

**TELEPHONE GROWTH BEATS POPULATION**

The number of telephones in the United States increased three times as fast as the population, according to comparative figures for 1917 and 1922 compiled by the U. S. Department of

Commerce. The rate of increase of number of telephones was 22.4 per cent, and the rate of increase in population has been estimated at 7 per cent. There were 11,716,520 telephones on December 31, 1917, and 14,347,395 on December 31, 1922. The number of Bell telephones increased from 7,326,858 to 9,514,813 and the number of non-Bell telephones from 4,389,662 to 4,832,583. In Illinois on December 31, 1917, there were 1,070,997 telephones, this number increasing to 1,283,449 on December 31, 1922.

**Chicago Motor Club Issues Bulletin on Subject For Tourists**

Contemplating a great increase in touring this year the Chicago Motor Club has issued a bulletin urging motorists to preserve the countryside. This bulletin urges motorists to refrain from picking wild flowers, to be careful not to pollute streams, to clean up when breaking camp, and to use the utmost care to prevent forest fires.

The touring bureau of the Chicago Motor Club has a number of pledge cards on hand addressed to the Motorists' League for Countryside Preservation. Motorists are urged to come in and sign these cards, which read:

"I, as a member of the Motorists' League for Countryside Preservation, pledge myself to do what I can for the preservation of the countryside, so that all may share in the enjoyment of it. To this end I will leave a rest-place or campsite clean; free from papers or litter of any sort. I will be careful in making camps and fires. I will leave the roadside in such a condition that the pleasure to be derived from it by others is not lessened by any careless action of mine."

**On Their Anniversary**

It was their thirty-fifth wedding anniversary, and all of the children except John had come home.

That vacant chair had threatened to spoil the day, but—

Long Distance telephone service brought joy to the little home. John, sitting at his desk in the great city, chatted gaily with his parents and sisters. The sound of his voice made his presence real. The telephone had saved the day.

**Camp Thorpe**  
PELICAN LAKE, WIS.

**BOYS under 16**  
SEASON, JUNE 29 to AUGUST 24

North Shore boys taken to Northern Woods, near Rhinelander and Eagle River. Altitude 1800 feet. Beautiful body of water for water sports, activities carefully planned and supervised. Boys live with councillors in screened cabins on high bluffs. Excellent drinking water and sanitation.

Each individual problem is handled by men who understand boy nature. Latent qualities are often unfolded during a camping season. Companionable boys of their own age under expert supervision develop vigorous bodies and alert minds. If you are particular about the type of camp you select for your son, he is the type we want. Our enrollment is limited.

Camp Thorpe teaches boys to DO things and how to DO them right, with effect. It implants order, cleanliness and refinement. It makes boys serviceable to themselves and others. It makes a boy more masculine. Will your boy be among the Camp Thorpe campers? Is it fair to deny your boy a few weeks in the Northern Woods with intelligent, sympathetic men and women who teach boys to think clearly and build character according to principle.

It is disappointing to be rejected by the camp you have selected merely because its application list is full. Enroll today. Have your boy spend a summer under that boy's friend and Director, Col. Wm. F. Thorpe. Tuition \$320 including railroad fare to camp from Chicago. Catalog on request.

Under management and supervision of
