 The average depth of the ocean is two and a half miles, but some folks seem to think that the United States treasury is deeper still and can't be exhausted.
 Million of people trying to play the golf courses in the least number of strokes, and there should be millions trying to spade up the garden in the least number of spade movements.

Flags Presented to Polling Places Here

Members of D. A. R. Give Them; Also Regulations Governing Their Display
 Members of the North Shore Chapter of the D. A. R. on Tuesday, primary election day, visited local voting precincts and in each presented a flag and a set of regulations governing its display. The patriotic interest of this notable organization was appreciated by good citizens, as at this time when so many influences striving to minimize patriotic sentiment, every effort in this line should be popularly supported.
