Louis B. Mayer presents the Reginald Barker Production
"WOMEN WHO GIVE"
with this remarkable cast
FRANK KEENAN, BARBARA BEDFORD, ROBERT FRASER, RENE ADOREE and JOSEPH DOWLING
A woman's trust in the man she loves—What is her reward? If you loved a man you believed faithful, if your own father turned him from your house, if your brother loved a girl of the wrong village and was abandoned—Through the driving tempest a ship fought to keep its course, guided by the lighthouse on shore. And then the light went out! Battered, beaten by the savage sea, the ship ploughed on toward the rocks.

PRIMA

The Scientific Washer and Wringer

The PRIMA washes clothes clean the quick, easy way—without harming the daintiest fabrics. Only the water touches the clothes. The PRIMA washes by surface tension, which means a forceful action of the water through the meshes of the cloth. The secret of a washing machine's worth lies within the tub. Examine the interior of an ordinary washing machine. You will find corrugations, or mechanical rubbing devices of one kind or another, which wear out the clothes.

Now, look inside the PRIMA tub. You'll find it smooth. Nothing to catch, tear or wear clothes. The PRIMA washes clothes thoroughly in a smooth tub. The hot water is applied scientifically, due to the tub construction.

The PRIMA is the only washing machine equipped with the scientifically correct NEVERCRUSH wringer—can't break buttons, or injure the fingers.
