To Our Patrons

Owing to the large number of week end pleasure seekers who must be accommodated on Saturday evenings, we suggest that you who have leisure attend our dances during the week.

This will enable us to give you better service and you will more fully enjoy the superior music of the "Senators," our regular 8-piece orchestra.

Channel Lake Pavilion

The new Channel Lake Pavilion is one of the biggest pavilions in the state—Dance space 6000 square feet

HIGH SCHOOL OPEN SEPT. 8 THIS YEAR

Students Should Register As Early As Possible For Their Classes

Change has been made in the date of opening of the Deerfield-Shields high school this fall. In order to conform with the time of opening of grade schools, the high school will begin on Monday, Sept. 8, instead of on Sept. 2, the day after Labor day, as in former years.

The attention of all students who expect to enter Deerfield-Shields in September is called to the fact that registration should be completed before school opens. Students who have not already registered are asked to consult their catalogues carefully and register at the high school just as soon as possible. Changes and registration will not be permitted after Aug. 1. At the opening of school each teacher will be given a list of those who have registered for his or her classes and will admit no others.

The man who rocks the boat is the same fellow who never slows up for a grade crossing.

The man who sits down and does nothing, after having done something, might as well not have done anything.

COUNCIL ADVANCES NEW IMPROVEMENTS

(Continued from page 1)

ceived at the city hall at 5:15 p. m. Friday, Aug. 1.

Winds & Marsh, City engineers, presented estimate No. 4 for materials and work used by the Highway Construction company on the Ravinia Woods improvement, the amount due being \$23,100, and on motion payment of this sum was allowed.

The engineers also presented estimate No. 2 of the Highway Construction company for materials and labor on sanitary sewer in Northwood Manor, the amount due being \$6,400 which was allowed.

On motion property owners on Burtis avenue were granted permit to pave that avenue, under direction of the city engineer. The Charles M. Porter company, on motion was allowed payment of \$1182.82 on contract for construction of water main in St. Johns avenue and Comstock place.

Council Reconvenes At this point the city council reconvened, and on motion of Commissioner Gourley, an ordinance was passed providing for construction of a connected system of sewers in Burton avenue, Pleasant avenue, Broadview avenue, Green Bay road, Roger Williams avenue, Highland place, Washington place, Blackstone place, Northmoor road, Flora place.

On motion of Commissioner Card an ordinance was passed providing for a connected system of sanitary sewers in County Line road, Green Bay road, Ridgewood drive, Braeside road, Marion avenue, Oak Grove avenue.

Tentative approval, on motion, was accorded a plat of J. C. Hovland's third addition to Highland Park, a plat of McKillip's Brian Lane subdivision of Lots 5, 6, 7 and 8, Block 14, and all of Block 18, Port Clinton addition, and part of Lot 6, Block 45.

Sidewalk Ordinances Ordinances were passed authorizing construction of cement sidewalks on the south side of Michigan avenue, in front of Lots 1 and 5, Brown's subdivision; south side of Michigan avenue, in front of Lot 1, Hubbard's subdivision, and on north side of Michigan avenue, in front of Lots 14, 15, 16 and 18, Pease's subdivision.

CHICAGO MAN IS KILLED BY DIVE

Neck Broken When He Plunges Into Lake at Beach, Here, Friday

George Haley, 5248 Montrose avenue Chicago, was instantly killed about 6 o'clock Friday evening, July 11, when he dived into water about six feet deep at the foot of Roger Williams avenue. His neck was broken at the third vertebra, an autopsy showed. An inquest was held Saturday at the office of the H. M. Prior company, and death was found due to this cause.

Haley was accompanied by his wife and daughter and two brothers-in-law. Witnesses were Albert Toll, 1031 North Drake avenue, Chicago, and George Hall, 2219 Tripp avenue, Chicago. The party had come to Highland Park for an outing. Haley, Hall said, was a strong swimmer and had often gone far out into the lake. As far as known the family has no relatives in this section. Burial was in Chicago.

SKOKIE DITCH IS PROGRESSING WELL

New Machine Used and Work in Charge of Mr. Carolan; Aids H. S. Field

Work has been resumed on the Skokie drainage ditch, and operations are now up to just south of the Deerfield road. This is of interest to high school officials and students, as it will make possible drainage of the new high school athletic field, which it is hoped to have ready for a skating pond next winter and all in complete condition for regular athletic work by the fall of 1925. A new machine is being used in the ditching operation which lays its own track as it goes, and progress is more rapid. The company's superintendent now in charge of the work is Mr. Carolan, son of John Carolan of Highland Park, under whose direction the work is going forward satisfactorily, it is reported.

FINE MAN WHOSE CAR HITS SHERIFF'S

Chicago Motorist Fails To Be In Court and Deputy Fetches Him

N. S. Lyman of Chicago, didn't take much interest in a notification of arrest that was handed him by Sheriff Ed. Ahlstrom June 29, after he had smashed into the official car on Loon Lake road, so it was necessary to send Deputy Harry Ahlstrom to Chicago last week to bring the venerable citizen into Justice Harry Hoyt's court. Lyman paid \$21 damages to the machine and was released. The motorist swung from around a string of cars, butting the sheriff's omnibus into the ditch and next to a barricade in the road. He was indignant and told the sheriff where to "head in" until he learned who he was talking to.

