BUILD BUICK CARS AT SEVERAL POINTS

Company Workmen on Tour of Country To Give Notable Demonstration

Monday, June 1, marked the beginning of a tour by Buick workmen across the continent on a motor truck which is especially built with platforms for the public exhibition which they will present.

The exhibition will consist of building a Buick car at each principal point enroute, driving the completed chassis from the platform on its own power after which a body will be mounted on it, and placing the same for sale in the town where it is built.

While this city is not one of those where a car is to be built, the caravan will pass through enroute on a date of which the local Buick representative will be advised.

GLENVIEW TAKES GAME FROM ELKS

WIN IN ELEVENTH FRAME

Much Excitement in Hard Battle Last Sunday Between Rival Teams; Pirates Here Next Sunday

After battling through 11 hectic innings, the local Elks team lost to the fast Glenview nine at Glenview last Sunday, in a game full of real excitement.

The famous Johnny Overlock was on the mound for Glenview and was nipped for eleven hits. Hessler twirled for Highland Park and allowed eight safeties.

The locals took an early lead, getting two runs in the first two innings. "Fork" Glader greeted Overlock with a triple. Glenview scored in the third. A pass to Does, a hit by Bauer, and errors by Kilby and Werner gave Glenview three runs in the sixth.

Hits by Kilby, F. Glader, who batted for G. Rudolph, Jacobs and a triple by Hessler tied the score in the ninth.

Glenview won in the eleventh on Gerken's triple and Sobey's single. Highland Park lost their chance to score in the tenth with men on second and third. F. Glader took three strikes and Sullivan grounded out. Bauer got two circuit cuts and a single while E. Glader got three hits.

Next Sunday the locals will take on the Chicago Pirates. "Lefty" McGraw, well known to fans of last year is slated to hurl for the Pirates.

THE CAFETERIA

will be open as usual on Highland Park Day, August 13th. Your friends eat their Sunday dinner here. Meet them here next Sunday.

Pitcher Monroe Mitchell has been traded by the Memphis, Southern league team, to Cleveland Americans for a player to be selected next spring. With old Dick Hoblitzell on the shelf as a result of a strained back, Jack Jeffries, a Princeton collegian, has taken his place at first base for Reading.

Dempsey may be a popular pastime, but it is a mean trick to play on somebody.

COUNTY FAIR NOW EDUCATION FACTOR

AIDS COUNTY & COUNTRY UNITE MISSION BOARDS

The county fair is an educational clearing house—an agricultural and industrial institute for residents of both the city and country. It is a short course to better farming, and provides practical pointers of great value to the city folks and enables them to come in actual contact with the real producers of most of life's necessities.

The modern county fair is a physical demonstration of why the man who farms with his head must inevitably succeed. Likewise it is a comprehensive exhibition of what the ambitious boy or girl may achieve in agriculture, live-stock raising, dairying, horticulture, gardening, domestic science or household economy.

The fair is an exposition of the marvelous improvement in farm machinery, agricultural implements and visualizes the modern methods and short cuts to longer profits now attainable by ambitious tillers of the soil. It is a wonderful object lesson in the great part which improved machinery plays in the development and cultivation of the farm and the increased prosperity to the farmer.

The chief educational value of the Cook County Fair, August 27 to September 1, lies in the fact that it is demonstrative in character. The eye is a more convincing instructor than the ear. We are slow to accept and believe in any new method until we have had optical proof of its superiority over the old.

But the Fair appeals to that trait of mankind which demands entertainment and amusement and becomes a common forum for the discussion and actual observation of all matters having to do with agriculture, industry, the home and the school.

In this great clearing house of education and inspiration the farmer learns what the manufacturer, the merchant, and the bankers are and have been doing to make his labor less arduous and his farm more profitable, and the city resident learns what rapid progress is being made in agriculture. A bond of common interest is thus created which means much to both city and country.

LUTHERAN CHURCH PLANS BIG MERGER

What promises to be the most important administrative merger of overlapping interests in the American Lutheran church will take place during the next two years if the plans of the executive board of the United Lutheran church in America are fully endorsed. The proposal, offered after much discussion at a recent meeting in Atlantic city, is to unite five great home or "domestic" mission boards into one organization, to be known as the Board of American Missions.

