good taste of Highland Park people.

Such a building is now complete and it is now open to all our friends, new and old. We want this building to be a pleasure to you. We want you to enjoy doing business in a modern well lighted lobby. We want you to have the protection and safety of our wonderful vault equipment.

In this beautiful banking room, it is our desire to strengthen friendships with our old friends and make many new ones.

EASTER SUNDAY IS LATER THIS YEAR

Easter Sunday this year will fall on April 20th, which is considerably later than recent years, a consultation of the almanac shows. While Easter has been known to have fallen as late as April 25th, it has been many years since it was celebrated as late in the season as will be the

The explanation lies in the fact that Easter is always the first Sunday after the full moon on or after March 21st. Easter was celebrated 51 on the first day of April in 1923, and from March 23rd to April 25th, although it rarely occurs on either of those dates. As Easter falls on April 20th this year, Ash Wednes-625 S. St. Johns ave. Call at rear day, which marks the first day of

The lunar month is used in reckoning the date on which Easter falls, and it is therefore, not set by the real or astronomical moon. This custion and best cash price. Address HM, Press the astronomical moon nearly always accords with the lunar month. .
