February 18, 1924

DEAR BILL:—

I have just obtained the exclusive agency for the most popular and best known make of Band Instruments, namely, the BUSCHER. It is very fortunate for both you and myself that I have been able to obtain the services of Mr. Harry E. Bolle as instructor. Make a date to meet Mr. Bolle at my store and be convinced. In about two weeks I will have a display of Gold-Plated Buscher Saxophones that will knock your eye out. Don't miss seeing them, Bill.

Yours Truly,

### ZONE PLAN GROWS IN FAVOR, REPORT

Washington Dispatch Indicates System Is Extending in This Country

Lake county cities being among the first in Illinois to put into operation a zoning plan to provide for the future growth of municipality, the following dispatch from Washington is of particular interest:  
Approximately 24,000,000 people living in 261 municipalities throughout the United States, are enjoying the benefits of zoning, according to statistics compiled by the division of building and housing of the department of commerce. The greatest zoning center is in the territory of New York state and northern New Jersey, having New York city for its hub; other centers are in California, Ohio, Massachusetts, Illinois and Wisconsin.

Secretary Hoover in a recent statement characterized properly drawn zoning ordinances as "reasonable neighborly agreements as to the use of land." They divide a city into districts in which are limited the use to which land and structures may be put; the height and number of stories of the buildings, and the areas of the lots to be occupied by the buildings. Their professed object is to regulate the use of private real estate for the purpose of promoting health, safety, morals and the general welfare of the entire community.

That the idea has made a strong appeal to the American people is shown by its rapid spread. On Jan. 1, 1923, there were only 129 zoned cities, towns and villages. New Jersey leads in the number of zoned municipalities, having 66; New York has 41; California, 33; Illinois, 25; Massachusetts, 24; Ohio, 16; Wisconsin, 13; Indiana, 5; Michigan, and Missouri, 4 each; Iowa and Rhode Island, 2 each.

Washington was a wealthy man for those days, but his fortune would be small for these times. If all the men of wealth of these times would show the same spirit of willingness to contribute money and effort for the public good, many of our serious national problems could be solved.

### RADIO TO FURNISH FARM YOUTH NEWS

Boys and Girls to Get Special Programs From Broadcasting Station

Boys and girls here who cannot get close to the radio because mother and dad insist on "running the works" now have a perfect alibi for taking charge of the tuning dials. For word comes from radio station WLS in Chicago that this station, under the directorship of B. H. ("Uncle Ben") Darrow, is now putting on a program every Wednesday evening especially for the boy and girl who is past the age of having to go to bed at "Lullaby time."

Not only does "Uncle Ben" tell his boy and girl listeners every Wednesday evening at 7:15 what their cousins in other lands are doing and the good times they are having, but from the Sears-Roebuck microphone each week the youngsters may hear world-famous men and women—great athletes, writers and farm leaders—on some of the things in which youngsters are interested. And in between these numbers are the games, the songs, riddles and stories that delight of the coming generation.