Propositions Being Considered By Denomination Would Add Efficiency and Reduce Cost

Organizations Affected

The present organizations which will be affected are the Board of Home Missions and Church extension, headquarters in Chicago; Rev. Dr. J. F. Seibert, president; the Northwestern Mission Board, headquarters in Brooklyn; Rev. Dr. E. G. J. Kraeling, president, working chiefly among the German speaking peoples of the central west and Canada; the Immigrant Board, headquarters in Pittsburgh; Rev. J. E. Bittle, president, working among Hungarians, Italians, Slovaks, Letts, Ests, and others from central and southeastern Europe; the West Indies Mission Board, headquarters in Philadelphia; Rev. Zenan M. Gorbe, executive secretary, working in the Virgin Islands and among the Spanish speaking negroes of our insular possessions; and the Jewish Mission committee, headquarters in Philadelphia; Rev. F. O. Evers, president, which maintains work in four American cities.

Subject to Approval

The recommendation will be subject to the approval or rejection of delegates representing 1,200,000 members of the United Lutheran church in the United States and Canada, meeting in biennial convention of that body in Chicago, October 21-30. It is anticipated that considerable discussion will ensue when the plan is presented on the convention floor. The present division of authority and responsibility had its origin in the old general council, one of the three national bodies which united in 1918 to form the present United Lutheran church. That body had organized its work so that each board or committee was assigned one task only instead of general supervision of a whole field of labor. It is this method which is now declared to be inadequate to the growing needs of the larger body. The United Lutheran church comprises about one-third of the Lutheran church members in Canada and the United States, and is the largest individual body of that denomination.

Pat Hargrave, infielder, who has been with the Bridgeport, Conn., team of the Eastern league, has been purchased by Mobile, Southern association, from the Boston Red Sox.

George Cummings, an English walker, will compete in a race from London to York, England, against a horse. Selecting the next victim for Jack Sid Barbarian, the Detroit lightweight who made a good impression on his first appearance in a New York ring, is an American by-birth.

\$10,000 DAMAGE IN FIRE AT WINNETKA

Coal and Lumber Co. and Garage Suffer Loss, Former Most Serious

A blaze discovered in the lime and cement shed of the Winnetka Coal and Lumber company at 9:10 o'clock, last Thursday night, kept the fire department there busy until midnight, when they were called to the Richardson garage where a little conflagration in the old frame building once used as the Richardson livery stable was subdued in a few minutes.

The flames at the Winnetka Coal and Lumber company's plant between the North Western and North Shore tracks spread to the adjoining coal sheds of E. C. Weissenberg. The total damage at these places was roughly estimated at \$10,000, Friday morning; that at the Richardson place is trifling, according to the Winnetka Talk.

NEW PHONE BOOK BIG IMPROVEMENT

Names Arranged by Towns And Type Larger; Increased Convenience

In the new directory for the North Shore just issued by the Illinois Bell Telephone company there are several marked improvements which add to the convenience of its use by patrons. In the first place the names and addresses of patrons are classified by towns, instead of all names from all towns being arranged in a continuous alphabetical list. This is a great improvement and makes it easier for a subscriber to find a name promptly.

In addition there are only two columns to the page and the type is larger than in former directories. Altogether the new directory is a marked advance in many ways over former North Shore telephone lists.

BOY BANDIT SAYS HE'LL SHOOT JUDGE

One of Quartet of Youthful Robbers Sentenced to School Of Correction

"I'm going to put a lead through that judge when I get out of St. Charles," declared Joseph Tyrcha, 13-year-old bandit, when Judge Perry L. Persons ordered him sent to the school for correction of boys last week.

Tyrcha had just been given a hearing following his capture a week ago, together with three other lads of about his own age, after they had robbed two confectionery stores at Diamond Lake and were planning to hold up Mrs. Frank Johnson while she was on her way to her husband's store, according to charges made to the sheriff's office.

Tyrcha and Edward Saltzman are alleged to be the two toughest eggs that ever were arraigned in the juvenile court. Saltzman admitted being implicated in many thefts and robberies in Chicago and Evanston. The two boys, together with Matthew Konko and Frank Pruck, were surrounded in a hay field after they had held a posse of farmers at bay with a revolver. Pruck is charged with having threatened to kill the first person who attempted to take a step toward them.

Deputy Sheriff Walter Stark, succeeded in arresting the boys by firing several shots into the grass where they had concealed themselves. They surrendered.