"SAFETY OR SORROW"

Here is a sign much in evidence, a slogan as applicable to financial matters as it is to transportation.

You enjoy SAFETY when your valuables are tucked away in one of the strong boxes of our wonderful Fire and Burglar proof vault. You are inviting SORROW when they are hidden under the mattress.

SAFETY means a Savings Account in this strong dependable bank or an investment in our bank-made First Mortgage Loans. SORROW follows a get-rich-quick transaction with the smooth tongued stranger. It is for you to make the choice.

MAY DISAPPOINT NOSEY NEIGHBORS

INCOME TAX PUBLICITY

The Curious Can't Obtain Information About Friends' Business Until Next Year Under Law

"Nosy" neighbors who are abashed with a desire to learn what return the fellow next door schedules as his income under the new revenue act are doomed to wait several months, and even then they probably will be disappointed. In many instances they are certain not to learn all they desire to know.

The publicity provision of the income tax law as incorporated in the revenue act of 1924 provides specifically that the returns by taxpayer be kept in the office of the collector in such a manner that public inspection is possible at all times during office hours. But this feature of the law cannot become effective until after the first returns are made on 1924 income March 15, 1925.

Only Amount Paid And under the law, only the amount paid is required to be made public. Consequently, if your neighbor has his money invested in non-taxable securities or if he has suffered heavy losses in business you probably will learn nothing of his affairs if you are curious enough to inspect his returns.

Mrs. Mabel Reinecke, collector for the Chicago district, said to-day that it had become evident that business will be "rushing" when the returns are open to the public. Already scores of persons, not knowing that the law in this respect was not made retroactive, are either phoning or calling in person to inquire how they can learn what income returns their friends made. All her office can do is to inform them that they must wait until after March 15 next year, and for a considerable time even after that, for the lists cannot be made up until the checks have gone through the banks. Also the lists themselves will require a great deal of work and time.

Little To Be Learned

A visitor to the collector's explained how, even with the returns open to inspection in many cases, little can be learned from them. An example was given. Two wealthy New York men filed their returns on the same day last year. Mr. A scheduled taxable incomes totaling more than \$100,000. Mr. B who was known to be equally wealthy and active in business returned an untaxable schedule. The explanation was simple. Mr. B had lost heavily in trading on the New York Exchange. He had taken in so little and paid out so much in his purchases that his taxable income had been wiped out completely.

Under the new law in a similar case all that the curious person could learn about Mr. B's affairs would be that he had returned an untaxable schedule. There would be nothing on the "public" list to indicate the transactions.

Some say that modesty is a lost art, but few women dare to show their ears.

It takes just as much time to do nothing as it does to build a house, wash the automobile or mow the lawn.

An undertaking is never difficult to the person who is willing to consider it so.

Specials in Vacant

We recommend lots in J. S. Hovland's 2nd Add. 51x143, \$750.00—10% cash, Bal. monthly without interest. Since this property has been annexed to Highland Park it is a good buy for your future home or investment.

CHILD IS INJURED WHEN HIT BY TRUCK

Little Daughter of Mr. and Mrs. Earl Purdy Suffers Severe Hurts in Accident

Dorothy Purdy, aged eight years, little daughter of Mr. and Mrs. Earl Purdy, was struck by Louis Berube's truck, about 10 o'clock Saturday morning, on Laurel avenue in front of the Odd Fellows hall. The child was severely bruised about the head and body and was unconscious for a time. She was taken to the hospital and is recovering satisfactorily.

As near as can be learned from witnesses, it is understood that the little girl and other children were playing, and that an ice wagon intervened between her and the truck, so that neither she nor the driver of the truck saw each other in time to avert an accident as she ran from behind the wagon, although it is understood that Mr. Berube made every possible effort to avert an accident.

Some men have to do all their own boasting away from home, which may account for them doing so much of it. Anyone can get out of trouble by the simple expedient of hitting upon the right plan.

The number of poorhouses in the United States has dropped in the past ten years. Wet newspapers please to copy.

WILLIAM M. REAY IS ELECTED DIRECTOR

Fills Vacancy Caused by Resignation of Anson C. Morgan

At the regular monthly board meeting of the Highland Park State bank, held on Thursday last, Mr. William M. Reay was elected a member of the board to fill the vacancy created by the resignation of Mr. Anson C. Morgan.

Mr. Reay's connection will further strengthen that official body and will bring business and prestige to the local institution.

Mr. Reay is one of our leading influential citizens. For years he has occupied a prominent official position with the International Harvester company. Briegleb Golf club has been successfully promoted by him. He is president of the high school board, owner of a beautiful home in Highland Park and the head of an interesting family.

Mr. Morgan leaves Highland Park to make his home in Georgia. He served on the Highland Park State bank board faithfully and efficiently for a period of 15 years.

People complain about the high price of gas for their cook stove, but never about the amount that it takes to run the automobile.
